Boyhood ,2014-11-01 In 2002, director Richard Linklater and a crew began filming the "Untitled 12-Year Project." He cast four actors (Patricia Arquette, Ethan Hawke, Ellar Coltrane, and Lorelei Linklater) in the role of a family and filmed them each year over the next dozen years. Supported by IFC Productions, Linklater, cast, and crew began the commitment of a lifetime that became the film, Boyhood. Seen through the eyes of a young boy in Texas, Boyhood unfolds as the characters—and actors—age and evolve, the boy growing from a soft-faced child into a young man on the brink of his adult life, finding himself as an artist. Photographer Matt Lankes captured the progression of the film and the actors through the lens of a 4x5 camera, creating a series of arresting portraits and behind-the-scenes photographs. His work documents Linklater's unprecedented narrative that used the real-life passage of years as a key element to the storytelling. Just as Boyhood the film calls forth memories of childhood and lures one into a place of self-reflection, Boyhood: Twelve Years on Film presents an honest collection of faces, placed side-by-side, that chronicles the passage of time as the camera connects with the cast and crew on an intimate level. Revealing, personal recollections by the actors and filmmakers accompany the photographs.

Misshapes Greg Krelenstein, Misshapes, 2007 The biggest party in New York these days is called MisShapes - a haven for the city's youth culture, run by three young DJs who've been compared to Andy Warhol and his Factory. They've gained international cult status, and their website is used by thousands as a guide to the latest styles, trends and art. This extensive collection of portraits ranges from punk rockers to artists, downtown kids to musicians and celebrities including Madonna and Michael Stipe, all posed amidst the scene's dense and riotous environment. Documenting style, fashion and attitude!
