**NK3 Michael Tolkin, 2017-02-07** A Hollywood novel of a very different kind by the author of *The Player*: A timely and “darkly satirical” dystopian thriller (*The San Francisco Chronicle*). Michael Tolkin is known as a master chronicler of show business culture. Now, in his new novel, the H LYW OD sign presides over a city devastated by a weaponized microbe that’s been accidentally spread around the globe, deleting human identity. In post-NK3 Los Angeles, a sixty-foot fence surrounds the hills where the rich used to live, but the mansions have been taken over by those with the only power that matters: the power of memory. Life for those inside the Fence, ruled over by the new aristocracy known as the Verified, is a perpetual party. Outside the Fence, downtown, the Verified use an invented mythology to keep control over the mindless and nameless. In deliciously dark prose, Tolkin winds a noose-like plot around a melee of despots, prophets, and rebels as they struggle for command and survival in a town that still manages to exert a magnetic force, even as a ruined husk. “Intricate and cleverly constructed.”—*The New Yorker* “Tolkin creates memorable images and searing moments and peppers the text with sly, dark humor, all while raising provocative social and political issues...NK3 is nightmare and satire, thriller and warning. Crafted by a master storyteller, it is a haunting parable about civilization marching forward, while forgetting what it leaves behind.”—*Los Angeles Review of Books* “Remind[s] one of how easily people are turned into commodities, how slippery the grip on identity can be, how there’s always someone ready to set themselves up as the savior of civilization.”—*The San Francisco Chronicle*

**Mouseheart Lisa Fiedler, 2014-05-20** A first entry in an epic animal adventure series set in the subway tunnels of Brooklyn follows the experiences of an escaped pet shop mouse who descends into a utopian rat civilization before confronting threatening rebels, ravenous cats and a generations-long battle involving deadly secrets.

**Famous Stars of Light Opera Lewis Clinton Strang, 1900**

**Hopper's Destiny Lisa Fiedler, 2016-03-15** A brave pet shop mouse named Hopper attempts to rebuild a fallen empire in the underground rat civilization of Atlantia, located in the subway tunnels of Brooklyn, while Queen Felina and her band of street cats declare open season on the rodents.

**Alimony's Treasure Michael W. Hinkle, 2022-02-25** Dale Hopper isn't what you'd call ambitious. When he accepts a gig with the Oklahoma County Zoo, his only goal is to make enough money to bankroll a move to California, a hospitable place for longhaired guitar-playing boys such as himself and

his best friend, Vernon Cord. But the accidental discovery of a boot with a gold buckle draws them into a clandestine search for Alimony's treasure, a hoard of Viking silver rumored to be buried somewhere on the grounds of the zoo. The hunt takes a deadly turn when Hopper and Cord stumble into the hub of an international black-market trade in exotic reptiles. At its heart lurks Ollie Oleg, a ruthless killer willing to do anything to protect his empire. Now the friends must unravel the riddle of the lost treasure -- and avoid becoming reptile food -- while keeping their bounty out of Oleg's hands.

The First Lady of Hollywood Samantha Barbas,2005-10-24 Loved by fans for her just folks, small-town image, Parsons became notorious within the film industry for her involvement in the suppression of the 1941 film Citizen Kane and her use of blackmail in service of Hearst's political and personal agendas. As she traces Parsons's life and career, Samantha Barbas situates Parson's experiences within the broader trajectory of Hollywood history, charting the rise of the star system and the complex interactions of publicity, journalism, and movie-making. The First Lady of Hollywood is both a chronicle of one of the most powerful women in American journalism and film and a penetrating analysis of celebrity culture and Hollywood power politics.--Jacket.

Ink Stains, Volume 6 Christopher Locke ,Monica Carter ,Alison Garsha ,George Kelly ,Elana Gomel ,Ken Goldman ,Nicole Tanquary ,Thomas Olbert ,Evan Purcell , Crossing the line. In life, we draw many lines—between good and evil, guilt and innocence, real and unreal, life and death. And having drawn these lines, we cross them because humanity is curious, careless, devious, and, sometimes, downright wicked. So what happens if you cross the line? Does it change you and what is waiting on the other side? In Ink Stains, Volume 6, ten authors explore what it means to cross the line and the price we pay to do it. This is a collection of short stories that range from fantasy through science fiction to horror and from the fantastical to the grit of day to day life. Join writers Monica Carter, George Kelly, Alison Garsha, Ken Goldman, Elana Gomel, Christopher Locke, Morrison, Thomas Olbert, Evan Purcell, and Nicole Tanquary as they step over the line to find what waits on the other side.

*Hard News* Jeffery Deaver,2009-09-02 From the bestselling author of the Bone Collector novels, soon to be an NBC series Rune is an aspiring filmmaker with more ambition than political savvy, paying her dues as an assistant cameraperson for the local news. But she's got her eyes on the prize, the network's hot newsmagazine, Current Events—and she's got the story she knows will get her there. Poking around in the video archives, Rune spots a taped interview with Randy Boggs, who's doing hard time in Attica for a murder he claims he didn't commit. Rune can't say exactly why, but she's sure

he's innocent. If she can prove it, Current Events won't merely report the news, it'll make news—and Rune's career. But what she could be writing is Randy Boggs's epitaph—and her own. Rune's newly discovered witness soon turns up dead. A hit man from Miami is on Rune's trail, and Boggs is finding prison even more dangerous than before. Someone wants this story killed, and it could be the girl with the camera who ends up on the cutting room floor.

*The Wagons of Perro Loco* JL Pendland,2010-01-25 Lost loved ones, lost fortunes, and lost dreams were commonplace on the Western frontier. But, through the hardships, came the humorous old-timers. They could make a person smile in the wake of death, laugh in the face of danger, or teach youngsters how to cope with life's problems. *The Wagons of Perro Loco and Other Short Stories* tells of family ranch life, alligator hunts, small-town festivals, the camaraderie of mountain men, and much more. In this collection, read and remember a horse named Bitch, dogs named Boy and Girl, and humorous characters named Lizard, Whiskers, and Chollie.

**The First Formic War** Orson Scott Card,Aaron Johnston,2017-02-14 This discounted ebundle includes *The First Formic War Trilogy* by bestselling authors Orson Scott Card and Aaron Johnston: *Earth Unaware*, *Earth Afire*, *Earth Awakens* One hundred years before *Ender Wiggin* decisively defeated the alien formics in *Ender's Game*. A pulse-pounding tale of first contact gone horribly wrong. *Ender's Game* opens in the last desperate days of Earth's war against the implacable insectoid aliens. We are told early on that the Battle School is training generals for the Third Formic War — the war that will end the war; will save the Earth; will finally defeat the Buggers. This is the story of the First Formic Wars, back when humans thought they were alone in the galaxy. Humanity was slowly making their way out from Earth to the planets and asteroids of the Solar System, exploring and mining and founding colonies. Then a ship's telescopes pick up a fast-moving object coming in-system... *Earth Unaware* — When mining ship *El Cavador's* telescopes pick up a fast-moving object coming in-system, it's hard to know what to make of it. It's massive and moving at a significant fraction of the speed of light. But the ship has other problems. Their systems are old and failing. Worrying about a distant object that might or might not be an alien ship seems...not important. *Earth Afire* — Victor Delgado beat the alien ship to Earth, but not soon enough to convince skeptical governments that there was a threat. That is, until space stations and ships and colonies went up in sudden flame. And when that happened, only Mazer Rackham and the Mobile Operations Police could organize in time to meet the

threat. Earth Awakens – Politics slowed the response on Earth, and on Luna, corporate power struggles seemed more urgent than distant deaths. It's up to Mazer Rackham's squad in China, who have developed a method to destroy the alien landers one by one; and Lem Jukes and his crew on the Moon, who may have the key to destroying the Formic mother ship in orbit. A Cunning Kind of Play Warren N. Wilbert, 2002-05-29 The rivalry between the Chicago Cubs and the New York Giants--the National League's greatest teams in its early days--took hold with the founding of the league in 1876. Between the two bitter rivals there were nine first-second finishes, eight second-third finishes, and 30 out of a possible 65 championships in the league's first six decades. Their games often showcased match-ups between baseball's most talented and toughest players and often had playoff implications. This history of the rivalry begins coverage in 1876 (when the Cubs won the first NL championship) and goes through 1932 (when John McGraw stepped down

as manager of the Giants). All of the many great personalities, player match-ups, streaks, and pennant races are included.

**Rathcrog** Neil T. Jacobs,2023-11-13 The mountains of West Virginia have been home to humans for thousands of years. But something far older, and evil, has been there much longer. Waiting. Dennis Tierney, mediocre dentist and legendary (in his own mind) ladies' man, thought an exploration of Warner, the local abandoned mining town, would liven up his monotonous days. So what if there were warnings and strange stories about it? He really should have listened. Francine Hopper, former Army Lieutenant, and now small-town chief of police, had seen a lot of pain and suffering over the years. But nothing could have prepared her to face what was once again awake in Warner - and the monster Dennis Tierney had become.

**In den Spiegel greifen** Achim Benning,2024-04-15 Der Regisseur und Schauspieler Achim Benning war Direktor des Burgtheaters und des Zürcher Schauspielhauses. Grundlegende Reformen und ein politisch orientiertes Theater kennzeichneten seine Arbeit, die oft mit politischen und medialen Kampagnen konfrontiert war. Die gesammelten Texte – Essays, Reden, Briefe – reichen von den 1970er Jahren, die heute als Kreisky-Zeit apostrophiert werden, bis in die Gegenwart. In ihnen ist die Erinnerung an bedeutende Theaterleute ebenso enthalten, wie die Auseinandersetzung mit Themen der Gesellschaft. Zu bestimmten Anlässen entstanden, weisen die Texte zugleich über diese hinaus. Mit Prägnanz und Witz bewegen sie sich jenseits der Varianten des Konformismus. Der Band enthält zudem einen Essay des Herausgebers Peter Roessler, in dem Achim Bennings Arbeit im Zusammenhang mit den kulturpolitischen Entwicklungen dargestellt wird. Überarbeitete und durch zahlreiche Texte erweiterte Neuauflage
