**Unlock Purva Punya and Paap from the Stories of 27 Nakshatras** S. PRAKASH,2021-07-20 This book is about philosophically decoding horoscope through the mythological stories of Nakshatras with a unique amalgamation of medical astrology and D60. It is a humble attempt to introduce the eternal wisdom of various Vedic ideas, including Atman, Paramatma, Karma and Dharma, from our sages. The author endeavors to explain cosmic energies in the universe but also show how the teachings of the Vedas can be used to lead a blissful life amid the present-day chaos, stress and confusion. The activation of Seven Human Chakras results in achieving everlasting, blissful life from the 'Cosmic energy' that enters the human body, located along our spine, and explains how this 'cosmic energy' in the form of 'spectrum colors light' of varying wavelengths resonate with each of the seven main Chakras of the human body. If Chakras are blocked or unbalanced, then it can lead to diseases and create obstacles while realizing your dreams. It seems very unreasonable that one person enjoys good health and wealth and the other suffers. Yes, there are very strong karmic reasons for the disease and misfortune. Prarabdh is the allotted karma for this life, which we have carried forward from past lives in our body, mind, emotions and manifestations in the form of electromagnetic waves around us, which are the karmic particles of past lives. This book is a very easy and handy guide for everyone. Anyone can decode their horoscope by applying astrological principles with mythology. The intent of writing this book is not to claim to change someone's future but to help nurture and transform a native's future by doing karmic deeds so that they can sail through easily in their lives. This book is not about predictive astrology; it is about sharing the philosophy of life that one has to adapt to lead a sin-free life.

**30+ Mark Twain Collection. Novels. Stories. Essays.** Mark Twain,2022-06-13 Twain began his career writing light, humorous verse, but he became a chronicler of the vanities, hypocrisies, and murderous acts of mankind. At mid-career, he combined rich humor, sturdy narrative, and social criticism in Huckleberry Finn. He was a master of rendering colloquial speech and helped to create and popularize a distinctive American literature built on American themes and language. A complete bibliography of Twain's works is nearly impossible to compile because of the vast number of pieces he wrote (often in obscure newspapers) and his use of several different pen names. This book contains more than 30 of the most famous and significant works of Mark Twain.
