Recomendo Mark Frauenfelder, Claudia Dawson, Kevin Kelly, 2018-11-06 Every week for the past two years we briefly recommend 6 things to our friends in free email newsletter called Recomendado. This book features the best of those recommendations. Sometimes we suggest tools, but most items aren't tools. Rather we recommend stuff such as our favorite places to visit, things to watch or listen to, favorite stuff to eat, as well as tips for work or home, and techniques we've learned, quotes we like to remember, and so on. This autumn we collected, filtered and organized 550 of the best recommendations and put them into a book, called naturally enough, Recomendado. The book is 95 jam-packed pages. We've categorized the recommendations, grouping like with like. Having all the workflow tips, or household suggestions, or workshop tools, or travel recommendations all in one place is super handy. There's an index and subject guide. Many of the items have an illustration. To make up for the fact that a book can't have links, we've added QR codes, so you can instantly get a link with your phone. Everyone who has picked the book up has found something cool for them on the first page and they keep turning the pages for more.

Bone Jeff Smith, 2005 Fone Bone and his cousins plan to return home after visiting the village of Barrelhaven with Thorn and Gran'ma Ben. Book #2.

Dropped Names Frank Langella, 2012-03-27 Rita Hayworth dancing by candlelight; Elizabeth Taylor tenderly wrapping him in her Pashmina scarf; streaking for Sir Laurence Olivier in a drafty English castle; terrifying a dozing Jackie Onassis; carrying an unconscious Montgomery Clift to safety on a dark New York street... Captured forever in a unique memoir, Frank Langella's

myriad encounters with some of the past century's most famous human beings are profoundly affecting, funny, wicked, sometimes shocking, and utterly irresistible. With sharp wit and a perceptive eye, Mr. Langella takes us with him into the private worlds and privileged lives of movie stars, presidents, royalty, literary lions, the social elite, and the greats of the Broadway stage. We learn something, too, of Mr. Langella's personal journey from the age of fifteen to the present day. *Dropped Names* is, like its subjects, riveting and unforgettable.

Handbook for Mortals Lani Sarem, 2017-08-15 Zade Holder has always been a free-spirited young

woman, from a long dynasty of tarot-card readers, fortunetellers, and practitioners of magick. Growing up in a small town and never quite fitting in, Zade is determined to forge her own path. She leaves her home in Tennessee to break free from her overprotective mother Dela, the local resident spellcaster and fortuneteller. Zade travels to Las Vegas and uses supernatural powers to become part of a premiere magic show led by the infamous magician Charles Spellman. Zade fits right in with his troupe of artists and misfits. After all, when everyone is slightly eccentric, appearing 'normal' is much less important. Behind the scenes of this multimillion-dollar production, Zade finds herself caught in a love triangle with Mac, the show's good-looking but rough-around-the-edges technical director and Jackson, the tall, dark, handsome and charming bandleader. Zade's secrets and the struggle to choose between Mac or Jackson creates reckless tension during the grand finale of the show. Using Chaos magick, which is known for being unpredictable, she tests her abilities as a spellcaster farther than she's ever tried and finds herself at death's door. Her fate is left in the hands of a mortal who does not believe in a world of real magick, a fortuneteller who knew one day Zade would put herself in danger and a dagger with mystical powers--Amazon.com

Dear Data Georgia Lupi, Stefanie

Posavec, 2016-09-13 Equal parts mail art, data visualization, and affectionate correspondence, Dear Data celebrates the infinitesimal, incomplete, imperfect, yet exquisitely human details of life, in the words of Maria Popova (Brain Pickings), who introduces this charming and graphically powerful book. For one year, Georgia Lupi, an Italian living in New York, and Stefanie Posavec, an American in London, mapped the particulars of their daily lives as a series of hand-drawn postcards they exchanged via mail weekly—small portraits as full of emotion as they are data, both mundane and magical. Dear Data reproduces in pinpoint detail the full year's set of cards, front and back, providing a remarkable portrait of two artists connected by their attention to the details of their lives—including complaints, distractions, phone addictions, physical contact, and desires. These details illuminate the lives of two remarkable young women and also inspire us to map our own lives, including specific suggestions on what data to draw and how. A captivating and unique book for designers, artists, correspondents, friends, and lovers everywhere.

The UNIX-haters Handbook Simson Garfinkel, Daniel Weise, Steven Strassmann, 1994 This book is for all people who are forced to use UNIX. It is a humorous book--pure entertainment--that maintains that UNIX is a computer virus with a user

interface. It features letters from the thousands posted on the Internet's UNIX-Haters mailing list. It is not a computer handbook, tutorial, or reference. It is a self-help book that will let readers know they are not alone.

Telling Time Jules Older, 2020-12-15 Telling time becomes clear and easy for young readers in this bright and lively introduction to measurements of time. From seconds to minutes, hours to days, exploring what time is and discovering why we need to tell time, helps young readers understand more than 'the big hand is on the one and the little hand is on the two'. Megan Halsey's playful illustrations depict imaginative digital and analog clocks that range in design. With the help of a whole lot of clocks, a dash of humor, and a few familiar circumstances, learning to tell time is a lot of fun. It's about time.

The Marzipan Pig Russell Hoban, 2016-10-04 Who but Russell Hoban could weave a tale of life's pleasures and pain around a candy pig? And who but Quentin Blake could make the most poignant of stories so lighthearted and delightful? In this episodic picture book by an inimitable author-illustrator duo, a fantastic chain of events is triggered by the unacknowledged fall of a marzipan pig behind the sofa. We meet in quick succession a heartsick mouse, a lonely grandfather clock, an owl in love with a taxi meter, a worker bee, a fading hibiscus flower, a mouse who greets the dawn dancing, and finally a boy who guesses at the true relations between things. Appealing to the unsentimental yet sensitive nature of children, *The Marzipan Pig* is exquisitely attuned to the bittersweet wonder of life and to the sentience of all beings.

Born a Crime Trevor Noah, 2016-11-15 #1 NEW YORK TIMES BESTSELLER • More than one million copies sold! A "brilliant" (Lupita Nyong'o, *Time*), "poignant" (*Entertainment Weekly*), "soul-

nourishing" (USA Today) memoir about coming of age during the twilight of apartheid "Noah's childhood stories are told with all the hilarity and intellect that characterizes his comedy, while illuminating a dark and brutal period in South Africa's history that must never be forgotten."—Esquire Winner of the Thurber Prize for American Humor and an NAACP Image Award • Named one of the best books of the year by The New York Time, USA Today, San Francisco Chronicle, NPR, Esquire, Newsday, and Booklist Trevor Noah's unlikely path from apartheid South Africa to the desk of The Daily Show began with a criminal act: his birth. Trevor was born to a white Swiss father and a black Xhosa mother at a time when such a union was punishable by five years in prison. Living proof of his parents' indiscretion, Trevor was kept mostly indoors for the earliest years of his life, bound by the extreme and often absurd measures his mother took to hide him from a government that could, at any moment, steal him away. Finally liberated by the end of South Africa's tyrannical white rule, Trevor and his mother set forth on a grand adventure, living openly and freely and embracing the opportunities won by a centuries-long struggle. Born a Crime is the story of a mischievous young boy who grows into a restless young man as he struggles to find himself in a world where he was never supposed to exist. It is also the story of that young man's relationship with his fearless, rebellious, and fervently religious mother—his teammate, a woman determined to save her son from the cycle of poverty, violence, and abuse that would ultimately threaten her own life. The stories collected here are by turns hilarious, dramatic, and deeply affecting. Whether subsisting on caterpillars for dinner during hard times, being thrown from a moving car during an attempted kidnapping, or just trying to survive the life-and-death pitfalls of

dating in high school, Trevor illuminates his curious world with an incisive wit and unflinching honesty. His stories weave together to form a moving and searingly funny portrait of a boy making his way through a damaged world in a dangerous time, armed only with a keen sense of humor and a mother's unconventional, unconditional love.
