Internet for Kids Deneen Frazier, Barbara Kurshan, 1995 This is an online activities (not a how-to) book with special software to be used in the home or at school. It shows kids, teachers, and parents how to gather information online; to share information with other kids; to communicate with older people and experts; to perform experiments; to take part in online discussions and forums; to have fun (using online games); and more.

The Battlecruiser HMS Hood Bruce Taylor, 2008-04-30 "A wonderfully illustrated biography" of one of history's greatest warships whose sinking "signaled the end of the surety that Britannia ruled the waves" (War History Online). Unmatched for beauty, unequalled for size, for twenty years the HMS Hood was the glory ship of the Royal Navy, flying the flag across the world in the twilight years of the British Empire. Here, in words, photos and color illustrations, is the story of her life, her work and her people from keel-laying on the Clyde in 1916 to destruction at the hands of the Bismarck in 1941. Among the eye-catching strengths of the book is a unique gallery of photos, including stills from a recently discovered piece of color footage of the ship, plus a spectacular

set of computer-generated images of both the exterior and interior by the world's leading exponent of the art—a man who worked with the film director James Cameron (of Titanic fame). A wealth of new information on Hood's structure and operation make it essential reading for the enthusiast, modeler and historian alike. Hugely successful from its first publication, this is the third printing of the ultimate book on the ultimate ship of the pre-war era. "The most comprehensive study of a modern warship ever undertaken."—Warship World

The Story Engine Matt Schutt, 2009-10 This nuts-and-bolts guide shows writers how to generate ideas while building stories. The tools inside this book encourage authors to build instant characters from scratch, or round out existing characters with quirky traits.

Et si l'on écrivait correctement le français ? Michel Massian, 1984-12-31 T00:00:00+01:00 À l'initiative de... ou sur l'initiative de... ? Accompagné par ma secrétaire, ou accompagné de... ? L'époque du colonialisme, ou l'époque de la colonisation ? De l'humour, ou de l'esprit ? Après qu'il fut venu, ou après qu'il soit venu ? Avant qu'il ne parte, ou avant qu'il parte ? À force d'entendre mal parler à longueur de journée, de subir les formules publicitaires transposées de l'américain, au moment d'écrire, on ne sait plus. « Et si l'on écrivait correctement le français ? » répond, d'une manière pratique et directe, à toutes les questions que peut se poser - aujourd'hui - qui rédige, qu'il s'agisse d'une lettre d'ordre privé, d'un message commercial, ou d'un texte littéraire.

Power and Society in the GDR, 1961-1979 Mary Fulbrook,2009 The communist German Democratic Republic was founded in 1949 in the Soviet-occupied zone of post-war Germany. This book looks at its history and how people came to terms with their new lives behind the Wall. In the 1960s and 1970s, a fragile stability emerged characterized by 'consumer socialism', international recognition and détente. Growing participation in the micro-structures of power, and conformity to the unwritten rules of

an increasingly predictable system, suggest increasing accommodation to dominant norms and conceptions of socialist 'normality.' These essays explore the ways in which lower-level functionaries and people at the grass roots contributed to the formation and transformation of the GDR ? from industry and agriculture, through popular sport and cultural life, to the passage of generations and varieties of social experience.
