Unlocking Unlimited Lead Flow Rich Harshaw, 2018-12-05 This book is for remodelers and home service companies who are stuck under \$5MM who want to make the jump to \$10MM+. Rich Harshaw, author & CEO of Unlocking Unlimited Lead Flow, will share the blueprint for lead generation and sustainable growth he's developed over 25 years of working with many of the industry's biggest and most successful companies. It starts with the \$10MM Mindset, which necessitates an absolute commitment to quality and excellence, and is reflected in higher-than-average pricing and profitability. This in turn allows you to deliver on your promises and afford the marketing budget you'll need to make the jump to \$10MM+. You'll then use that marketing budget to aggressively dominate online lead generation... then transition into the most important phase: pre-emptive, market-share-grabbing radio and TV advertising. This isn't hype and fluff--it's hands-on and how-to. It's a proven formula for market leadership, sustained profitability, and making the jump to \$10MM+.

The Way of Improvement Leads Home John Fea, 2013-04-18 The Way of Improvement Leads Home traces the short but fascinating life of Philip Vickers Fithian, one of the most prolific diarists in early America. Born to Presbyterian grain-growers in rural New Jersey, he was never quite satisfied with the agricultural life he seemed destined to inherit. Fithian longed for something more—to improve himself in a revolutionary world that was making upward mobility possible. While Fithian is best known for the diary that he wrote in 1773-74 while working as a tutor at Nomini Hall, the Virginia plantation of Robert Carter, this first full biography moves beyond his experience in the Old Dominion to examine his inner life, his experience in the early American backcountry, his love affair with Elizabeth Beatty, and his role as a Revolutionary War chaplain. From the villages of New Jersey, Fithian was able to participate indirectly in the eighteenth-century republic of letters—a transatlantic intellectual community sustained through sociability, print, and the pursuit of mutual improvement. The republic of letters was above all else a rational republic, with little tolerance for those unable to rid themselves of parochial passions. Participation required a commitment to self-improvement that demanded a belief in the Enlightenment values of human potential and social progress. Although Fithian was deeply committed to these values, he constantly struggled to reconcile his quest for a cosmopolitan life with his love of home. As John Fea argues, it was the people, the religious culture, and the very landscape of his native sod that continued to hold Fithian's affections and enabled him to live a life worthy of a man of letters.
