Salt & Straw Ice Cream Cookbook Tyler Malek,JJ Goode,2019-04-30 Using a simple five-minute base recipe, you can make the “brilliant” (Andrew Zimmern), “astonishingly good” (Ruth Reichl) flavors of the innovative “ice cream gods” (Bon Appétit) Salt & Straw at home. NAMED ONE OF THE BEST COOKBOOKS OF THE SEASON BY Eater • Delish • Epicurious Based out of Portland, Oregon, Salt & Straw is the brainchild of two cousins, Tyler and Kim Malek, who had a vision but no recipes. They turned to their friends for advice—chefs, chocolatiers, brewers, and food experts of all kinds—and what came out is a super-simple base that takes five minutes to make, and an ice cream company that sees new flavors and inspiration everywhere they look. Using that base recipe, you can make dozens of Salt & Straw’s most beloved, unique (and a little controversial) flavors, including Sea Salt with Caramel Ribbons, Roasted Strawberry and Toasted White Chocolate, and Buttered Mashed Potatoes and Gravy. But more importantly, this book reveals what they’ve learned, how to tap your own creativity, and how to invent flavors of your own, based on whatever you see around you. Because ice cream isn’t just a thing you eat, it’s a way to live. Praise for Salt & Straw Ice Cream Cookbook “Making ice cream at home is already enough of a mental hurdle. . . . Salt & Straw is out to prove us wrong with a new cookbook . . . making crazy ice cream flavors is more than doable—it’s addictive.”—Portland Monthly “The approachable, you-can-do-this nature of the book should be all that home cooks need to try it out.”—Eater “I originally sought out this book solely because of the Meyer Lemon Blueberry Buttermilk Custard. . . . It is the greatest ice cream flavor that’s ever existed and, because it’s only a seasonal flavor in their stores, I needed the recipe so I could make it whenever I wanted.”—Bon Appétit “A cookbook dedicated to ice cream? Yes, please. This is essential reading for Salt & Straw fans.”—Food & Wine “Few of America’s many ice cream makers are as seasonally minded and downright creative as Salt & Straw co-founder Tyler Malek.”—GrubStreet

Majolica Mania Susan Weber,2021-01-12 The first comprehensive study of the most important ceramic innovation of the 19th century Colorful, wildly imaginative, and technically innovative, majolica was functional and aesthetic ceramic ware. Its subject matter reflects a range of 19th-century preoccupations, from botany and zoology to popular humor and the macabre. Majolica Mania examines the medium’s considerable impact, from wares used in domestic settings to monumental pieces at the World’s Fairs. Essays by international experts address the extensive output of the originators and manufacturers in England—including Minton, Wedgwood, and George Jones—and the migration of English craftsmen to the U.S. New research including information on important American makers in New York, Baltimore, and Philadelphia is also featured. Fully illustrated, the book is enlivened by new photography of pieces from major museums and private collections in the U.S. and Great Britain.
