Spy School British Invasion Stuart Gibbs, 2020-05-05 Follows the spies-in-training on a hunt to find the leader of the evil organization SPYDER and take them down once and for all--

Spy Camp Stuart Gibbs, 2013-04-02 School may be out for summer, but top-secret training continues for aspiring spy Ben Ripley--and so does the danger. Ben Ripley is a middle-schooler whose school is not exactly average--he's spent the last year training to be a top-level spy and dodging all sorts of associated danger. So now that summer's finally here, Ben's ready to have some fun and relax. Except that's not going to happen, because a spy-in-training's work is never done, and the threats from SPYDER, an enemy spy organization, are as unavoidable as the summer heat. Will Ben be able to keep his cover--and his cool?

Spy School Revolution Stuart Gibbs, 2021-08-31 With SPYDER defeated, Ben Ripley is looking forward to his life getting back to normal, or as normal as possible when you're a superspy in training. For once, everything seems to be right in Ben's world...until someone bombs the CIA conference room next door. To Ben's astonishment, the attacker is none other than Erica Hale, the spy-in-training he respects more than any other. Ben refuses to believe Erica is working for the enemy...even if the rest of the CIA does. His mission: prove Erica is not a double agent working against the US, locate the fabled colonial-era insurgent group that's blackmailing her, figure out what their devious plot is, and thwart it. But this time, Ben finds himself up against opponents he has never encountered before: his own friends. They're not as ready to trust in Erica as he is, and Ben is forced to rely on his own wits and skills more than ever before. How can he succeed when he doesn't even know who he can trust?--

Spy Ski School Stuart Gibbs, 2017-10-10 Ben Ripley enrolls in ski school, where the

slopes, and the stakes, get really steep in this bestselling follow-up to the Edgar Award-nominated *Spy School*, *Spy Camp*, and *Evil Spy School*. Thirteen-year-old Ben Ripley is not exactly the best student spy school has ever seen--he keeps flunking Advanced Self Preservation. But outside of class, Ben is pretty great at staying alive. His enemies have kidnapped him, shot at him, locked him in a room with a ticking time bomb, and even tried to blow him up with missiles. And he's survived every time. After all that unexpected success, the CIA has decided to activate Ben for real. The Mission: Become friends with Jessica Shang, the daughter of a suspected Chinese crime boss, and find out all of her father's secrets. Jessica wants to go to ski school in the Rocky Mountains, so a select few spy school students are going skiing too--under cover, of course. Ben might not be able to handle a weapon (or a pair of skis), but he can make friends easy peasy. That is, until his best friend from home drops in on the trip and jeopardizes the entire mission...

Spy School at Sea Stuart Gibbs, 2022-09-06 In the ninth addition to the New York Times bestselling *Spy School* series, Ben Ripley faces his nemesis, Murray Hill, on the high seas. Thanks to the evidence Ben uncovered in his investigation of the Croatoan, the CIA has tracked his nemesis, Murray Hill, to Central America, where they believe he is boarding the world's biggest cruise ship, *The Emperor of the Seas*, on its maiden voyage around the world. His mission: Pose as part of a family, with Alexander and Catherine Hale as his parents, Erica as his sister, and his best friend Mike as his brother, to find out what Murray is plotting. At first, it sounds exciting to have a mission on the most glamorous ocean liner on earth, but as usual, nothing goes according to plan. There is action, danger, and plenty of surprises as Ben and his team quickly find themselves in hot water.

Spy School Goes South Stuart Gibbs, 2019-09-03 Thirteen-year-old spy in training Ben Ripley is sent to Mexico to try to thwart the evil organization, SPYDER--the CIA's main enemy.

The Invasion of 1910 William Le Queux, 2021-05-21 The Invasion of 1910 (1906) is a novel by Anglo-French writer William Le Queux. Published at the height of Le Queux's career as a leading author of popular thrillers, The Invasion of 1910 is a story of espionage, resistance, and international conflict. Using his own research and experience as a journalist and adventurer, Le Queux crafts an accessible, entertaining world for readers in search of a literary escape. Known for his works of fiction and nonfiction on the possibility of Germany invading Britain—a paranoia common in the early twentieth century—William Le Queux also wrote dozens of thrillers and adventure novels for a dedicated public audience. Although critical acclaim eluded him, popular success made him one of England's bestselling writers. In The Invasion of 1910, a large German occupying force lands undetected on the coast of England. After quickly defeating a hastily assembled British defense in a battle at Royston, German forces turn toward London, eventually gaining control of half of the city. Woefully unprepared, terribly overwhelmed, a small group of English politicians gathers to form a resistance force capable of conducting guerrilla style attacks on the well trained, heavily armed Germans. As the light of hope returns to a beleaguered nation, a new British Army gathers strength in order to cast the invaders out for good. Originally published in the Daily Mail, Le Queux's novel was both popular and controversial for its use of newspapermen dressed in German military uniforms to drum up sales. Despite being rejected as alarmist in its time, The Invasion of 1910 would prove prescient less than a decade after its publication

with the outbreak of the First World War. With a beautifully designed cover and professionally typeset manuscript, this edition of William Le Queux's *The Invasion of 1910* is a classic novel reimagined for modern readers.

Spy School Secret Service Stuart Gibbs, 2018-10-02 Ben goes undercover in the White House to take on a SPYDER operative determined to assassinate the president in this latest addition to the New York Times bestselling Spy School series. Thirteen-year-old Ben Ripley has had a lot of field success despite only just beginning his second year at Spy School, something even graduates rarely experience. But he'd never have survived without the help from experienced agents and his friends. Now he's been called in on a solo mission-- and the fate of the United States of America is on his shoulders alone. The Mission: Prevent a presidential assassination by infiltrating the White House, and locating the enemy operative. But when the president's son is as helpful as a hamster, and a trained SPYDER agent would never appear to be up to something (they're far too clever for that), Ben may be in over his head this time. And when everything goes wrong, Ben must rely on his Spy School friends to save his reputation...but even friends can double-cross or be swayed to the enemy's side.
