Vaccine Danger Quackery and Sin Edward Hendrie,2023-03-07 This book reveals the most significant medical fraud in history. The theory that you can prevent illness by injecting poisons into the bodies of healthy people is dangerous quackery and sin. All true science has proven the practice of vaccination to be ineffective and unsafe. But the medical establishment has been lured into the superstitious practice, hook, line, and sinker. It is not merely a matter of ignorance that the debilitating practice flourishes. It is, at its core, being promoted by those who know it is unsafe and ineffective. There is a malevolent spirit behind the practice. It is part of a conspiracy against God and man. While most doctors are unwitting, some are willing minions of that old serpent, called the Devil, and Satan, who are quite happy to kill people for profit. Jesus describes such men: Ye are of your father the devil, and the lusts of your father ye will do. He was a murderer from the beginning, and abode not in the truth, because there is no truth in him. When he speaketh a lie, he speaketh of his own: for he is a liar, and the father of it. John 8:44.
