Allowed to Grow Old Isa Leshko,2019-05-10 There's nothing quite like a relationship with an aged pet—a dog or cat who has been at our side for years, forming an ineffable bond. Pampered pets, however, are a rarity among animals who have been domesticated. Farm animals, for example, are usually slaughtered before their first birthday. We never stop to think about it, but the typical images we see of cows, chickens, pigs, and the like are of young animals. What would we see if they were allowed to grow old? Isa Leshko shows us, brilliantly, with this collection of portraits. To create these portraits, she spent hours with her subjects, gaining their trust and putting them at ease. The resulting images reveal the unique personality of each animal. It's impossible to look away from the animals in these images as they unforgettably meet our gaze, simultaneously calm and challenging. In these photographs we see the cumulative effects of the hardships of industrialized farm life, but also the healing that time can bring, and the dignity that

can emerge when farm animals are allowed to age on their own terms. Each portrait is accompanied by a brief biographical note about its subject, and the book is rounded out with essays that explore the history of animal photography, the place of beauty in activist art, and much more. Open this book to any page. Meet Teresa, a thirteen-year-old Yorkshire Pig, or Melvin, an eleven-year-old Angora Goat, or Tom, a seven-year-old Broad Breasted White Turkey. You'll never forget them.

The Things They Carried Tim O'Brien, 2009-10-13 Look for O'Brien's new book, *American Fantastica*, on sale October 24th A classic work of American literature that has not stopped changing minds and lives since it burst onto the literary scene, *The Things They Carried* is a ground-breaking meditation on war, memory, imagination, and the redemptive power of storytelling. *The Things They Carried* depicts the men of Alpha Company: Jimmy Cross, Henry Dobbins, Rat Kiley, Mitchell Sanders, Norman Bowker, Kiowa, and the character Tim O'Brien, who has survived his tour in Vietnam to become a father and writer at the age of forty-three. Taught everywhere—from high school classrooms to graduate seminars in creative writing—it has become required reading for any American and continues to challenge readers in their perceptions of fact and fiction, war and peace, courage and fear and longing. *The Things They Carried* won France's prestigious Prix du Meilleur Livre Etranger and the Chicago Tribune Heartland Prize; it was also a finalist for the Pulitzer Prize and the National Book Critics Circle Award.

IRL Chris Stedman, 2020-10-20 What Does IRL (In Real Life) Really Mean in Today's Digital Age? It's easy and reflexive to view our online presence as fake, to see the internet as a space we enter when we aren't living our real, offline lives. Yet so much of who we are and what we do now happens online, making it hard to know which parts of our lives are real IRL, Chris Stedman's personal and searing exploration of authenticity in the digital age, shines a light on how age-old notions of realness—who we are and where we fit in the world—can be freshly understood in our increasingly online lives. Stedman offers a different way of seeing the supposed split between our online and offline selves: the internet and social media are new tools for understanding and expressing ourselves, and the not-always-graceful ways we use these tools can reveal new insights into far older human behaviors and desires. IRL invites readers to consider how we use the internet to fulfill the essential human need to feel real—a need many of us once met in institutions, but now seek to do on our own, online—as well as the ways we edit or curate ourselves for digital audiences. The digital search for meaning and belonging presents challenges, Stedman suggests, but also myriad opportunities to become more fully human. In the end, he makes a bold case for embracing realness in all of its uncertainty, online and off, even when it feels risky.
