Visual Notetaking James David Rockefeller, Notetaking means to record information obtained from other sources (lectures, books, Internet) in a systematic manner. The practice of notetaking allows students to review material without relying solely on their memories. Not all students have good notetaking skills, and some would argue that the traditional method of notetaking is not the most suitable method for all students. The Visual Notetaking Strategy is defined as the process of representing information non-linguistically. This means through drawings or pictures. It can be simple, using sketches or doodles, or more complex, using mind mapping or concept maps as representations. Notetaking is a skill that takes some practice, but it makes a tremendous difference in grades and - more importantly - improves the ability to learn and feel successful.

Your First Week With Node.js James Hibbard, Craig Buckler, Mark Brown, Nilson Jacques, James Kolce, Paul Orac, M. David Green, Florian Rappl, 2020-04-24 While there have been quite a few attempts to get

JavaScript working as a server-side language, Node.js (frequently just called Node) has been the first environment that's gained any traction. It's now used by companies such as Netflix, Uber and Paypal to power their web apps. Node allows for blazingly fast performance; thanks to its event loop model, common tasks like network connection and database I/O can be executed very quickly indeed. From a beginner's point of view, one of Node's obvious advantages is that it uses JavaScript, a ubiquitous language that many developers are comfortable with. If you can write JavaScript for the client-side, writing server-side applications with Node should not be too much of a stretch for you. This book offers a selection of beginner-level tutorials to provide you with an introduction to Node and its related technologies, and get you under way writing your first Node applications. It contains: What Is Node and When Should I Use It? Build a Simple Page Counter Service with Node.js Understanding module.exports and exports in Node.js Forms, File Uploads and Security with Node.js and Express Working with Databases in Node How to Build and Structure a Node.js MVC Application Local Authentication Using Passport in Node.js How to Debug a Node App Node Testing for Beginners How to Use SSL/TLS with Node.js Configuring NGINX and SSL with Node.js Using Docker for Node.js Development
