The Memoir of Lieutenant Dumont, 1715-1747 Gordon M. Sayre,Carla Zecher,2013-11-19 In 1719, Jean-Francois-Benjamin Dumont de Montigny, son of a Paris lawyer, set sail for Louisiana with a commission as a lieutenant after a year in Quebec. During his peregrinations over the next eighteen years, Dumont came to challenge corrupt officials, found himself in jail, eked out a living as a colonial subsistence farmer, survived life-threatening storms and epidemics, encountered pirates, witnessed the 1719 battle for Pensacola, described the 1729 Natchez Uprising, and gave account of the 1739-1740 French expedition against the Chickasaws. Dumont's adventures, as recorded in his 1747 memoir conserved at the Newberry Library, underscore the complexity of the expanding French Atlantic world, offering a singular perspective on early colonialism in Louisiana. His life story also provides detailed descriptions and illustrations of the peoples and environment of the lower Mississippi valley. This English translation of the unabridged memoir features a new introduction, maps, and a biographical dictionary to enhance the text. Dumont emerges here as an important colonial voice and brings to vivid life the French Atlantic.

Carolina Cradle Robert W. Ramsey,2014-02-01 This account of the settlement of one segment of the North Carolina frontier -- the land between the Yadkin and Catawba rivers -- examines the process by which the piedmont South was populated. Through its ingenious use of hundreds of sources and documents, Robert Ramsey traces the movement of the original settlers and their families from the time they stepped onto American shores to their final settlement in the northwest Carolina territory. He considers the economic, religious, social, and geographical influences that led the settlers to Rowan County and describes how this frontier community was organized and supervised.

A Narrative of the Captivity of Nehemiah How in 1745-1747 (Classic Reprint) Nehemiah How,2015-07-20 Excerpt from A Narrative of the Captivity of Nehemiah How in 1745-1747 The present town of Putney, Windham County, Vermont, is situated on the west bank of the Connecticut River. It extends for a distance of five miles from north to south, and stretches between six and seven miles from its eastern to its western boundary. In the easterly part of the town, formed by a large bend in the river, the Great Meadow is located, and comprises about five hundred acres. Its soil has always yielded easily to cultivation, rewarding industry with an abundant crop of hay or various kinds of grain. Originally the surrounding forests were overgrown with beach, elm, maple, butternut and oak trees, while the lowest part of the meadow abounded with a tangled growth of yellow pine, and the steep hills on the west were covered with white pines of huge growth. This region, we may believe, was early inhabited by the aborigines, if flint arrow-heads, spears, broken pots and other Indian remains are evidence of their habitat; but whether they were permanent or merely occasional residents has not been determined. Jean-François Reubell G.D. Homan,2012-12-06 Although numerous facets of the French Revolution have been thoroughly researched, there remain many lacunae. A historian can still find much virgin territory in the social aspects of the Revolution or he can study the events of a given locality. It is especially in the realm of biographical studies, however, that much more remains to be done. Social, economic, and other forces played an important role in the Great Revolution. But in the final analysis it were men and women, no matter how much they might have been conditioned by the forces of history or their environment who determined the course of history and who molded their own destiny.
