Work-at-Home Company Listing for Assembly and Crafts

S. Marie Surles, 2014-12-23 A reference and sourcebook of work-at-home company listings for assembly and craft workers. This ebook has compiled a listing of telecommuting companies that previously and currently hire workers to assemble or produce crafts and products to work from home. All contact details are provided and verified as of the book's publication. HEA-Employment.com is a work-at-home job listing service. Our website offers job seekers access to thousands of available work-at-home job opportunities. Over the years we compiled a listing of thousands of legitimate telecommuting companies that hire telecommuters and virtual assistants. The companies listed in this ebook are currently hiring or have hired people to work from home in the past. The companies accept resumes for current and future job openings. HEA-Employment.com has the most comprehensive work at home job database on the Internet today with access to 1000's of work at home jobs and home based business opportunities from over 1,000 job boards all on one site. From part-time and temporary to full-time and permanent, every type of job is included. You can select when you want to work, how much you want to work and how much you want to be paid.

Getting By Christina E. Gringeri,1994-11-09 homeworking on workers--mainly women--and their families and explores the role of the state in subsidizing the development of homeworking jobs that depend on gender as an organizing principle. She focuses on two Midwestern communities--Riverton, Wisconsin and Prairie Hills, Iowa--where more than 80 families have supplemented their incomes since 1986 as home-based contractors of small auto parts for The Middle Company, a Fortune 500 manufacturer and subcontractor of General Motors. Gringeri looks at rural development from the perspective of local and state officials as well as that of the workers. Through the use of extensive personal interviews, she shows how the advantage of homework for women--being able to stay home with their families--is outweighed by the disadvantages--piecework pay far below minimum wage, long hours, unstable contracts, and lack of company benefits. Instead of providing the hoped-for financial panacea for rural families, Gringeri argues, industrial homework reinforces the unequal position of women as low-wage workers and holds families and communities below or near poverty level.

British Politics in the Global Age Joel Krieger,1999 In *British Politics in the Global Age*, Joel Krieger provides an in-depth study of New Labour's model of government and the political challenges it faces. Krieger analyzes the interaction of global processes and domestic politics from the organization of production to the formation of class, ethnic, and gender-based identities. The book considers how these processes compromise sovereignty, complicate national identities, forge new political agendas, create electoral volatility, and complicate the art of politics. Krieger develops an original framework for analyzing New Labour in comparison to three models of social democracy and places the British case firmly in the context of alternative national models

and European debates. Employing an approach with potential applications well beyond the UK, the book reconceptualizes globalization and introduces the concept modular politics to explain the context-dependent processes of identity formation that shape--and potentially destabilize--contemporary politics. Thoroughly researched and clearly argued, *British Politics in the Global Age* is essential reading for anyone who wishes to understand the full ramifications of New Labour for both Europe and the United States.--Publisher description.
