**Scarlet and the Beast I** John Daniel, 2023-02-26 My research has revealed that there are two separate and opposing powers in Freemasonry. One, headquartered in London, subscribes to and promotes an idolatrous and pantheistic view of the world. It is monarchist, capitalistic, wealthy, right-wing. The other, in Paris, is atheistic and humanistic in origin and outlook. It is republican, socialist, poor, left-wing. One is Scarlet. The other, the Beast. The breakthrough theory which I have developed with Scripture as my guide makes sense of the massive literature I have collected on Freemasonry as well as its apparent contradictions. My library includes books written by members of and defectors from both English and French Freemasonry. At the beginning of my research,

like many other revisionist authors, I thought revisionist authors were reporting one single plot. I gradually realized that many authors were exposing what in reality were often the machinations of one group of conspirators against the other. The devices of both wings of Masonry were so similar that without Scripture as a guide, one could easily perceive only a single intrigue. This interesting twist in the historical drama, confirmed again and again by my research, points to the existence of a struggle between the two powers in Freemasonry. Although revisionist authors are supposedly concerned about one plot, I noticed that all exposes pointed to Paris as the center of an intrigue before World War I. After the War, however, evidence points to the shift of intrigue to London. I will explain this shift in the course of this book.

**The Greek Tyrants** A. Andrewes, 2023-10-27 First Published in 1956 The Greek Tyrants is concerned primarily with an early period of Greek history, when the aristocracies which ruled in the eighth and seventh centuries were losing control of their cities and were very often overthrown by a tyranny, which in its turn gave way to the oligarchies and democracies of the classical period. The tyrants who seized power from time to time in various cities of Greece are analogous to the dictators of our own day and represented for the Greeks a political problem which is still topical: whether it is ever advantageous for a State to concentrate power in the hands of an individual. Those early tyrannies are an important phase of Greek political development: the author discusses here the various military, economic, political, and social factors of the situation which produce them. The book thus forms an introduction to the central period of Greek political

history and will be of interest to scholars and researchers of political thought, ancient history, and Greek philosophy.

Of Tyrants & Tellers Sonny Arvado,2017-09-09 Of Tyrants & Tellers is the book that this generation of men needs now more than ever. Take a look around and you will notice that the modern man is a soft, emasculated pansy lacking decisiveness and drive. But

why? What exactly happened to the modern man? He was destroyed by a two-front attack: chemical and cultural warfare. This is no accident but rather a purposefully designed operation that has been implemented on a mass scale. The war on men is a known reality and it will bring about the end of civilization unless something is done about it. ENTER OF TYRANTS & TELLERS. This work is a new beginning for both the individual and civilization. Mankind has always flourished under the leadership of builders. So that's what this work challenges you to do. Build. Civilization and the individual are linked by their need for infrastructure and culture. Without infrastructure and culture, both are doomed to collapse... In Part I, you will learn: \* the power of culture \* how to change culture \* the exact reason why there is a war on men \* how Hollywood destroys masculinity via mass programming \* how sex is weaponized to enslave you In Part II, you will take massive action and accomplish the following: \* develop an understanding of your role in civilization \* destroy the poisonous programming that has held you back \* start a new culture based on powerful words and mindsets \* Build a strong body with The Of Tyrants & Tellers Weightlifting Program (contains 44 pictures) \* Win the war against compression with a total body movement daily routine (contains 27 pictures) \* Deweaponize sex and destroy the pornography psyop once and for all Pride. Precision. Professionalism. This is the new way of things. Make this your story where you are the hero.
