The Art of Record Production Simon Zagorski-Thomas,Katia Isakoff,Serge Lacasse,Sophie Stévançe,2016-04-01 The playback of recordings is the primary means of experiencing music in contemporary society, and in recent years 'classical' musicologists and popular music theorists have begun to examine the ways in which the production of recordings affects not just the sound of the final product but also musical aesthetics more generally. Record production can, indeed, be treated as part of the creative process of composition. At the same time, training in the use of these forms of technology has moved from an apprentice-based system into university education. Musical education and music research are thus intersecting to produce a new academic field: the history and analysis of the production of recorded music. This book is designed as a general introductory reader, a text book for undergraduate degree courses studying the creative processes involved in the production of recorded music. The aim is to introduce students to the variety of approaches and methodologies that are currently being employed by scholars in this field. The book is divided into three sections covering historical approaches, theoretical approaches and case studies and practice. There are also three interludes of commentary on the academic contributions from leading record producers and other industry professionals. This collection gives students and scholars a broad overview of the way in which academics from the analytical and practice-based areas of the university system can be brought together with industry professionals to explore the ways in which this new academic field should progress.

Blue Hawaiian Carla Luna,2021-06-15 The first rule of serving as the maid of honor at your perfect sister's destination wedding? No mistakes. The second rule? No drama. For Jess Chavez, a week in Maui is hardly a dream vacation—not when her sister expects her to be the perfect maid of honor. Not only does Jess have to fake perfection, but she can't let anyone know she's unemployed and barely scraping by. Above all, she needs to steer clear of Connor Blackwood, the sexy groomsman who broke her heart five years ago. A family wedding offers Connor the ideal opportunity to convince everyone he's no longer an irresponsible playboy. If they see he's changed, they might support his decision to leave the family winery and strike out on his own. With so much at stake, the last thing he needs is an alluring distraction like Jess. When Jess and Connor end up together, exploring the island's lush, tropical beauty, the sparks between them become impossible to ignore. Throwing caution to the wind, they decide to make their own rules. Five days of passion. No strings. No tears. No promises. What could possibly go wrong?

Black Helicopters Blythe Woolston,2013-03-26 A teenage girl. A survivalist childhood. And now a bomb strapped to her chest. See the world through her eyes in this harrowing and deeply affecting literary thriller. I'm Valkyrie White. I'm fifteen. Your government killed my family. Ever since Mabby died while picking beans in their garden – with the pock-a-pock of a helicopter overhead – four-year-old Valley knows what her job is: hide in the underground den with her brother, Bo, while Da is working, because Those People will kill them like coyotes. But now, with Da unexpectedly gone and no home to return to, a teenage Valley (now Valkyrie) and her big brother must bring their message to the outside world – a not-so-smart place where little boys wear their names on their backpacks and young men don't pat down strangers before offering a lift. Blythe Woolston infuses her white-knuckle narrative, set in a day-after-tomorrow Montana, with a dark, trenchant humor and a keen psychological eye. Alternating past-present vignettes in prose as tightly wound as the springs of a clock and as masterfully plotted as a game of chess, she ratchets up the pacing right to the final, explosive end.

After working my way to the top, I'm in the running to become the CEO of Southern California's premier matchmaking service. All I have to do is outmatch my conniving co-worker. Maintaining my perfect track record should be no problem, especially since my client is a hot Marine with bulging biceps and a killer smile. Matching him up should be easy as pie. Unfortunately, Dex isn't too thrilled with his meddling mother for signing him up for my services. He seems more interested in me than any of the dates I arrange for him. But I will not let this gorgeous gunny get in the way of achieving my life's goal. No matter how dashing and adorkable he is. A Match for the Marine was previously published as a novella in the First Comes Love box set, but is now fully expanded and re-released as a full-length standalone in a sweet romantic comedy series. Get ready for loyalty, laughter, and happily ever after!

The Old English Lives of St Martin of Tours Andre Mertens,2017 St Martin of Tours is one of Christianity’s major saints and his significance reaches far beyond the powerful radiance of his iconic act of charity. While the saint and his cult have been researched comprehensively in Germany and France, his cult in the British Isles proves to be fairly unexplored. Andre Mertens closes this gap for Anglo-Saxon England by editing all the age’s surviving texts on the saint, including a commentary and translations. Moreover, Mertens looks beyond the horizon of the surviving body of literary relics and dedicates an introductory study to an analysis of the saint’s cult in Anglo-Saxon England and his significance for Anglo-Saxon culture.
