Life Without Children Roddy Doyle,2022-02-22 “[Doyle] imparts a sense of poignancy and glimpses of happiness, of grief and loss and small moments of connection . . . you’re left feeling close to dazzled.”

—Daphne Merkin, New York Times Book Review A brilliantly warm and witty portrait of our pandemic lives, told in ten heartrending short stories, from the Booker Prize–winning author of Paddy Clarke Ha Ha Ha Love and marriage. Children and family. Death and grief. Life touches everyone the same. But living under lockdown, it changes us alone. In these ten beautifully moving short stories written mostly over the last year, Booker Prize winner Roddy Doyle paints a collective portrait of our strange times. A man abroad wanders the stag-and-hen-strewn streets of Newcastle, as news of the virus at home asks him to question his next move. An exhausted nurse struggles to let go, having lost a much-loved patient in isolation. A middle-aged son, barred from his mother’s funeral, wakes to an oncoming hangover of regret. Told with Doyle’s signature warmth, wit, and extraordinary eye for the richness that underpins the quiet of our lives, *Life Without Children* cuts to the heart of how we are all navigating loss, loneliness, and the shifting

of history underneath our feet.

The GAA John Scally, 2011-04-01 For 125 years, the GAA has been a fixed point in a fast-changing age, and this oral history marks the 125th anniversary of the Association. It is the story of the GAA as seen through the eyes of those key personalities who shaped it. Author Jon Scally has carried out over a hundred revealing interviews with players and managers who are synonymous with the Games, including Babs Keating, Jimmy Barry-Murphy, Ger Loughnane, D.J. Carey, Liam Griffin, Mick O'Dwyer, Colm O'Rourke, John O'Mahony, Joe Brolly and Matt Connor, and these contributions offer a unique eyewitness testimony to the dramas that captivated, enthralled and occasionally infuriated the nation both on and off the pitch. The book sheds new light on high-profile controversies, offers new insights into the players and personalities that linger long in the memory and presents a fresh look at the epic contests that turned Ireland's Games into a national soap opera. The GAA: An Oral History is a celebration of the good, the bad and the beautiful of Gaelic Games, and is a must for all sports fans.

Time Pieces John Banville, 2018-02-27 From the internationally acclaimed and Man Booker Prize-winning author of *The Sea* and the Benjamin Black mysteries--a vividly evocative memoir that unfolds around the author's recollections, experience, and imaginings of Dublin. As much about the life of the city as it is about a life lived, sometimes, in the city, John Banville's quasi-memoir is as layered, emotionally rich, witty, and unexpected as any of his novels. Born and bred in a small town a train ride away from Dublin, Banville saw the city as a place of enchantment when he was a child, a birthday treat, the place where his beloved, eccentric aunt lived. And though, when he came of age and took up residence there, and the city became a frequent backdrop for his dissatisfactions (not playing an identifiable role in his work

until the Quirke mystery series, penned as Benjamin Black), it remained in some part of his memory as fascinating as it had been to his seven-year-old self. And as he guides us around the city, delighting in its cultural, architectural, political, and social history, he interweaves the memories that are attached to particular places and moments. The result is both a wonderfully idiosyncratic tour of Dublin, and a tender yet powerful ode to a formative time and place for the artist as a young man.

Interactive Storytelling Rebecca Rouse, Hartmut Koenitz, Mads Haahr, 2018-11-26 This book constitutes the refereed proceedings of the 11th International Conference on Interactive Digital Storytelling, ICIDS 2018, held in Dublin, Ireland, in December 2018. The 20 revised full papers and 16 short papers presented together with 17 posters, 11 demos, and 4 workshops were carefully reviewed and selected from 56, respectively 29, submissions. The papers are organized in the following topical sections: the future of the discipline; theory and analysis; practices and games; virtual reality; theater and performance; generative and assistive tools and techniques; development and analysis of authoring tools; and impact in culture and society.

Court Performance Around the World Maria Dakolias, 1999-01-01 World Bank Technical Paper no. 430. QUOTE Many countries are undertaking legal and judicial reforms as part of their overall development programs; there is increasing recognition that economic and social progress requires consolidation of democracy as well as respect for the rule of law and human rights; without these development is not

sustainable. QUOTE Many developing countries find that their judiciaries are inconsistent in conflict resolution and carry a large backlog of cases, thus stifling private-sector growth, eroding individual and property rights, and perhaps even violating human rights. Delays affect both the fairness and the efficiency of the system. They impede the public's access to the courts, which, in effect, weakens democracies, the rule of law and the ability to enforce human rights. This paper aims to describe and explain the performance of court systems in a sample of developing and developed countries in order to provide data to those designing or evaluating reforms. The study also seeks to show areas in which international comparison of judicial performance can be fruitful, suggesting indicators that can be used in such comparisons. Finally, it endeavors to provide comparisons of performance within individual countries over time.

Czech Republic ,1999-01-01 Summary of Main Report. At the end of 1995, the Czech Republic was regarded as the clearest success story in the region. It had one of the lowest rates of inflation and the lowest rates of unemployment. The high GDP growth rate looked sustainable, as it was accompanied by a moderate current account deficit, balanced fiscal account and seemed to be underpinned by important structural reform. --From the Main Report The Czech Republic was perceived until 1996 as the most successful transition economy in Central and Eastern Europe (CEE). The Czech Republic seems to be the clearest success story in the region. However, the Czech miracle came to a halt in May 1997. Its future economic development and successful integration into the European Union (EU) depends critically on its capacity to recover a sustainable output growth path. To assist the country in achieving its primary goal to

join the European Union (EU) in the shortest period of time, this report analyzes economic developments in the Czech Republic since 1997. It focuses on assessing the status of the Czech Republic's economy from the perspective of its pursuit for EU membership. The report is composed of two volumes. The first volume is the summary report that condenses main findings and conclusions. The second volume is the main report. It provides the assessment and technical study of selected key sectors of the Czech economy. The EU accession process dominates the sector analyses, which are outlined in each chapter. Also available: Czech Republic: Toward EU Accession (Main Report). World Bank Country Study. 1999. 344 pages. Stock no. 14590 (ISBN 0-8213-4590-7).

Ecuador Gender Review Maria Correia, Bernice van Bronkhorst, 2000 Although Ecuador has made considerable strides in addressing gender issues over the years, gender continues to be an important development issue. While access to family planning methods has increased in general, the availability of contraceptives remains limited for the poor. As more women enter the labor force, wage gaps based on gender persist. Ecuador's strong civil society movement puts gender on the public agenda, but land distribution by the government continues to be biased toward men. This report brings to light the most salient gender issues affecting Ecuador's social and economic development today. Its purpose is to reduce gender inequalities in Ecuadoran society and to improve the effectiveness of Ecuador's social and economic development programs. Gender in this report pertains to both men and women and refers to the different experiences, preferences, needs, opportunities and constraints men and women face because of socially ascribed gender roles and expectations. The report contains an overview of gender issues and trends with

special attention to the rural sector where almost half the population lives. The authors recommend an overall strategy and priority actions to improve conditions. This report will be of interest to government officials, nongovernmental organizations, academics, and civil society.

The Best is Yet to Come Alan O'Mara, 2016-09-01 Three years ago, when Cavan footballer Alan O'Mara was twenty-two, he spoke out about his battle with depression which led him to contemplate suicide. Only the thought of his parents and the pain that they would experience in his death prevented him from taking his own life. Now, in *The Best is Yet to Come*, he tells his story. From the role the GAA played in his life, to the decision he made to share his journey, this is an account of an ordinary young man, a GAA star, who found a way to move past the dark thoughts that beset his mind during his worst days, and who discovered that the only way out of the darkness is to ask for help. 'In summoning his courage and becoming the first active inter-county player to speak of his experiences with depression, Alan O'Mara gives a much needed voice to an aspect of human experience that has been cloaked in silence and stigma. This book, which is needed now more than ever, gives a rare glimpse into the complex inner world of depression and will give hope to those suffering in silence, guidance to those seeking solutions and inspiration for families and friends supporting loved ones.'
