Cinematic Poetics of Guilt Matthias Grotkopp,2021-01-18 How do the temporal and dynamic patterns of media forms and practices create complex constructions of meaning, identity and value? How can we describe the way cinematic images generate and transform the affectively grounded structures that survey, confirm or revise a political community's horizon of values? Using the exemplary case of feelings of guilt, the author develops an approach that makes patterns of audiovisual compositions intelligible as aesthetic modulations of moral feelings. A sense of guilt is presented here as neither an individualistic psychological emotion nor an external social mechanism of control but as a paradigmatic case for understanding politics and history as based upon embodied affectivity and shared relations to the world. By taking three distinct examples - German Post-War cinema, Hollywood Western and films on climate change - patterns of audiovisual composition and the inherent calculation of affect are analyzed as practices shaping the conditions of possibility of political communities and their historicity.

American Hangman Tobin T. Buhk,2022-09-19 In the 1890s, Amos Lunt served as the San Quentin hangman, tying the nooses that brought the most dangerous criminals in the Wild West to their deaths. A former police chief who became the hangman of San Quentin due to an unfortunate turn of events, Lunt stood on the gallows alongside bank robbers, desperadoes and assassins for five years. This book follows Lunt's trail from the Santa Cruz police department to the State Prison. Covering his interesting friendship with a series of death row inmates and the gradual deterioration of his sanity, it is a one-of-a-kind biography that details an American executioner. Also profiled are his subjects--20 of the West's most heinous criminals--as well as Lunt's preparations for their hangings and their final moments on the gallows.

All is not simply fun and games in Curtis' rite of passage as he becomes aware of the profound impact that water holds on his family and environment of the state of California. Through personal experiences, Curtis shares basic facts with the reader such as the following: it takes five gallons of water for a walnut to reach market; a levee is reinforced with junked cars for eight miles to save the agricultural fields; or there is only one river in the U.S that has not been dammed, the Yellowstone. Through the supportive, enlivened narrative of his family, friends, and acquaintances, Curtis weaves a compelling story that includes his establishing a school for challenged youth. As the main character, Lou, processes the gathered information, Lou takes a radical stand to confront the abuses that impact our socioeconomic culture. The novel culminates in a violent conclusion, to which the reader is asked, What would you do?

A Hangman's Diary Franz Schmidt,2015-02-03 From 1573 to 1617, Master Franz Schmidt was the executioner for the towns of Bamberg and Nuremberg. During that span, he personally executed more than 350 people while keeping a journal throughout his career. A Hangman's Diary is not only a collection of detailed writings by Schmidt about his work, but also an account of criminal procedure in Germany during the Middle Ages. With analysis and explanation, editor Albrecht Keller and translators C. Calvert and A. W. Gruner have put together a masterful tome that sets the scene of execution day and puts you in Master Franz Schmidt's shoes as he does his duty for his country. Originally published more than eighty years ago, A Hangman's Diary gives a year-by-year breakdown on all of Master Schmidt's executions, which include hangings, beheadings, and other methods of murder, as well as explanations of each crime and the reason for the punishment. An incredible classic, A Hangman's Diary is more than a history lesson; it shows the true anarchy that inhabited our world only a few hundred years ago. Skyhorse Publishing, as well as our Arcade imprint, are proud to publish a broad range of books for readers interested in history--books about World War II, the Third Reich, Hitler and his henchmen, the JFK assassination, conspiracies, the American Civil War, the American Revolution, gladiators, Vikings, ancient Rome, medieval times, the old West, and much more. bestseller, we are committed to books on subjects that are sometimes overlooked and to authors whose work might not otherwise find a home.

The Hangman's Song James Oswald, 2015-01-06 An Edinburgh detective suspects a rash of apparent suicides is something more sinister in this Scottish mystery thriller by the author of *Book of Souls*. The body of a man is found hanging in an empty house. To the Edinburgh police force, this is a simple suicide case. But something about the scene strikes Detective Inspector Tony McLean as being off. Days later another body is found hanging from an identical rope, with a noose tied in the identical way. McLean is convinced that these people are either being murdered or somehow coerced into taking their own lives. Then a third body is found. Under pressure from his superiors to wrap the case up quickly and neatly, McLean must also deal with the fallout of his last big investigation—not to mention the difficult trials of his personal life. But the deeper McLean digs, the more he comes to believe that something evil is stalking Edinburgh's streets. He just hopes he can stop it before someone else succumbs to the hangman's song.

"Hang Them All" Donald L. Cutler, 2016-07-15 Col. George Wright's campaign against the Yakima, Spokane, Coeur d'Alene, Palouse, and other Indian peoples of eastern Washington Territory was intended to punish them for a recent attack on another U.S. Army force. Wright had once appeared to respect the Indians of the Upper Columbia Plateau, but in 1858 he led a brief war noted for its violence, bloodshed, and summary trials and executions. Today, many critics view his actions as war crimes, but among white settlers and politicians of the time, Wright was a patriotic hero who helped open the Inland Northwest to settlement. "Hang Them All" offers a comprehensive account of Wright's campaigns and explores the controversy surrounding his legacy. Over thirty days, Wright's forces defeated a confederation of Plateau warriors in two battles, destroyed their food supplies, slaughtered animals, burned villages, took hostages, and ordered the hanging of sixteen prisoners. Seeking the reasons for Wright's turn toward mercilessness, Cutler asks hard questions: If Wright believed he was limiting further bloodshed, why were his executions so gruesomely theatrical and cruel? How did he justify destroying food supplies and villages and killing hundreds of horses? Was Wright more violent than his contemporaries, or did his actions reflect a broader policy of taking Indian lands and destroying Native cultures? Stripped of most of their territory, the Plateau tribes nonetheless survived and preserved their cultures. With Wright's reputation called into doubt, some northwesterners question whether an army fort and other places in the region should be named for him. Do historically based names honor an undeserving murderer, or prompt a valuable history lesson? In examining contemporary and present-day treatments of Wright and the incident, "Hang Them All" adds an important, informed voice to this continuing debate.
