*An American Saga* James P. Maywar, 2011-05 Skillfully interweaving the fictional adventures of the two American families with historical background information, *An American Saga: 1507 to 2009* focuses on four distinct periods of American history: the French and Indian War, the 1840s, the 1890s, and the 1960s. The intertwined adventures of Stuart and the Moreau/Monroe families of Port Huron, Michigan, begin in 1759 on the turbulent waters of Lake Champlain, as the French and Indian War heats up. In the years following the American Revolution, North America experiences a resurgence in religious activities, now referred to as the Second Great Awakening. Soon, explosive growth creates demand for raw materials, and the harvest of Lake Huron area's rich forestlands begins. Eventually, however, the timber industry starts to feel the effects of economic downturn, and lumber mills begin to shut down on the lake. Fortunately, those seeking a restful holiday soon turn their eyes to the shores of Lake Huron, and a new industry is born. In just a few decades, though, all that prosperity and comfort is crushed under the weight of the Great Depression, and the people of Port Huron once again struggle to find their way. Over the decades, the two families live the full gamut of the American experience war, murder, financial success and failure, romance, and tragedy in the historic Michigan port city on Lake Huron, and they watch as it evolves from a once-sleepy lakeshore village to an important international port city.

*The Naming of America* Martin Waldseemüller, 2008 This new book features a facsimile of the 1507 World Map by Martin Waldseemüller - the first map ever to display the name America - and tells the fascinating story behind its creation in 16th-century France and rediscovery 300 years later in the library of Wolfegg Castle, Germany, in 1901. It also includes a completely new translation and commentary to Martin Waldseemüller and Matthias Ringmann's seminal cartographic text, the *Cosmographiae Introductio*, which originally accompanied the World Map. John Hessler considers answers to some of the key questions raised by the map's representation of the New World, including 'How was it possible for a small group of cartographers to have produced a view of the world so radical for its time and so close to the one we recognize today?; and What evidence did they possess to show the existence of the Pacific Ocean when neither Vasco Nunez de Balboa nor Ferdinand Magellan had yet reached it'. There are no easy answers, and yet, as this fascinating book reveals, this group of unknowns created some of the most important maps in the history of cartography, and afford us a glimpse into an age when accepted scientific and geographic principles fell away, spawning the birth of modernity.

**Luther's Correspondence and Other Contemporary Letters, Volume One** Preserved Smith,2006-03-17 The present work aims to set before the public the history, as told by the participants and eye-witnesses themselves in all the unreserve of private correspondence, of the most momentous crisis in the annals of Europe. It is impossible here to appreciate the importance of the Reformation; I have done it, partially, elsewhere, and hope to return to it in future. Suffice it to say that the revolution which goes by this name wrought an upheaval in the political, social and religious structure of Europe and prepared the ground for our modern civilizaiton. Every element of the movement is reflected in these letters: the return to the Bible, the revolt from ecclesiastical abuse and from papal authority, the economic and social reform, the growing nationalism and awakening subjectivism. The launching of the 'Ninety-five Theses' is described and their working on the minds of men portrayed; the summons of Luther before his ecclesiastical superiors first at Heidelberg and then at Augsburg, the great debate with Eck at Leipsic, the trumpet call to spiritual emancipation in the pamphlets of 1520, the preparation of the bull of excommunication and the burning of the same, and finally, as a fitting climax, the memorable appearance of Luther before the Emperor and Diet at Worms, are all set before our eyes. --from the Preface
