Hide My Eyes Margery Allingham, 2023-04-28 Private detective Albert Campion hunts a serial killer in London's theatre district, in this crime novel from "the best of mystery writers" (The New Yorker). A spate of murders leaves Campion with only two baffling clues: a left-hand glove and a lizard-skin letter-case. These minimal leads, and a series of peculiar events, set the gentleman sleuth on a race against time that takes him from an odd museum of curiosities hidden in a quiet corner of London to a scrapyard in the East End. Margery Allingham shows her dark edge in *Hide My Eyes* and evokes the sights, sounds, and inimitable atmosphere of 1950s London, once again proving

herself “one of the finest ‘golden age’ crime novelists” (Sunday Telegraph). “Allingham has that rare gift in a novelist, the creation of characters so rich and so real that they stay with the reader forever.” —Sara Paretsky “Allingham’s characters are three-dimensional flesh and blood, especially her villains.”

Two Wings to Hide My Face Penny Mickelbury, 2023-12-05
Award-winning author and journalist Penny Mickelbury returns to pre-Civil War Philadelphia to continue the powerful saga of Genie Oliver and Abigail Read. In 1857 the US Supreme Court ruled that Blacks were not—and could never be citizens. Black lives were already in peril from the hooligans who would capture and sell them South under the protection of the Runaway Slave Act, even if they weren't runaway slaves. By 1861 Southern states spoke openly of seceding from the Union to form the Confederate States and protect what they believed was their right to own slaves. If the South were to win, slavery would become the law of the land. So for many Blacks, leaving was the only option. Genie Oliver, who frequently dresses as a man to move about the city, is no longer safe in her disguise. White people find themselves just as imperiled for providing any assistance to Blacks—which means that the former Pinkerton’s agent Ezra MacKaye, his fiancé Ada Lawrence, and heiress Abigail Read, are in as much danger as Genie and her friends, the Juniper family. Not knowing what to expect, Ezra, Ada, and the Juniper family join Genie and Abigail as they pack up their lives and head to Canada. Their goal is to stay at least one step ahead of the brutalities of the uncivil war, but can they outpace the dangers that cross their paths every step of the way?

Old In Art School Nell Painter, 2019-08-27 A finalist for the National Book Critics Circle Award, this memoir of one woman's later in life career change is "a smart, funny and compelling case for going after your heart's desires, no matter your age" (Essence). Following her retirement from Princeton University, celebrated historian Dr. Nell Irvin Painter surprised everyone in her life by returning to school--in her sixties--to earn a BFA and MFA in painting. In *Old in Art School*, she travels from her beloved Newark to the prestigious Rhode Island School of Design; finds meaning in the artists she loves, even as she comes to understand how they may be undervalued; and struggles with the unstable balance between the pursuit of art and the inevitable, sometimes painful demands of a life fully lived. How are women and artists seen and judged by their age, looks, and race? What does it mean when someone says, "You will never be an artist"? Who defines what an artist is and all that goes with such an identity, and how are these ideas tied to our shared conceptions of beauty, value, and difference? Bringing to bear incisive insights from two careers, Painter weaves a frank, funny, and often surprising tale of her move from academia to art in this glorious achievement--bighearted and critical, insightful and entertaining.

This book is a cup of courage for everyone who wants to change their lives (Tayari Jones, author of *An American Marriage*).

Hide and Seeker Daka Hermon, 2020-09-15 One of our most iconic childhood games receives a creepy twist as it becomes the gateway to a nightmare world. Don't let the Seeker find you! Twelve-year-old Zee is back now. He disappeared for a year and nobody knows where he went or what happened to him. Not even his best friends Justin, Nia, and Lyric. But ever since Zee has been back, he's been... different. After Zee freaks out at his friends playing hide-and-seek at an odd party in his backyard -- the first time his friends are back together since his reappearance -- strange things begin to occur. Everyone who played in the game has a mark on their wrist. And then they disappear. The kids are pulled into a shadow world -- the Nowhere -- ruled by the monstrous, shape-shifting Seeker. Justin and his friends will have to band together and face their worst nightmares to defeat the Seeker or lose themselves to the Nowhere forever.

Hide Your Fear Kevin O'Brien, 2017-07-25 A new family moves into an old house—and a new chapter of its deadly history begins—in the New York Times bestselling author's psychological thriller. Divorcée Caitlin Stoller and her children recently moved into a charming old house in the coastal town of Echo, Washington. The place was a bargain, but as weeks pass, Caitlin starts receiving messages—first friendly, then unsettling—hinting at the property's dark past . . . Caitlin's daughter, Lindsay, isn't fitting in at the local high school. To make matters worse, there are stories of students disappearing without a trace. Caitlin doesn't want to believe the whispers—about her home or Lindsay's school. But as personal items go missing, and dangerous accidents become frequent, it seems clear that something strange is going on. The Watcher knows how to get inside the Stollers' home—and inside their heads. The rumors are true. But the full horror is even worse. There's no escaping the

nightmare that started here long ago, and no place to hide from a killer who knows exactly how this story will end . . .

Hide Your Eyes Alison Gaylin,2005-03-01 New York Rule #1: Don't get involved. Samantha Leiffer already has a self-centered self-help guru for a mother, a cadre of off-kilter Greenwich Village pals, and an ex-boyfriend who cheated on her with women and men. She doesn't need more grief. But when she accidentally spies two people dumping a dubious-looking ice chest into the Hudson, she has an unsettling feeling about its contents. . . . New York Rule #2: Don't make eye contact. So, not being the kind of girl to let some psycho get away with murder, Sam sets out to unravel a mystery—and is soon being stalked by a sinister, shadowy figure who's wearing one-of-a-kind mirrored contact lenses. . . . New York Rule #3: If you must break Rules #1 and #2, get some help from New York's Finest. Now, aided by a hard-as-nails (but still very hot) homicide detective, Sam is poking into some unsavory places—and finding out more creepy stuff than she ever wanted to know. . . . New York Rules #4 and #5: Don't expect anything to be what it seems . . . and when necessary, fight like hell. Punchy, comic, and clever, *Hide Your Eyes* will blow your mind.—Lisa Gardner A smart, snappy piece of deviltry.—Perri O'Shaughnessy
