Tobacco Leaf ,1907

The Golden Leaf Charlotte Cosner,2015-02-10 Through the rise and fall of empires, ideologies, and economies, tobacco grown on the tiny island of Cuba has remained an enduring symbol of pleasure and extravagance. Cultivated as one of the first reliable commodities for those inhabitants who remained after conquistadors moved on in search of a mythical wellspring of gold, tobacco quickly became crucial to the support of the swelling Spanish Empire in the seventeenth and eighteenth centuries. Eventually, however, tobacco became one of the final stabilizing forces in the empire, and it ultimately proved more resilient than the best laid plans of kings and queens. Tobacco, and those whose livelihoods depended on it, shrugged off the Empire's collapse and pressed on into the twentieth century as an economic force any state or political power must reckon with. Cosner explores the history of this golden leaf through the personal narratives of farmers, bureaucrats, and laborers, all struggling to build an independent and lucrative economic engine. Through conquest, rebellion, colonial and imperial schemes, and the eventual Communist revolution, Cuban tobacco and cigars became a luxury item that commanded loyalty that defied mere borders or embargoes. Ultimately, *The Golden Leaf* is a story of two carefully cultivated products: Cuban tobacco,

and its lofty reputation.

From there the book lists a number of innovative cigar accessories, suggests which beers, wines, whiskeys, brandies, and cognacs go with what cigars, enlightens us with a chapter on cigar smoking celebrities, and concludes with the world's first International Compendium of

virtually every cigar brand known today, complete with histories and observations on taste, according to the author's HPH (Highly Prejudiced Hacker-Scale) ratings. "We're Going to See the Beatles!" Garry Berman,2008-04-01 "We're Going to See the Beatles!" presents the story of Beatlemania in America as experienced by their most devoted fans. "We're Going to See the Beatles!" includes anecdotes from those who cheered the group as they arrived at Kennedy Airport in 1964, who kept vigil for them outside the Plaza Hotel, and who sat in the studio audience of The Ed Sullivan Show for the band's landmark first live TV broadcast. Other fans detail what it was like to see the Beatles in one of their rare concerts at such famous venues as Shea Stadium and Candlestick Park. From the earliest whispers about the band to the Beatles' appearance on The Ed Sullivan Show, and from their subsequent tours and albums to their breakup, author Garry Berman has collected stories from the fans who witnessed the hysteria firsthand. Contributors from around the United States also share photographs and mementos to help create a richly detailed and

entertaining oral history. What emerges is a highly personal account of the Beatles and their incredible impact on music and popular culture.

Perfect Fool Garry Berman, 2011-11 Perfect Fool: The Life and Career of Ed Wynn is the first-ever biography of the master comedian, chronicling a legendary career that spanned over half a century. It was Ed who coined this famous definition: A comedian is not a man who says funny things; a comedian is a man who says things funny. Ed did both, first as a vaudeville and Ziegfeld Follies star, then as the Perfect Fool (so named from one of his many self-produced Broadway revues), as radio's Fire Chief on the popular Texaco-sponsored program, and as an early pioneer at the dawn of network television. He attained a level of praise and respect from his comedy peers, critics, and, of course, the public, rarely matched by any other comedian since. In his later years, he became a highly acclaimed dramatic character actor, much to the surprise and joy of all who didn't know he had it in him (including Ed himself). Yet for all his impressive achievements, this comedian/actor/director/writer has been too often overlooked in the years since his death in 1966. Perfect Fool is meant to help correct this injustice, with reviews, interviews, and never before published photos, some courtesy of grandson Tracy Keenan Wynn. This book is an appreciation of Ed Wynn's talents, foresight, and highly regarded ability to make people laugh virtually at will. About the Author: Garry Berman is an entertainment historian and freelance writer. His previous books include Best of the

Britcoms, a celebration of the finest British situation comedies to appear on American television, and We're Going To See The Beatles!, an oral history of the Beatlemania era as told by the original generation of fans who lived it first-hand. Berman has also published a comic novel, Old Wave, and writes comedy scripts in between book projects. He lives in New Jersey with his wife Karen and their two spoiled dogs.

How to Win at Quitting Smoking V. J. Sleight, 1915-01-03 Unlike other books on the subject, How to Win at Quitting Smoking focuses on the process of change instead of a single method. Proven evidence based strategies are given in a motivating manner, often in a smoker's own words. Easy to understand analogies are used to explain some of the complicated psychological processes of change. As a former smoker, the author writes from personal experience, as well as over 20 years of clinical practice helping thousands become smoke-free.

Too Close to the Sun Sara Wheeler, 2009-07-14 A champion of Africa,

legendary for his good looks, his charm, and his prowess as a soldier, lover, and hunter, Denys Finch Hatton inspired Karen Blixen to write the unforgettable *Out of Africa*. Now esteemed British biographer Sara Wheeler tells the truth about this extraordinarily charismatic adventurer. Born to an old aristocratic family that had gambled away most of its fortune, Finch Hatton grew up in a world of effortless elegance and boundless power. In 1910, searching for something new, he arrived in British East Africa and fell in love—with a continent, with a landscape, with a way of life that was about to change forever. In Nairobi, Finch Hatton met Karen Blixen and embarked on one of the great love affairs of the twentieth century. Intellectual equals, Finch Hatton and Blixen were genuine pioneers in a land that was quickly being transformed by violence, greed, and bigotry. Ever restless, Finch Hatton wandered into a career as a big-game hunter and became an expert bush pilot. Mesmerized all his life by the allure of freedom and danger, Finch Hatton was, writes Wheeler, “the open road made flesh.”

All-in Fighting W. E. Fairbairn, 2021-05-06 The author of this concise guide to unarmed combat and self-defence is a legend. W. E. Fairbairn (1885-1960) spent over thirty years in the tough environment of the Riot Squads of China's Shanghai Municipal Police. In order to lower levels of Police mortality at the hands of Chinese Tongs, he studied ancient Chinese and Japanese martial arts, including Ju-jitsu, and was the first foreigner to be awarded a black belt in the discipline. He developed his own system which he

called 'Defendu'. At the outbreak of the Second World War, he was recruited by Britain's Special Operations Executive as an Instructor in unarmed combat and expounded the deadly mysteries of attack and defence to scores of trainee agents about to be dropped into occupied Europe. His methods were approved and officially adopted throughout the British army. Fairbairn also developed weapons and defence aids such as bullet proof vests. He is best known as the co-inventor of the famous Sykes-Fairbairn knife. In this book he expounds his distilled experience of unarmed combat. Fully illustrated, it shows how to deliver deadly blows with hand, fist, knee and boot; wrist, bear- and strangle holds (and how to break them); how to throw an enemy, and how to break their backs; how to disarm a pistol-wielding attacker; and securing a prisoner. The book also contains a chapter on the use of the rifle in close combat by Captain P. N. Walbridge.

The Sherlock Holmes School of Self-Defence E. W. Barton-Wright, 2017-03-02
When Sherlock Holmes wrestled with Dr Moriarty on the Reichenbach Falls, he was employing a system of self-defence that was all the rage in Victorian Britain. In an age when footpads and fogle-snatchers meant a man of breeding took his life in his hands when walking across town, a martial arts craze took hold that did not escape Conan-Doyle's keen eye for research. Schools sprung up all over London, chief among which was E.W. Barton-Wright's Bartitsu method. The Sherlock Holmes School of Self-Defence commemorates Barton-Wright's exploits and the fighting techniques of the famous sleuth

himself (though Conan-Doyle mischiveously spelled it Baristu). Learn how to defend yourself with an overcoat, cane, or umbrella, or even to wield your bicycle against an attacker. Wonderful illustrations based on original photographs instruct the reader in skills that range from the sublime to the elementary.

London to Ladysmith & Ian Hamilton's March Winston Churchill, 2013-01-23 In addition to his enduring fame as a statesman, Winston Churchill was a Nobel Prize-winning author whose military histories offer the unique perspective of a participant in world affairs. London to Ladysmith and Ian Hamilton's March reflect his early career as a Boer War correspondent for London's Morning Post in 1899 and 1900. London to Ladysmith chronicles the Boer War's first five months, from the author's arrival in South Africa to his capture during a Boer ambush of an armored train. Churchill's gripping narrative of his

escape from a prisoner-of-war camp traces a grueling journey across enemy territory and back to British lines. Ian Hamilton's March picks up the action immediately afterward, documenting the eponymous general's 400-mile advance from Bloemfontein to Pretoria. The march saw ten major battles and numerous skirmishes, culminating in the release of prisoners from the camp where Churchill himself was held. Written mostly in the field, this book offers a vivid, personal account of the conditions under which the Boer War was fought, as well as a fascinating look at the formative years of one of the twentieth century's preeminent leaders.
