Unbroken Laura Hillenbrand,2014-07-29 #1 NEW YORK TIMES BESTSELLER • NOW A MAJOR MOTION PICTURE • Look for special features inside. Join the Random House Reader's Circle for author chats and more. In boyhood, Louis Zamperini was an incorrigible delinquent. As a teenager, he channeled his defiance into running, discovering a prodigious talent that had carried him to the Berlin Olympics. But when World War II began, the athlete became an airman, embarking on a journey that led to a doomed flight on a May afternoon in 1943. When his Army Air Forces bomber crashed into the Pacific Ocean, against all odds, Zamperini survived, adrift on a foundering life raft. Ahead of Zamperini lay thousands of miles of open ocean, leaping sharks, thirst and starvation, enemy aircraft, and, beyond, a trial even greater. Driven to the limits of endurance, Zamperini would answer desperation with ingenuity; suffering with hope, resolve, and humor; brutality with rebellion. His fate, whether triumph or tragedy, would be suspended on the fraying wire of his will. Appearing in paperback for the first time—with twenty arresting new photos and an extensive Q&A with the author—Unbroken is an unforgettable testament to the resilience of the human mind, body, and spirit, brought vividly to life by Seabiscuit author Laura Hillenbrand. Hailed as the top nonfiction book of the year by Time magazine • Winner of the Los Angeles Times Book Prize for biography and the Indies Choice Adult Nonfiction Book of the Year award “Extraordinarily moving . . . a powerfully drawn survival epic.”—The Wall Street Journal “[A] one-in-a-billion story . . . designed to wrench

from self-respecting critics all the blurby adjectives we normally try to avoid: It is amazing, unforgettable, gripping, harrowing, chilling, and inspiring.”—New York “Staggering . . . mesmerizing . . . Hillenbrand’s writing is so ferociously cinematic, the events she describes so incredible, you don’t dare take your eyes off the page.”—People “A meticulous, soaring and beautifully written account of an extraordinary life.”—The Washington Post “Ambitious and powerful . . . a startling narrative and an inspirational book.”—The New York Times Book Review “Magnificent . . . incredible . . . [Hillenbrand] has crafted another masterful blend of sports, history and overcoming terrific odds; this is biography taken to the nth degree, a chronicle of a remarkable life lived through extraordinary times.”—The Dallas Morning News “An astonishing testament to the superhuman power of tenacity.”—Entertainment Weekly “A tale of triumph and redemption . . . astonishingly detailed.”—O: The Oprah Magazine “[A] masterfully told true story . . . nothing less than a marvel.”—Washingtonian “[Hillenbrand tells this] story with cool elegance but at a thrilling sprinter’s pace.”—Time “Hillenbrand [is] one of our best writers of narrative history. You don’t have to be a sports fan or a war-history buff to devour this book—you just have to love great storytelling.”—Rebecca Skloot, author of *The Immortal Life of Henrietta Lacks*

Ghosts of Afghanistan Jonathan Steele, 2011-10-01 A masterful blend of graphic reporting, illuminating interviews, and insightful analysis. *Ghosts of Afghanistan* is the first account of Afghanistan's turbulent recent history by an independent eyewitness. Jonathan Steele, an award-winning journalist and commentator, has covered the country since his first visit there as a reporter in 1981. He tracked the Soviet occupation and the communist regime of Najibullah, which held the Western-backed resistance at bay for three years after the Soviets left. He covered the arrival of the Taliban to power in Kabul in 1996, and their retreat from Kandahar under the weight

of U.S. bombing in 2001. Most recently Steele has reported from the epicenter of the Taliban resurgence in Helmand. *Ghosts of Afghanistan* turns a spotlight on the numerous myths about Afghanistan that have bedeviled foreign policy-makers and driven them to repeat earlier mistakes. Steele has conducted numerous interviews with ordinary Afghans, two of the country's Communist presidents, senior Soviet occupation officials, as well as Taliban leaders, Western diplomats, NATO advisers, and United Nations negotiators. Comparing the challenges facing the Obama Administration as it seeks to find an exit strategy with those the Kremlin faced in the 1980s, Steele cautions that military victory will elude the West just as it eluded the Kremlin. Showing how and why Soviet efforts to negotiate an end to the war came to nothing, he explains how negotiations today could put a stop to the tragedies of civil war and foreign intervention that have afflicted Afghanistan for three decades.

Resistance Behind Bars Victoria Law, 2012-10-05 In 1974, women imprisoned at New York's maximum-security prison at Bedford Hills staged what is known as the August Rebellion. Protesting the brutal beating of a fellow prisoner, the women fought off guards, holding seven of them hostage, and took over sections of the prison. While many have heard of the 1971 Attica prison uprising, the August Rebellion remains relatively unknown even in activist circles. *Resistance Behind Bars* is determined to challenge and change such oversights. As it examines daily struggles against appalling prison conditions and injustices, *Resistance* documents both collective organizing and individual resistance among women incarcerated in the U.S. Emphasizing women's agency in resisting the conditions of their confinement through forming peer education groups, clandestinely arranging ways for children to visit mothers in distant prisons and raising public awareness about their lives, *Resistance* seeks to spark further discussion and research into the lives of incarcerated

women and galvanize much-needed outside support for their struggles. This updated and revised edition of the 2009 PASS Award winning book includes a new chapter about transgender, transsexual, intersex, and gender-variant people in prison.

Wired for War P. W. Singer, 2009-01-22 “[Singer's] enthusiasm becomes infectious . . . Wired for War is a book of its time: this is strategy for the Facebook generation.” —Foreign Affairs “An engrossing picture of a new class of weapon that may revolutionize future wars. . .” —Kirkus Reviews P. W. Singer explores the greatest revolution in military affairs since the atom bomb: the dawn of robotic warfare We are on the cusp of a massive shift in military technology that threatens to make real the stuff of I, Robot and The Terminator. Blending historical evidence with interviews of an amazing cast of characters, Singer shows how technology is changing not just how wars are fought, but also the politics, economics, laws, and the ethics that surround war itself. Travelling from the battlefields of Iraq and Afghanistan to modern-day skunk works in the midst of suburbia, Wired for War will tantalise a wide readership, from military buffs to policy wonks to gearheads.

The Rejects Jamie Collinson, 2024-02-22 Imagine you've made it. You and your friends have hit

the big time in music and you're going to be a star. But then, quite suddenly, it's over. Your best friends don't want you anymore, and you're on the outside. Perhaps they're tired of your bad habits, they think you're not good enough, or they sense you just don't want it as much as they do. Whatever the cause, you're a reject. So, what do you do next? Featuring a player rejected by both Nirvana and Soundgarden who became a decorated special forces soldier, Britpoppers who spiralled into addiction before becoming novelists and missionaries, the terrifying story of Guns N' Roses' first drummer, super-rejecting band leaders, self-destroying rappers, troubled hard rock bassists and girl-band burnouts, *The Rejects* takes an intimate, thoughtful look at people who've been kicked out of bands, what they experienced and what came afterwards. Coming from a writer with twenty years' music industry experience, *The Rejects* is a sympathetic study of some of music's most fascinating characters, and what happens when the dream comes crashing to an end. The result is a compelling alternative history of popular music.

Modern British Playwriting: 2000-2009 Dan Rebellato, 2013-12-16 Essential for students of theatre studies, Methuen Drama's *Decades of Modern British Playwriting* series provides a comprehensive survey and study of the theatre produced in each decade from the 1950s to 2009 in six volumes. Each volume features a critical analysis and reevaluation of the work of four/five key playwrights from that decade authored by a team of experts, together with an extensive commentary on the period. Edited by Dan Rebellato, *Modern British Playwriting: 2000-2009* provides an authoritative and stimulating reassessment of the theatre of the decade, together with a detailed study of the work of David Greig (Nadine Holdsworth), Simon Stephens (Jacqueline Bolton), Tim Crouch (Dan Rebellato), Roy Williams (Michael Pearce) and Debbie Tucker Green (Lynette Goddard).

The volume sets the context by providing a chronological survey of the decade, one marked by the War on Terror, the excesses of economic globalization and the digital revolution. In surveying the theatrical activity and climate, Andrew Haydon explores the response to the political events, the rise of verbatim theatre, the increasing experimentation and the effect of both the Boyden Report and changes in the Arts Council's priorities. Five scholars provide detailed examinations of the playwrights' work during the decade, combining an analysis of their plays with a study of other material such as early play drafts and the critical receptions of the time. Interviews with each playwright further illuminate this stimulating final volume in the Decades of Modern British Playwriting series.

Perspectives on Complementary and Alternative Medicine Tom Heller, 2005 This book explores the challenging issues associated with CAM in the context of the social, political and cultural influences that shape people's health.

Civil Rights and Security David Dyzenhaus, 2017-05-15 This collection of previously published work on security and rights focuses on the appropriate relationship between rights and what we can think of as counterterrorism policy. Such a focus might seem both necessary, because of 9/11, and unfortunate, because there are other causes of insecurity besides terrorism. However, the intensity of the 'war on terror' has created an ongoing surge of scholarship on the relationship between security and human rights that either has indirect implications for debates about security where terrorism is not in issue, or has directly led to an attempt to rethink more generally the idea of security and its relationship to rights.

The Longest War Peter L. Bergen, 2011-01-11 TEN YEARS HAVE PASSED since the shocking attacks on the World Trade Center, and after seven years of conflict, the last U.S. combat troops left

Iraq—only to move into Afghanistan, where the ten-year-old fight continues: the war on terror rages with no clear end in sight. In *The Longest War* Peter Bergen offers a comprehensive history of this war and its evolution, from the strategies devised in the wake of the 9/11 attacks to the fighting in Afghanistan, Pakistan, and beyond. Unlike any other book on this subject, here Bergen tells the story of this shifting war's failures and successes from the perspectives of both the United States and al-Qaeda and its allies. He goes into the homes of al-Qaeda members, rooting into the source of their devotion to terrorist causes, and spends time in the offices of the major players shaping the U.S. strategic efforts in the region. At a time when many are frustrated or fatigued with what has become an enduring multigenerational conflict, this book will provide an illuminating narrative that not only traces the arc of the fight but projects its likely future. Weaving together internal documents from al-Qaeda and the U.S. offices of counterterrorism, first-person interviews with top-level jihadists and senior Washington officials, along with his own experiences on the ground in the Middle East, Bergen balances the accounts of each side, revealing how al-Qaeda has evolved since 9/11 and the specific ways the U.S. government has responded in the ongoing fight. Bergen also uncovers the strategic errors committed on both sides—the way that al-Qaeda's bold attack on the United States on 9/11 actually undermined its objective and caused the collapse of the Taliban and the destruction of the organization's safe haven in Afghanistan, and how al-Qaeda is actually losing the war of ideas in the Muslim world. The book also shows how the United States undermined its moral position in this war with its actions at Guantánamo and coercive interrogations—including the extraordinary rendition of Abu Omar, who was kidnapped by the CIA in Milan in 2003 and was tortured for four years in Egyptian prisons; his case represents the first and only time that CIA officials have been charged and convicted of the crime of kidnapping. In examining other strategic blunders the United

States has committed, Bergen offers a scathing critique of the Clinton and Bush administrations' inability to accurately assess and counter the al-Qaeda threat, Bush's deeply misguided reasons for invading Iraq—including the story of how the invasion was launched based, in part, on the views of an obscure academic who put forth theories about Iraq's involvement with al-Qaeda—and the Obama administration's efforts in Afghanistan. At a critical moment in world history *The Longest War* provides the definitive account of the ongoing battle against terror.

Saving the Security State Inderpal Grewal, 2017-11-03 In *Saving the Security State* Inderpal Grewal traces the changing relations between the US state and its citizens in an era she calls advanced neoliberalism. Marked by the decline of US geopolitical power, endless war, and increasing surveillance, advanced neoliberalism militarizes everyday life while producing the "exceptional citizens"—primarily white Christian men who reinforce the security state as they claim responsibility for protecting the country from racialized others. Under advanced neoliberalism, Grewal shows, others in the United States strive to become exceptional by participating in humanitarian projects that compensate for the security state's inability to provide for the welfare of its citizens. In her analyses of microfinance programs in the global South, security moms, the murders at a Sikh temple in Wisconsin, and the post-9/11 crackdown on Muslim charities, Grewal exposes the fissures and contradictions at the heart of the US neoliberal empire and the centrality of race, gender, and religion to the securitized state.

Managing Hurricane Katrina Arjen Boin, Christer Brown, James A. Richardson, 2019-05-07 The government's response to Hurricane Katrina, one of the most devastating natural disasters in U.S. history, suffered numerous criticisms. Nearly every assessment pointed to failure, from evaluations of President George W. Bush, FEMA, and the Department of Homeland Security to the state of

Louisiana and the city administration of New Orleans. In *Managing Hurricane Katrina: Lessons from a Megacrisis*, Arjen Boin, Christer Brown, and James A. Richardson deliver a more nuanced examination of the storm's aftermath than the ones anchored in public memory, and identify aspects of management that offer more positive examples of leadership than bureaucratic and media reports indicated. Katrina may be the most extensively studied disaster to date, but the authors argue that many academic conclusions are inaccurate or contradictory when examined in concert. Drawing on insights from crisis and disaster management studies, Boin, Brown, and Richardson apply a clear framework to objectively analyze the actions of various officials and organizations during and after Katrina. They specify critical factors that determine the successes and failures of a societal response to catastrophes and demonstrate how to utilize their framework in future superdisasters. Going beyond previous assessments, *Managing Hurricane Katrina* reconsiders the role of government in both preparing for a megacrisis and building an effective response network at a time when citizens need it most.

NT and UNIX Intranet Secrets Sharon Crawford, Charlie Russel, 1997

Civilian Warriors Erik Prince, 2013-11-18 No company in our time has been as mysterious or as controversial as Blackwater. Founded by former Navy SEAL Erik Prince in 1997, it recruited special forces veterans and others with the skills and courage to take on the riskiest security jobs in the world. As its reputation grew, government demand for its services escalated, and Blackwater's men eventually completed nearly one hundred thousand missions in Iraq and Afghanistan. Both the Bush and Obama administrations found the company indispensable. It sounds like a classic startup success story, except for one problem: Blackwater has been demonized around the world. From uninformed news coverage to grossly distorted fictional portrayals, Blackwater employees have been smeared as

mercenaries, profiteers, jackbooted thugs, and worse. Because of the secrecy requirements of Blackwater's contracts with the Pentagon, the State Department, and the CIA, Prince was unable to speak out when his company's opponents spread false information. But now he's able to tell the full and often shocking story of Blackwater's rise and fall. In *Civilian Warriors*, Prince pulls no punches and spares no details. He explains his original goal of building an elite center for military and law enforcement training. He recounts how the company shifted gears after 9/11. He honors our troops while challenging the Pentagon's top leadership. And he reveals why highly efficient private military contractors have been essential to running our armed forces, since long before Blackwater came along. Above all, Prince debunks myths about Blackwater that spread while he was forced to remain silent-myths that tarnished the memory of men who gave their lives for their country but never got the recognition they deserved. He reveals new information about some of the biggest controversies of the War on Terror, including: • The true story of the Nisour Square massacre in Baghdad. • The actual details of Blackwater's so-called impunity in Iraq. • The events leading up to the televised deaths of Blackwater contractors in Fallujah. Prince doesn't pretend to be perfect, and he doesn't hide the sometimes painful details of his private life. But he has done a great public service by setting the record straight. His book reads like a thriller but is too improbable to be fiction.
