Crafting HTML Email Remi Parmentier, 2022-04-06 Learn the secrets that HTML email pros use to create effective emails that work well in every single email client! Emails are part of almost every web project, from password reset to order confirmations to marketing emails. Yet coding HTML emails is dreaded among even the most experienced web developers as they can be tricky, given the multiple quirks of different email clients. This short book explains modern HTML email best practices, from how to deal with multiple email clients, to adding interactivity (yes you can do that!), to accessibility, and more. We'll finish with a complete case study: a redesign of SitePoint's very own email newsletter. Stop worrying about HTML email and learn to love the craft!
