Icebreaker A. L. Graziadei,2022-01-18 A. L. Graziadei's Icebreaker is an irresistible YA debut about two hockey players fighting to be the best—and the romance that catches them by surprise along the way.

Seventeen-year-old Mickey James III is a college freshman, a brother to five sisters, and a hockey legacy. With a father and a grandfather who have gone down in NHL history, Mickey is almost guaranteed the league's top draft spot. The only person standing in his way is Jaysen Caulfield, a contender for the #1 spot and Mickey's infuriating (and infuriatingly attractive) teammate. When rivalry turns to something more, Mickey will have to decide what he really wants, and what he's willing to risk for it. This is a story about falling in love, finding your team (on and off the ice), and choosing your own path.

Icebreaker Hannah Grace,2022-11-22 #1 NEW YORK TIMES BESTSELLER Over 1 million copies sold! A TikTok sensation! Sparks fly when a competitive figure skater and hockey team captain are forced to share a rink. Anastasia Allen has worked her entire life for a shot at Team USA. It looks like everything is going according to plan when she gets a full scholarship to the University of California, Maple Hills and lands a place on their competitive figure skating team. Nothing will stand in her way, not even the captain of the hockey team, Nate Hawkins. Nate's focus as team captain is on keeping his team on the ice. Which is tricky when a facilities mishap means they are forced to share a rink with the figure skating team—including Anastasia, who clearly can't stand him. But when Anastasia's skating partner faces an uncertain future, she may have to look to Nate to take her shot. Sparks fly, but Anastasia isn't worried...because she could never like a hockey player, right?

Ice Breaker Lian Tanner,2014 Twelve year old Petrel is an outcast, the lowest of the low on an ancient icebreaker that has been following the same course for three hundred years. In that time, the ship's crew has forgotten its original purpose and broken into three warring tribes, the Cooks, the Officers and the Engineers. Everyone has a tribe except Petrel, whose parents committed such a terrible crime that they were thrown overboard, and their daughter ostracised. But Petrel is a survivor. She lives in the dark corners of the ship, trusting no one, speaking to no one except two large grey rats, Mister Smoke and Missus Slink. That is, until a boy is discovered, frozen on an iceberg, and brought onto the ship. No one knows where he has come from, and when he recovers consciousness he claims to have forgotten even his name. The tribes don't trust strangers; they haven't seen one for three hundred years. But Petrel saves him and hides him away in the forgotten corners of the ship, hoping he will be her friend. What she doesn't know is that for the last three hundred years, the ship has been guarding a secret. A secret that could change the world. A secret that the boy has been sent to destroy, along with the ship and everyone on it.
