**Opening Windows onto Hidden Lives** Julie N. Zimmerman,Olaf F. Larson,2015-11-06 Building on their analysis in *Sociology in Government* (Penn State, 2003), Julie Zimmerman and Olaf Larson again join forces across the generations to explore the unexpected inclusion of rural and farm women in the research conducted by the USDA's Division of Farm Population and Rural Life. Existing from 1919 to 1953, the Division was the first, and for a time the only, unit of the federal government devoted to sociological research. **Windows on a Hidden World** Jane Maycock,2012-10-18 As a priest, married to a vicar, with four young children, Jane Maycock is all too familiar with the struggle not to be engulfed by busyness in the run-up to Christmas. As a result, the reflections she has written for this lovely book are engagingly infused with real-life happenings, even as they invite us to stop and consider what Advent itself really means. The author draws on the insights of the biblical authors, poets such as Robert Southwell, and contemporary hymn writers including Timothy Dudley-Smith, to present a series of windows through which we can explore the main ideas surrounding the season. We are taken through the themes of wilderness and of God's choice, and examine the place of conflict and confrontation in Christian faith. We look more deeply at the familiar nativity scene, and at the idea of the second coming. Underpinning *Windows on a Hidden World* is the conviction that we are bound up in an intimate relationship with a God of love, and these daily readings offer much encouragement to respond to the wonder of God's tender nearness with hope and joy.
