Invaders from the Big Screen R. L. Stine,1998 Your night out at the cinema turns very weird (not to mention terrifying) when you get really sucked into the action. Hey, the life of a movie star looks glamorous, but you try battling vampires, evil geniuses, and gorillas the size of small buildings all day. Now's your chance! How will you ever escape the movies and get back to boring - but safe - reality? The choice is yours...

Jay Disbrow's Monster Invasion Jay Disbrow,2017 One of the most bizarre, unique stylists from Pre-Code horror comics is cult-favorite Jay Disbrow. If there's anyone close to this unknown genius, it's Basil Wolverton. Working with friend, editor, and colorist L.B. Cole, Disbrow wrote and drew many fear-inducing tales specializing in terrifying demons, scary apparitions, and a horde of hairy monsters. This full color, large format book culls the best of Disbrow's work from moldy comics like Dark Mysteries, Ghostly Weird Stories, Spook, and Startling Terror Tales. Disbrow is one of a few Pre-Code horror artists still with us. A revealing and lengthy interview with the creator serves a dark, ghostly-weird, startling, and profusely illustrated introduction!

**The Invasion** William Meikle,2021-08-06 They came in their thousands. We fought them as one. It started during a winter storm on the North Eastern Seaboard which brought with it a strange green rain. Where it fell, everything withered, died, and was consumed. The residents of remote outposts in Maritime Canada escaped the worst of the early damage, but that was a blessing in disguise, for they were left to watch as first North America, then the world, was subsumed in the creeping green carpet of terror. And that was just the beginning. Praise for The Invasion If you love apocalyptic stories that bring out the best in the human beings we root for, then you are going to love this story. - Clayton Bye, [horror.thedeepening.com](http://horror.thedeepening.com)

*The Invasion of the Black Slime* R. G. Austin,1983 Warning! Read at your own risk! Terror lurks inside this book.

**The White Mountains** John Christopher,2014-05-13 Young Will Parker and his companions make a perilous journey toward an outpost of freedom where they hope to escape from the ruling Tripods, who capture mature human beings and make them docile, obedient servants.

The Invasion Brett McBean,2016-05-15 It was supposed to be a quiet end to a long day: five close-knit family and friends settling in for some much-needed sleep after coming together for an early Christmas party. Instead, it's the beginning of a shocking night of brutality when six intruders break into the sprawling residence of Debra Hillsboro, a middle-aged romance novelist with a fierce devotion to her loved ones and a strong kinship with her home of almost thirty years. Armed with smartphones and a modern brand of madness, the intruders – an internet-age cult disconnected from humanity and addicted to causing fear and mayhem – have come to the secluded property for one purpose: to terrorize, and ultimately kill, everyone inside all while filming their heinous crimes. Outnumbered and cut off from the outside world, the terrified occupants find themselves trapped in a fight for survival as a once place

of safety is turned into a deadly maze of darkened rooms and forbidding hallways. On this sweltering summer night, they must somehow find a way to escape before the cult turns the beloved home into a house for the dead.

*The Outer Limits: Alien Invasion From Hollyweird* John Peel,1999-04-15 Melanie and Jeff try to sound the alarm when they discover that the alien invasion epic being filmed in their hometown is just a cover for a real alien invasion.

**High-Rise Invasion Omnibus 9-10** Tsuina Miura,2019-09-24 IN THIS BLOOD-SOAKED WORLD, ONLY ONE SURVIVOR CAN BECOME A "PERFECT GOD." One man will kill anyone for that prize! Can the Honjos stop him in time?

*Immersion, Narrative, and Gender Crisis in Survival Horror Video Games* Andrei Nae,2021-09-09 This book investigates the narrativity of some of the most popular survival horror video games and the gender politics implicit in their storyworlds. In a thorough analysis of the genre that draws upon detailed comparisons with the mainstream action genre, Andrei Nae places his analysis firmly within a political and social context. In comparing survival horror games to the dominant game design norms of the action genre, the author differentiates between classical and postclassical survival horror games to show how the former reject the norms of the action genre and deliver a critique of the conservative gender politics of action games, while the latter are more heterogeneous in terms of their game design and, implicitly, gender politics. This book will appeal not only to scholars working in game studies, but also to scholars of horror, gender studies, popular culture, visual arts, genre studies and narratology.

*Necroscope: Invaders* Brian Lumley,2011-04-01 Three great vampires--two Lords and a Lady--arrive on an unsuspecting Earth that teems with defenseless humans, easy prey for the marauding vampires. But humanity has defenders. Though the necroscope is gone, the psychically gifted men and women of E-Branch move swiftly against the vampire infestation. Jake Cutter is running for his life through the streets of Turin when he vanishes, appearing moments later inside the triply locked Harry's room in E-Branch's London HQ. Jake's dreams are very strange, filled with the voices of the dead--the Great majority, the Necroscope, Harry Keogh, even a dead vampire. He hears them all, but he doesn't truly understand. If Jake is the new Necroscope, he has to learn--fast!--how to control his powers and speak to the dead. E-Branch, with the reluctant Jake along for the ride, is about to go head-to-head with Malinari the Mind, a vampire Lord whose psychic abilities are second to none. But the dead don't trust Jake, not like they trusted Harry. Jake's got personal revenge on his mind, and he's spending too much time talking that dead vampire. He's got to start thinking about the future--or he won't have one! At the Publisher's request, this title is being sold without Digital Rights Management Software (DRM) applied.

**Invaders from Mars** Ray Garton,1986 No one believes David when he claims to have seen a spaceship crash in the woods, but when everyone around him begins to act strangely, it is up to David to warn Earth of an alien invasion

*Martian Wars* Peter Worthington,2013-08-08 The attack on Earth would go ahead, however the invasion force is not as strong as it was supposed to be. Zypson and his evil Wetan allies have a problem that they don't know about. Mark, the Earthling pilot, is acting as a spy pretending to work with them. Laveena, Miles and Yenon are captives of Zypson. Thinking that Mark has betrayed them they fear their end might be close. Will Mark be able to help the captives escape? Will Zypson's plan to kidnap Madam Chan workout? What is the Horror tha

**"Twice the Thrills! Twice the Chills!"** Bryan Senn,2019-02-28 In the mid-1950s, to combat declining theater attendance, film distributors began releasing pre-packaged genre double-bills--including many horror and science fiction double features. Though many of these films were low-budget and low-end, others, such as *Invasion of the Body Snatchers*, *Horror of Dracula* and *The Fly*, became

bona fide classics. Beginning with Universal-International's 1955 pairing of *Revenge of the Creature* and *Cult of the Cobra*, 147 officially sanctioned horror and sci-fi double-bills were released over a 20-year period. This book presents these double features year-by-year, and includes production details, historical notes, and critical commentary for each film.

**A Wind Named Amnesia** Hideyuki Kikuchi, 2008 The Apocalypse didn't end with a BANG, but with a whimper. Silently, the 'amnesia wind' swept away all of mankind's knowledge. Thousands of years of human civilization vanished overnight as people forgot how to use the tools of modern civilization; who they were, how to speak - everything! Technology decayed as mankind was reduced to an extremely primitive level. Two years after the devastation, a young man explores a nation reduced to barbarism: America. Miraculously re-educated after the cataclysm, he is accompanied by a young woman - somehow spared the obliterating effects of the amnesia wind. Pursued by a relentless killing machine, they search for those responsible for stealing their memories.
