Do you want to know what is in your dog's food? Do you treat your pampered pooch like a fur baby rather than a family pet? Dogs aren't just friendly pets, they're beloved family and like any family member, the food you feed your pup needs to be healthy, high quality, and wholly delicious. Packed with simple recipes using fresh ingredients and straightforward advice on the best foods for your best friend, This cookbook shows you how to ditch the store-bought kibble for balanced homemade meals you can trust. Dogs need a good mix of nutrients. Most commercial dog food doesn't contain the right balance of nutritional needs for every dog. If your dog needs a special diet, you should really prepare your dog's food yourself. A homemade dog food diet can have many benefits when it is properly nutritionally balanced and adjusted to the specific needs of the pet. However, the only way to achieve this is if the

pet owner works with their veterinarian or nutritionist to make sure everything is done appropriately.
