Through the Heart of the Jungle Jonathan Emmett,2003 This is the crocodile with the wide gaping jaws, that snapped at the toad with the big googly eye, that gulped down the spider, that gobbled the fly that buzzed through the heart of the jungle. Rhythmic lyrics and lush artwork are the cornerstones of this jungle themed progressive story about who started the chain of events that led to the flyand-- who buzzed through the heart of the jungleand-- getting gobbled up. Through The Heart Of The Jungle Jonathan Emmett,2003-03-01 A cumulative rhyme in which a fly is gobbled by a spider, which is then gulped by a frog, and so on until the king of beasts himself makes an appearance.

The Puma Years Laura Coleman,2021-06 In this rapturous memoir, writer and activist Laura Coleman shares the story of her liberating journey in the Amazon jungle, where she fell in love with a magnificent cat who changed her life. Laura was in her early twenties and directionless when she quit her job to backpack in Bolivia. Fate landed her at a wildlife sanctuary on the edge of the Amazon jungle where she was assigned to a beautiful and complex puma named Wayra. Wide-eyed, inexperienced, and comically terrified, Laura made the scrappy, make-do camp her home. And in Wayra, she made a friend for life. They weren't alone, not with over a hundred quirky animals to care for, each lost and hurt in their own way: a pair of suicidal, bra-stealing monkeys, a frustrated parrot desperate to fly, and a pig with a wicked sense of humor. The humans, too, were cause for laughter and tears. There were animal whisperers, committed staff, wildly devoted volunteers, handsome heartbreakers, and a machete-wielding prom queen who carried Laura through. Most of all, there was the jungle--lyrical and alive--and there was Wayra, who would ultimately teach Laura so much about love, healing, and the person she was capable of becoming. Set against a turbulent and poignant backdrop of deforestation, the illegal pet trade, and forest fires, *The Puma Years* explores what happens when two desperate creatures in need of rescue find one another.

Ground Sea Hilde Van Gelder,2021-09-15 Imagine a world in which each individual has a fundamental right to be reborn. This idle dream haunts Hilde Van Gelder's associative travelogue that takes Allan Sekula's sequence *Deep Six / Passer au bleu* (1996/1998) as a touchstone for a dialogue with more recent artworks zooming in on the borderscape near the Channel Tunnel, such as those by Sylvain George and Bruno Serralongue. Combining ethnography, visual materials, political philosophy, cultural geography, and critical analysis, *Ground Sea* proceeds through an innovative methodological approach. Inspired by the meandering writings of W.G. Sebald, Javier Marías, and Roland Barthes, Van Gelder develops a style both interdisciplinary and personal. Resolutely opting for an aquatic perspective, *Ground Sea* offers a powerful meditation on the indifference of an increasingly divided European Union with regard to considerable numbers of persons on the move, who find themselves stranded close to Calais. The contested Strait of Dover becomes a microcosm where our present global challenges of migration, climate change, human rights, and neoliberal surveillance technology converge. A Family Is a Family Is a Family Sara O'Leary,2020-07-10 When a teacher asks her class to think about what makes their families special, the answers are all different, but the same in one important way ... When a teacher asks the children in her class to think about what makes their families special, the answers are all different in many ways — but the same in the one way that matters most of all. One child is worried that her family is just too different to explain, but listens as her classmates talk about what makes their families special. One is raised by a grandmother, and another has two dads. One has many stepsiblings, and another has a new baby in the family. As her classmates describe who they live with and who loves them — family of every shape, size and every kind of relation — the child realizes that as long as her family is full of caring people, it is special. A warm and whimsical look at many types of families, written by award-winning author Sara O'Leary, with quirky and sweet illustrations by Qin Leng. Origin Jessica Khoury,2012-09-04 Pia has always known her destiny. She is meant to start a new race, a line of descendants who will bring an end to death. She has been bred for no other purpose, genetically engineered to be immortal and raised by a team of scientists in a secret compound hidden deep in the Amazon rainforest. Now those scientists have begun to challenge her, with the goal of training her to carry on their dangerous work. For as long as she can remember, Pia's greatest desire has been to fulfill their expectations. But then one night she finds a hole in the impenetrable fence that surrounds her sterile home. Free in the jungle for the first time in her life, Pia meets Eio, a boy from a nearby village. Unable to resist, she continues sneaking out to see him. As they fall in love, they begin to piece together the truth about Pia's origin—a truth with nothing less than deadly consequences that will change their lives forever. *Origin* is a beautifully told, electric new way to look at an age-old desire: to live forever. But is eternal life worth living if you can't spend it with the one you love?
