Time-Saver Standards for Interior Design and Space Planning, Second Edition Joseph

DeChiara, Julius Panero, Martin Zelnik, 2001-07-04

The Silver Bible -- thoroughly revised, updated and redesigned Interior designers, architects, and other design professionals can still turn to the field's beloved Silver Bible for a wealth of information related to the design and planning of residential and commercial interiors. But now, Time-Saver Standards for Interior Design and Space Planning, Second Edition goes even further to truly make the classic interior design reference the standard in its field. From standard furniture dimensions to architectural woodwork details, you'll find a vast array of time-saving data and details. Editors Joseph DeChiara, Julius Panero, and Martin Zelnik have brought together contributions from well-known architectural and interior design firms to give you details derived from actual designs and working drawings, showing various solutions for typical design problems encountered in interior architecture. You get a wide range of typical layouts and residential spaces, offices, conference rooms, and reception areas, in addition to details of bars, restaurants, and public toilets. This exciting new edition includes new international examples and

metrification – and provides you with full coverage of healthcare spaces, educational spaces; home offices; videoconferencing spaces; green design; project forms and schedules. Two outstanding sections cover historic styles and woodworking.

The Fifth Generation Fallacy J. Marshall

Unger, 1987 This controversial new book argues that the West has largely misunderstood Japan's interest in Artificial Intelligence. Not a bold move to capture the lead in world technology, Japan's Fifth Generation Project is at bottom an attempt to avoid the grave problems caused by their writing system, including low white-collar productivity and a surprising shallowness in the quality of literacy.

No Tomorrow Tom Wood, 2014-09-02 Victor the assassin returns in the new novel from the author of *The Killer*, *The Enemy*, and *The Game...* **THE JOB IS SIMPLE** When Victor is called to meet with an old friend who ultimately betrayed him, what he thought was an ambush is in fact a plea for help. As a Russian gangster, Norimov is accustomed to death threats, but now an unknown enemy wants more than his life. They intend to kill everyone he cares about, including his missing daughter Gisele. This time, Victor's job is not to kill but to protect. Unfortunately, locating Gisele is his first mistake—because someone is watching his every move. **ESCAPE IS IMPOSSIBLE** Before she went into hiding, Gisele had uncovered a secret worth killing for—and now Victor has brought the enemy

right to her doorstep. The least he can do is help her escape. But the ruthless network they're up against has the police, MI5, and every major news outlet joining in the manhunt across London.

Through My Eyes Alton Gansky, 2016 These are not mere dreams and visions: these are a calling. Six people. Five mind-numbing visions. Four ancient and mysterious artifacts. Two exotic locations. And one greedy man who will stop at nothing, not even murder, to achieve his goal. Rev. Adam Bridger and his wife, Dr. Rachel Tremaine are once again in the center of an adventure not of their making. And joining them are four total strangers who, along with Rachel, have seen visions that most mortals can't imagine. They have been called on a mission that will forever change the world--if they survive.
