How to Start Making Money with Your Decorative Painting Dorothy Egan, 1998
Decorative painters with an entrepreneurial spirit will turn to this one-of-a-kind guide for essential business advice, encouragement and information. It covers the ins-and-outs of starting a decorative painting business, helping artists to identify their niche and achieve success, featuring: -- how to sell at shows, from getting space to merchandising and pricing-- ways to generate additional sales through consignment, co-ops, sales reps, catalogs and magazines-- tips for setting up and running classes, workshops and seminars-- how to sell pattern packets, project booklets and articles to magazines and publishers.

Summer Homes Among the Mountains on the New York, Ontario & Western Railway
New York, Ontario, and Western Railway Co, 1898

Internet for Kids Deneen Frazier, Barbara Kurshan, 1995 This is an online activities (not a how-to) book with special software to be used in the home or at school. It shows kids, teachers, and parents how to gather information online; to share information with other kids; to communicate with older people and experts; to perform experiments; to take part in online discussions and forums; to have fun (using online games); and more.

The Battlecruiser HMS Hood Bruce Taylor, 2008-04-30 "A wonderfully illustrated biography" of one of history's greatest warships whose sinking "signaled the end of the surety that Britannia ruled the waves" (War History Online). Unmatched for beauty, unequalled for size, for twenty years the HMS Hood was the glory ship of the Royal Navy, flying the flag across the world in the twilight years of the British Empire. Here, in words, photos and color illustrations, is the story of her life, her work and her people from keel-

laying on the Clyde in 1916 to destruction at the hands of the Bismarck in 1941. Among the eye-catching strengths of the book is a unique gallery of photos, including stills from a recently discovered piece of color footage of the ship, plus a spectacular set of computer-generated images of both the exterior and interior by the world's leading exponent of the art—a man who worked with the film director James Cameron (of Titanic fame). A wealth of new information on Hood's structure and operation make it essential reading for the enthusiast, modeler and historian alike. Hugely successful from its first publication, this is the third printing of the ultimate book on the ultimate ship of the pre-war era. "The most comprehensive study of a modern warship ever undertaken."—Warship World

The Story Engine Matt Schutt, 2009-10 This nuts-and-bolts guide shows writers how to generate ideas while building stories. The tools inside this book encourage authors to build instant characters from scratch, or round out existing characters with quirky traits.

Et si l'on écrivait correctement le français ? Michel Massian, 1984-12-31 T00:00:00+01:00 À l'initiative de... ou sur l'initiative de... ? Accompagné par ma secrétaire, ou accompagné de... ? L'époque du colonialisme, ou l'époque de la colonisation ? De l'humour, ou de l'esprit ? Après qu'il fut venu, ou après qu'il soit venu ? Avant qu'il ne parte, ou avant qu'il parte ? À force d'entendre mal parler à longueur de journée, de subir les formules publicitaires transposées de l'américain, au moment d'écrire, on ne sait plus. « Et si l'on écrivait correctement le français ? » répond, d'une manière pratique et directe, à toutes les questions que peut se poser – aujourd'hui – qui rédige, qu'il s'agisse d'une lettre d'ordre privé, d'un message commercial, ou d'un texte littéraire.

Bracing for the Apocalypse Anna Maria Bounds,2020-06-04 Increasing American fear about terrorism, environmental catastrophes, pandemics, and economic crises has fueled interest in prepping: confronting disaster by mastering survivalist skills. This trend of self-reliance is not merely evidence of the American belief in the power of the individual; rather, this pragmatic shift away from expecting government aid during a disaster reflects a weakened belief in the bond between government and its citizens during a time of crisis. This ethnographic study explores the rise of the urban preppers' subculture in New York City, shedding light on the distinctive approach of city dwellers in preparing for disaster. With attention to the role of factors such as class, race, gender and one's expectations of government, it shows that how one imagines Doomsday affects how one prepares for it. Drawing on participant observation, the author explores preppers' views on the central question of whether to bug out or hunker down in the event of disaster, and examines the ways in which the prepper economy increases revenue by targeting concerns over developing skills, building networks, securing equipment and arranging a safe locale. A rich qualitative study, Bracing for the Apocalypse will appeal to scholars of sociology and anthropology with interests in urban studies, ethnography and subcultures.

Experiencing Bible Science Louise Barrett Derr,2013-10 Experiencing Bible Science is an activity book for elementary-aged students. Each activity is intended for experiencing the science and culture in Scripture, thus enriching Bible study. Most activities are designed for independent learning or small groups. They will challenge those in home schools, Christian academies, Bible camps, vacation Bible school, and other children's groups. Basic instruction for each activity is included, using US standard and metric measurements. The materials that are needed can easily be found worldwide. Be a prince, cunning in knowledge, and understanding science (Daniel 1:4). Enjoy a lifetime of learning!
