The Greek Magical Papyri in Translation, Including the Demotic Spells Hans Dieter Betz,1986

Hemostasis and Thrombosis Robert W. Colman,2006 The pre-eminent reference on coagulation disorders is now in its thoroughly updated Fifth Edition. Written by more than 160 of the world's foremost authorities, this encyclopedic volume integrates basic science and clinical practice and details all that is currently known about blood clotting disorders and how to manage patients with these and related problems. This edition has been reorganized into smaller, more tightly focused chapters to help readers find information easily. A new co-editor, Samuel Z. Goldhaber, MD, has expanded the cardiology portion of the book. Other new features include a two-color page design and more than 100 full-color illustrations.

Romantic Love Susan S. Hendrick,Clyde Hendrick,1992-06-10 Is love a uniquely human endeavor? Is romantic love universally felt ... or is it a cultural phenomenon? Can we control it? Love is of concern to nearly everyone--yet it is rarely understood. Drawing material from history, psychology, sociobiology, sociology, philosophy, family studies, and other disciplines, the authors provide an overview to aid readers in understanding the complexity--and ultimate elusiveness--of romantic love. Chapters in this fascinating volume encompass a wide range of material, covering the history of love; theories and research on love; and an explanation of the meaning of love as we practice it in our everyday lives. Romantic Love will benefit students, researchers and professionals by presenting the most recent empirical work on the topic and pointing the way toward more exciting research and applications. This engagingly written little volume presents a social psychological approach to romantic love, but also brings to bear important facts and concepts from sociobiology, philosophy, history, family studies, and sociology. It is part of a series of short-focused volumes dealing with aspects of close relationships and would make excellent supplementary reading for undergraduate courses in marriage and the family, close relationships, social psychology, or human sexual behavior.--Journal of Marriage & The Family.

Matrixing Chi Al Case,2020-09-16 Matrixing is the first and only science of the martial arts. Matrixing has been used to resolve martial arts both common and rare, bringing new lights to ancient disciplines.In this book the science of matrixing is used to define chi power.Chi is a type of energy that permeates the universe. Actually, the universe is made of chi, thus, it is impossible for science and physics to define or measure chi in any way.With matrixing, however, it is possible to define, and measure, chi power. Further, in this book the author shares his most scientific methods for generating chi, and manipulating it. He does this through a profound study of the martial arts.About the author: Al Case began the martial arts in 1967. Since that time he has studied Kenpo, classical Karate, Wing Chun, Aikido, Northern Shaolin Ton Toi, Southern Shaolin Fut Ga, Tai Chi Chuan, Pa Kua Chang, indonesian weapons and more. He was a writer for the martial arts magazines, including a column in Inside Karate. He has written over 40 martial arts training manuals, and is the webmaster of MonsterMartialArts.com.

Free The Children Craig Kielburger,2010-07-01 This is the story that launched a movement. At only 12 years old, Craig Kielburger was shocked to discover the realities of child labour faced by kids his own age throughout the developing world. Driven to take action and witness these conditions first-hand, he and his trusted mentor Alam embarked on a journey that would take him to places he'd never imagined. Free the Children recounts Craig's remarkable odyssey across South Asia, meeting some of the world's most disadvantaged children and learning the truth behind the headlines. Be there with him as he explores slums and sweatshops, fighting to rescue children from the chains of inhumane conditions. Along the way, he makes lasting friendships, enjoys wild adventures and launches the movement that would explode into an international sensation. Winner of the prestigious Christopher Award, presented to books which affirm the highest values of the human spirit, Free the Children has been translated into eight languages and served as inspiration for thousands of young people around the world.

101 Life Skills Games for Children Bernie Badegruber,2011-01-01 How do you teach tolerance, self-awareness, and responsibility? How can you help children deal with fear, mistrust, or aggression? Play a game with them! Games are an ideal way to help children develop social and emotional skills; they are exciting, relaxing, and fun. 101 LIFE SKILLS GAMES FOR CHILDREN: LEARNING, GROWING, GETTING ALONG (Ages 6-12) is a resource that can help children understand and deal with problems that arise in daily interactions with other children and adults. These games help children develop social and emotional skills and enhance self-awareness. The games address the following issues: dependence, aggression, fear, resentment, disability, accusations, boasting, honesty, flexibility, patience, secrets, conscience, inhibitions, stereotypes, noise, lying, performance, closeness, weaknesses, self confidence, fun, reassurance, love, respect, integrating a new classmate, group conflict. Organized in three main chapters: (I-Games, You-Games and We-Games), the book is well structured and easily accessible. It specifies an objective for every game, gives step-by-step instructions, and offers questions for reflection. It provides possible variations for each game, examples, tips, and ideas for role plays. Each game contains references to appropriate follow-up games and is illustrated with charming drawings.
