Bronco Racing John Elkin, 2022-06-15 Stuffed with never-before-seen photography, stories, and race results, *Bronco Racing: Ford's Legendary 4x4 in Off-Road Competition* is the most definitive publication ever on this marque's racing success! In 1965, legendary builder and off-road aficionado Bill Stroppe was one of the first to test the new Bronco in off-road conditions. In March 1966, Stroppe introduced his racing Bronco to the press at the Bronco Roundup, where racing ace Ray Harvick pounded the Santa Ana river bottom with his tuned machine to win Top Eliminator at the Four-Wheel-Drive Grand Prix at Riverside, and the rest is history. Ford's Bronco dominated the off-road racing scene and captured coveted titles in the Mint 400, Baja 500, and dirt racing's crowning achievement: the Mexican 1000/Baja 1000. As the first-generation Bronco gave way to the second-generation machine (1978), racing Broncos continued to devour the competition until Ford pulled the plug on the rig in 1996. Complementing the legendary Broncos featured here, you will also hear the tales of their wranglers, including Parnelli Jones, Rod Hall, Larry Minor, Shelby Hall, James Garner, Don Barlow, James Duff, Bill Rush, and the aforementioned Ray Harvick and Bill Stroppe. The infamous mounts covered include Big Oly/Crazy Colt, Pony, Big Hoss, Crazy Horse, Stove, and Colt. Diligently penned by Bronco racing historian John Elkin, this book is the most comprehensive collection of historical accuracy ever authored on this subject. Pull your belts tight and wipe your goggles clean one last time with *Bronco Racing: Ford's Legendary 4x4 in Off-Road Competition*!

The American Speed Shop Bob McClurg,2021-02-15 The history of hot rodding and performance cars has been well chronicled through the years. Books and magazines have covered the cars, builders, pioneers, engineers, early racers, muscle cars, street racers, etc. Most take a nostalgic and fun look at the cars that many have loved their entire lives. Some even cover the lifestyle, the hobby as it involves people, and the effort, time, and commitment people put into it. It is more than just a hobby to most, and to many, a certain wave of nostalgia comes over them when remembering what the car scene was like back in the day. The local speed shop is an important element of the nostalgic feeling that people have when fondly remembering their hot rodding youth. Speed shops were not just parts stores, they were a communal gathering place for car guys wanting to talk smart, bench race, and catch up on the local scene, as well as to solicit the expert advice from the

owner or staff behind the counter. Here, longtime hot rodder and industry veteran Bob McClurg brings you the story of the era and the culture of speed shops as told through individual shop's histories and compelling vintage photography. He covers the birth of the industry, racing versus hot rodding, mail-order, and advertising wars. You learn about the performance boom of the 1960s and 1970s, lost speed shops as well as survivors, and an overview of the giant mail-order speed shops of today.

The Language of Horse Racing Gerald Hammond,2016-04-15 In dictionary form but offering much more than dictionary definitions, *The Language of Horse Racing* presents a guide to the history, development and usage of words and phrases employed on the racecourse, by those who train and look after horses, those who ride them, and those who lose their money betting on them. Here the reader will discover exactly what the distance is, and why it is so called; what the cap was in handicap; what relation the wild goose chase had to the steeple-chase; what is dead about a dead heat; and what the differences are between getting in, getting on, getting out and getting up. *The Language of Horse Racing* also reveals the language of the racecourse, including the bizarre vocabulary of betting, from the betting boots that early bookies put on, to the faces, heads, sharks and sharps who feed off the buzz and whisper that go round the ring.

Life with Luke Dave Argabright, Jimmy Sills, 2019-10

The Two Step Horse Racing System M C Horrocks, The system works for UK Handicap and Non Handicap races but I tend to favour Handicap races as the prices are larger. I will concentrate only on Handicap races in this book. In summary the system works on two form variables that can be obtained from the Racing Post website and a race can be assessed in 5 minutes. This horse racing system can find winners of a UK horse race very quickly and allows punters who have busy lives to assess horse form very quickly. I wrote this horse racing system as I had many emails from punters who wanted to have a bet on Saturday or day at the races but did not want to spend hours reading horse form. This system can benefit novice to professional punters.
