Dada Woof Papa Hot Peter Parnell,2017-03-16 It's a fall night in New York City, and two couples who recently met at a parents group are out to dinner at the hot new restaurant. The foursome share photos of their kids, trade war stories from preschool applications, and discuss their work. Alan and Rob & Scott and Jason find plenty of common ground as gay couples raising kids in the city, and a play-date with their children is set. As we follow these couples through their developing friendship, the conversation deepens from after-school pick up to the cracks in their marriages. DADA WOOF PAPA HOT smartly captures the urban parent experience, particularly at this head-spinning cultural moment. #LoveWins, or so the marriage equality campaign has decreed. But then what happens?

Slides for Students Gary D. Fisk,2018-10-16 300 million powerpoint presentations are given daily, yet there is a disconnect between the amazing technology of powerpoint and a mediocre student learning experience. To unleash the full potential of powerpoint presentations, we must do a better job of creating presentations that fit the educational needs of students. Slides for Students does just that.Slides for Students is an open and honest discussion about powerpoint in the classroom. A need exists for thoughtfully designed and implemented classroom instruction that focuses on the learner rather than on the technology. This book was written to translate academic research findings into practical suggestions about powerpoint that educators can use. Divided into two parts, Slides for Students discusses the history of powerpoint, explores academic studies on the topic, and demonstrates how to design slides to best suit educational needs and engage with students to avoid the dreaded death by powerpoint.

Promoting Stability and Development in Africa Marta Martinelli,Nicoletta Pirozzi ,2015-11-20 Africa is experiencing one of the greatest transformations of its history. Today's Sub-Saharan Africa is still marked by enduring instability, mass migrations and crises, but at the same time it is also characterised by positive developments including economic growth and regional integration. This publication sheds light on these changes from three perspectives: economic policies and sustainable development; good governance and democracy; peace and security. Research in relevant regions in Sub-Saharan Africa and key countries (Ethiopia, Mozambique, Nigeria and South Africa) has been conducted by African and European experts with the aim of assessing the role of the private sector and determining the partner-ship opportunities that could potentially be developed with the public sector. A series of policy recommendations are offered to the European Union on how to tackle these opportunities in cooperation with old and new actors.

Brave New Workplace Julian Barling,2023 Brave new work! If that has a familiar ring, it is no doubt because of Aldous Huxley's Brave new world . Published in 1932, Huxley's classic novel depicted a dystopian society based on the principles upon which Henry

Ford's assembly line was built: Efficiency, mass production, conformity, predictability and mass consumerism. Brave new workplace could not be more different. At its essence, Brave new workplace presents an optimistic picture of a post-pandemic work environment that is productive, healthy, and safe. And each of the words, Brave new workplace, convey something very different about this perspective on work--

**The Bitchy Waiter** Darron Cardosa, 2016-07-05 Hilarious tales from the trenches of food service from the popular blog—perfect for fans of David Sedaris, Anthony Bourdain, Erma Bombeck and Mo Rocca. For all those disenchanted current and former food service employees, Darron Cardosa (a.k.a. The Bitchy Waiter) has your back. Based on his popular blog, this riotous book is full of waitstaff horror stories—plus heartwarming tales—from three decades in the industry. Cardosa knows you want your beer cold (“You want a cold beer? Thank you for clarifying so I didn’t bring you the one that just came out of the oven”). And while he may hate children (“I know the kid at Table Eight is trouble the moment he rolls into the restaurant in his fancy stroller”), he will at least consider owning up to his mistakes: “Do I take the steak from the floor, citing the “three-second rule,” and put it in the to-go box and carry it back to the woman?” From crazy customers to out-of-control egos, these acerbic tales offer a hilarious glimpse into what really goes on in that fancy restaurant—and inside the mind of a server. Praise for The Bitchy Waiter “Cardosa does for wait staff what Anthony Bourdain did for kitchens: he exposes the ugly side of food service from the perspective of those working on the front lines. And he puts the potential restaurant customer on notice that someone is watching and recording their bad behavior.” —Shelf Awareness

**Islamist Extremism in Kosovo and the Countries of the Region** Kolë Krasniqi, 2019-09-09 This brief analyzes the social, historical and societal circumstances influencing the emergence of Islamist extremism in Kosovo and countries of the region. It discusses the creation of propagandist infrastructure by foreign organizations to spread radical ideology and instigate inter-religious conflicts in order to establish an Islamist extremist movement, and highlights the camouflaged activities of humanitarian organizations funding terrorism. This brief focuses particularly on examining the development and concrete manifestation of Islamism and the latent risks posed by Islamist extremism not just for the national security of Kosovo but also for the peace and safety of the entire region. Examining the development, effects and latent risks posed by Islamist extremism in the Balkans, *Islamist Extremism in Kosovo and the Countries of the Region* will be useful to scholars, policy-makers, and law enforcement practitioners working in counter-terrorism, as well as those interested in the unique sociopolitical climate of the Balkans.

**The Original Hot Five Recordings of Louis Armstrong** Gene Henry Anderson, 2007 Between 1925 and 1928 the Hot Five--the incomparable Louis Armstrong and four seasoned practitioners of the burgeoning jazz style--recorded fifty-five performances in Chicago for the OKeh label. Oddly enough, the quintet immortalized on vinyl with recent technology rarely performed as a unit in local nightspots. And yet, like other music now regarded as especially historic, their work in the studio summarized approaches of the past

and set standards for the future. Remarkable both for popularity among the members of the public and for influence on contemporary musicians, these recordings helped make Satchmo a familiar household name and ultimately its bearer an adored public figure. They showcased Armstrong's genius, notably his leadership in transforming the practice of jazz as an ensemble improvisation into jazz as the art of the improvising soloist. In his study Professor Anderson--for the first time--provides a detailed account of the origins of this pioneering enterprise, relates individual pieces to existing copyright deposits, and contextualizes the music by offering a reliable timeline of Armstrong's professional activities during these years. All fifty-five pieces, moreover, are described in informed commentary [Publisher description].

**Live Fast Die Hot** Jenny Mollen, 2017-06-27 \*A NEW YORK TIMES HUMOR BESTSELLER\* By the author of *I Like You Just the Way I Am* and a frequent Chelsea contributor, an outrageous collection of personal stories about motherhood, responsibility, and other potential disasters. Jenny Mollen is a writer and actress living in New York. Until recently, her life was exciting, sexy, a little eccentric, and one hundred percent impulsive. She had a husband who embraced her crazy—who understood her need to occasionally stalk around the house in his ex-girlfriend's old beach caftans and to invite their drug dealer to Passover seder (so he wouldn't feel like they were using him only for drugs). Then they had their son, Sid, and overnight, Jenny was forced to grow up: to be responsible, to brush her hair, to listen to her voicemail. Searingly funny and surprisingly affecting, *Live Fast Die Hot* is a collection of stories about what happens when you realize that some things are more important than crafting the perfect tweet—and a reminder that even if you never thought you were cut out for parenting, at least you can be better at it than your mother.

*Cold War Gone Hot* Ambush Alley Ambush Alley Games, 2011-11-20 My fellow Americans, I'm pleased to tell you today that I've signed legislation that will outlaw Russia forever. We begin bombing in five minutes.†? – Ronald Reagan, 1984. With these words, spoken as a sound check to a radio broadcast, President Reagan came dangerously close to igniting the long-simmering Cold War. Although Soviet forces were placed on alert following reports of this comment, the full-scale conflict between the West and the Soviet Bloc did not break out. *Cold War Gone Hot*, the latest companion volume for *Force on Force*, looks at the 44-year history of the Cold War and asks: what if?†? With the orders of battle, vehicle stats and missions included in this volume, *Force on Force* players can simulate the advance of Soviet tanks across Western Europe, a thrust into Alaska, or any number of other plausible scenarios where history took a slightly different path.

**Masculine Christianity** Zachary Garris, 2022-03-08 The Western church has gone feminist. God has given men authority in the home, church, and society. Yet the church has rebelled against God's design and embraced the unbelieving world's teaching that women should take on the same roles and duties as men rather than focus on the home and children. Christian scholarship and Bible commentaries are dominated by feminist arguments that both husband and wife should submit to each another (mutual submission), that women may be pastors and preach sermons to men, and that the Apostle Paul's teaching on men and women was limited to Greco-Roman culture and has been transcended by our unity in Christ. Sadly, the conservative response to feminism-complementarianism-compromised several historic Christian teachings and has thus given feminism an even stronger foothold in the church. Many complementarians fail to root gender roles in the differing natures of men and women. As a result, they have refused to apply the Bible's teaching about men and women beyond the home and church, leading to the embrace of women in civil office and

military combat. In addition, the vast majority of complementarians have adopted the novel interpretation of 1 Corinthians 14:34-35 (the women should keep silent in the churches) that Paul only prohibited women from evaluating prophecy, which has opened the door to women preaching and teaching men in the church. The result is that the Western church has become effeminate and weak. Pastors are afraid to teach important Bible passages on the roles and duties of men and women, and it is no surprise that young Christian women are trading babies for careers outside the home and that churches are regularly capitulating to subversions of biblical sexual ethics. What the church needs is to recover its masculine calling, where men embrace their God-given authority-and responsibility-in the home, church, and society. This book affirms the historic Christian teaching on men and women, critiques feminist scholarship, and urges complementarians to hold a more robust and consistent position. This is a call to return to the Bible's teaching on men and women. This is a call to Masculine Christianity.
