Promises in Death J. D. Robb, 2009-07-28 #1 New York Times bestselling author J. D. Robb takes us to the New York City of 2060, where Lieutenant Eve Dallas faces down a cop killer... Amaryllis Coltraine may have recently transferred to the New York City police force from Atlanta, but she's been a cop long enough to know how to defend herself against an assailant. When she's taken down just steps away from her apartment, killed with her own weapon, for Eve the victim isn't just "one of us." Eve starts questioning everyone while her husband, Roarke, digs into computer data on the dead woman's life back in Atlanta. To their shock, they discover a connection between this case and their own painful, shadowy pasts. The truth will need to be uncovered one layer at a time, starting with the box that arrives at Cop Central addressed to Eve, containing Coltraine's guns, badge, and a note from her killer: "You can have them back. Maybe someday soon, I'll be sending yours to somebody else." But Eve Dallas doesn't take too kindly to personal threats, and she is going to break this case, whatever it takes. And that's a promise.

Archangel's Blade Nalini Singh, 2011-09-06 New York Times bestselling author Nalini Singh is back in the shadows of a deadly, beautiful world where angels rule, vampires serve, and one female hunter must crawl out of the darkness to survive. The severed head marked by a distinctive tattoo on its cheek should have been a Guild case, but dark instincts honed over hundreds of years of life compel the vampire Dmitri to take control. There is something twisted about this death, something that whispers of centuries long past...but Dmitri's need to discover the truth is nothing to the vicious strength of his response to the hunter assigned to decipher the tattoo. Savaged in a brutal attack that almost killed her, Honor is nowhere near ready to come face to face with the seductive vampire who is an archangel's right hand, and who wears his cruelty as boldly as his lethal sensuality...the same vampire who has been her secret obsession since the day she was old enough to understand the inexplicable, violent emotions he aroused in her. As desire turns into a dangerous compulsion that

might destroy them both, it becomes clear the past will not stay buried. Something is hunting...and it will not stop until it brings a blood-soaked nightmare to life once more...

High Voltage Karen Marie Moning, 2018-07-24 NEW YORK TIMES BESTSELLER • Immortal Faerie and ancient feuds, secrets and sacrifices—a thrilling new chapter in the bestselling Fever series begins, featuring Dani, Ryodan, and other beloved characters, as they battle to save Dublin from the rising of a terrifying evil determined to enslave the human race. There is no action without consequence. Dani O'Malley was nine years old when the delusional, sadistic Rowena transformed her into a ruthless killer. Years later, Dani is tough and hardened, yet achingly vulnerable and fiercely compassionate, living alone by her own exacting code. Despite the scars on her body, and driven by deeper ones carved into her soul, no one is more committed to protecting Dublin. By day she ensures the safety of those she rescues, by night she hunts evil, dispensing justice swiftly and without mercy, determined to give to those she cares for the peace she has never known. There is no power without price. When the Faerie Queen used the dangerously powerful Song of Making to heal the world from the damage done by the Hoar Frost King, catastrophic magic seeped deep into the earth, giving rise to horrifying, unforeseen consequences—and now deadly enemies plot in the darkness, preparing to enslave the human race and unleash an ancient reign of Hell on Earth. There is no future without sacrifice. With the lethal, immortal Ryodan at her side, armed with the epic Sword of Light, Dani once again battles to save the world, but her past comes back to haunt her with a vengeance, demanding an unspeakable price for the power she needs to save the human race. And no one—not even Ryodan, who would move the very stars for her—can save her this time. Praise for *High Voltage* “A romance wrapped up in a thrilling sci-fi novel—what more could you want?”—PopSugar “If you’ve never read a Karen Marie Moning book before, you’re missing out. Her heroines alone are worth the read. . . . Despite being set in a dystopian world filled with magic and fae, the obstacles that these characters go through are very much humanlike. . . . Cannot wait to see where [she] takes this series next.”—Under the Covers

Chasing Magic Stacia Kane, 2012-06-26 A DEADLY HIGH Magic-wielding Churchwitch and secret addict Chess Putnam knows better than anyone just how high a price people are willing to pay for a chemical rush. But when someone with money to burn and a penchant for black magic starts

tampering with Downside's drug supply, Chess realizes that the unlucky customers are paying with their souls—and taking the innocent with them, as the magic-infused speed compels them to kill in the most gruesome ways possible. As if the streets weren't scary enough, the looming war between the two men in her life explodes, taking even more casualties and putting Chess squarely in the middle. Downside could become a literal ghost town if Chess doesn't find a way to stop both the war and the dark wave of death-magic, and the only way to do that is to use both her addiction and her power to enter the spell and chase the magic all the way back to its malevolent source. Too bad that doing so will probably kill Chess—if the war doesn't first destroy the man who's become her reason for living.

The Taste of Ink contains content from the first three books. It has been lightly revised, with a few small changes and an extended ending in the third book.

Gaelic Scotland in the Colonial Imagination Silke Stroh, 2016-12-15 Can Scotland be considered an English colony? Is its experience and literature comparable to that of overseas postcolonial countries? Or are such comparisons no more than patriotic victimology to mask Scottish complicity in the British Empire and justify nationalism? These questions have been heatedly debated in recent years, especially in the run-up to the 2014 referendum on independence, and remain topical amid continuing campaigns for more autonomy and calls for a post-Brexit "indyref2." Gaelic Scotland in the Colonial Imagination offers a general introduction to the emerging field of postcolonial Scottish studies, assessing both its potential and limitations in order to promote further interdisciplinary dialogue. Accessible to readers from various backgrounds, the book combines overviews of theoretical, social, and cultural contexts with detailed case studies of literary and nonliterary texts. The main focus is on internal divisions between the anglophone Lowlands and traditionally Gaelic Highlands, which also play a crucial role in Scottish-English relations. Silke Stroh shows how the image of Scotland's Gaelic margins changed under the influence of two simultaneous developments: the emergence of the modern nation-state and the rise of overseas colonialism.
