L Darling-Hammond

A Search for Identity George R. Knight, 2000 Der Autor geht auf Fragen ein, die jeden Adventisten interessieren (sollten): Wie kamen die Adventisten zu den Glaubensüberzeugungen, die sie heute vertreten? Wie haben sich die Lehrauffassungen im Laufe der Jahre verändert? Würden die adventistischen Pioniere alle 27 Glaubenspunkte unterschreiben wollen, die heute von der Gemeinschaft der Siebenten-Tags-Adventisten als verbindlich anerkannt werden? George Knight bezweifelt das. Er legt in wohlthuender Offenheit die unterschiedlichen Strömungen innerhalb der Adventgeschichte dar und verdeutlicht, dass Adventgläubige nicht aufhören dürfen, Suchende und Lernende zu sein. So aufwühlend dies klingen mag, so beruhigend wird der Leser feststellen können: An allen untersuchten Beispielen wird erkennbar, wie wunderbar Gott die Adventgemeinde geführt hat. – How did Adventists come to believe what they believe? How have those beliefs changed over the years? With compelling candor George Knight captures the ebb and flow of the doctrinal currents within Adventism, including controversies over the shut door, the law in Galatians at the 1888 General Conference, the Trinity, pantheism, Fundamentalism, the nature of Christ, and inspiration. The Adventist Church was founded by independent thinkers who would have disagreed with several of the church's current 27 fundamental beliefs. But over the years strength arose out of contention, and consensus out of debate. From William Miller to Desmond Ford, Knight catalogues the colorful personalities who shaped the discussion, and shows how God has led Adventism into a broader and deeper understanding of His eternal truth. – A Word to the Reader, A Note From the Author, List of Abbreviations, Chapter 1: The Dynamic Nature of Present Truth, Present Truth: Fluid Rather Than Static, The Avoidance of Creedal Rigidity, The Pathway of Progressive Understanding, Chapter 2: Adventism Wasn't Born in a Vacuum, The Theological Roots of Adventism, Millennial Visions, Chapter 3: The Millerite Theological Foundation, Miller's Use of the Bible, Miller on the Second Advent, The First and Second Angels' Messages, The Seventh-Month Movement and the Great Disappointment, Chapter 4: What Is Adventist in Adventism? Constitutional Law and Politics of Secession Antoni Abat i Ninet, 2023-07-31 This collection presents an analysis of the concept of secession and its constitutional accommodation alongside an assessment of the effects of secession in constitutional and international law. The work proposes a new approach and insights into the existing literature that fill a gap from multidisciplinary and transdisciplinary perspectives. The book approaches the topics of secession, constitutionalism, and their relationship from both theoretical and empirical perspectives, including the analysis of particular secessionist examples, such as Catalonia, the Basque Country, Tigray, the Palestinian minority in Israel, Bosnia and Herzegovina, and the Mapuche Nation, from a comparative constitutional perspective. Elucidating these issues from different methodological and conceptual perspectives produces novelties in the scientific and constitutional debate. The interplay between constitutions, constitutional law, and secession is indeed explored from philosophical, socio-legal, but also from strict constitutional law outlooks. Written by constitutional and public international law experts, the book will be of interest to students, academics, and researchers working in the areas of constitutional law, legal theory, theory of the state, philosophy of law, and political science.

Lévy Processes Ole E Barndorff-Nielsen, Thomas Mikosch, Sidney I. Resnick, 2012-12-06 A Lévy process is a continuous-time analogue of a random walk, and as such, is at the cradle of modern theories of stochastic processes. Martingales, Markov processes, and diffusions are extensions and generalizations of these processes. In the past, representatives of the Lévy class were considered most useful for applications to either Brownian motion or the Poisson process. Nowadays the need for modeling jumps, bursts, extremes and other irregular behavior of phenomena in nature and society has led to a renaissance of the theory of general Lévy processes. Researchers and practitioners in fields as diverse as physics, meteorology, statistics, insurance, and finance have rediscovered the simplicity of Lévy processes and their enormous flexibility in modeling tails, dependence and path behavior. This volume, with an excellent introductory preface, describes the state-of-the-art of this rapidly evolving subject with special emphasis on the non-Brownian world. Leading experts present surveys of recent developments, or focus on some most promising applications. Despite its special character, every topic is aimed at the non-specialist, keen on learning about the new exciting face of a rather aged class of processes. An extensive bibliography at the end of each article makes this an invaluable comprehensive reference text. For the researcher and graduate student, every article contains open problems and points out directions for future research. The accessible nature of the work makes this an ideal introductory text for graduate seminars in applied probability, stochastic processes, physics, finance, and telecommunications, and a unique guide to the world of Lévy processes.

It presents all that the generalist or student needs to know about the interface between medicine and the law.

British Methodist Revivalism and the Eclipse of Ecclesiology James E. Pedlar, 2023-12-01 Revivalism was one of the main causes of division in nineteenth century British Methodism, but the role of revivalist theology in these splits has received scant scholarly attention. In this book, James E. Pedlar demonstrates how the revivalist variant of Methodist spirituality and theology empowered its adherents and helped foster new movements, even as it undermined the Spirit's work through the structures of the church. Beginning with an examination of unresolved issues in John Wesley's ecclesiology, Pedlar identifies a trend of increasing marginalization of the church among revivalists, via an examination of three key figures: Hugh Bourne (1772–1852), James Caughey (1810–1891), and William Booth (1860–1932). He concludes by examining the more catholic and irenic theology of Samuel Chadwick (1860–1932), the leading Methodist revivalist of the early twentieth century who became a strong advocate of Methodist Union. Pedlar shows that these theological differences must be considered, alongside social and political factors, in any well-rounded assessment of the division and eventual reunification of British Methodism.

Gemstone of Paradise G. Ronald Murphy, 2010 Presenting the story of 'Parzival' that was intended as an argument against continued efforts by Latin Christians to regain the Holy Land by force, the author reveals the secrets of the altar stone that inspired Wolfram's work in the diocesan museum of the German city of Bamberg.

Developing Culturally Relevant Leadership Learning Kathy L. Guthrie, Tamara Bertrand Jones, Laura Osteen, 2016-11-30 The notion of culturally relevant leadership learning builds upon the ideas of developing leader identity and leadership capacity of diverse students. Focusing on four areas of leadership learning: education, training, development, and engagement, this volume presents a model of culturally relevant leadership learning in order to develop all student leaders. It proposes infusing the leadership development process with an understanding of how systemic oppression influences educational contexts and with an engagement in and across cultural differences. Our contexts and differences influence knowledge of self, others, cultural contexts and systems, and ultimately students' knowledge and enactment of leadership. To this end, culturally relevant leadership development programs equip all students with the knowledge and skills to navigate diverse settings and lead culturally diverse groups and teams. Transforming the framework for how leadership programs are designed will result in contextually relevant leadership development programs and an increase in the breadth and depth of a diverse leadership cadre for our society. The Jossey-Bass quarterly report series New Directions for Student Leadership explores leadership concepts and pedagogical topics of interest to high school and college leadership educators. Issues are grounded in scholarship and feature practical applications and best practices in youth and adult leadership education.

Religion and the Ku Klux Klan Juan O. Sánchez, 2016-04-22 As with other terrorist and extremist organizations, religion forms the basis of the Ku Klux Klan's dogmatic philosophy, providing justification for its beliefs and actions. The Klan represents a link to America's cultural past. While America has undergone tremendous social change, the secretive order has, since the end of the Civil War, kept alive the antiquated values--predicated on racism and religion--of white supremacism. Covering nearly a century of Klan ideology, this book examines the group's religious rhetoric in its literature and songs, from its heyday during the 1920s to 2014.

Guy of Warwick Alison Wiggins, Rosalind Field, 2007 The first interdisciplinary enquiry into a key figure in medieval and early modern culture.

Identity Capitalists Nancy Leong, 2021-02-09 Nancy Leong reveals how powerful people and institutions use diversity to their own advantage and how the rest of us can respond--and do better. Why do people accused of racism defend themselves by pointing to their black friends? Why do men accused of sexism inevitably talk about how they love their wife and daughters? Why do colleges and corporations alike photoshop people of color into their websites and promotional materials? And why do companies selling everything from cereal to sneakers go out of their way to include a token woman or person of color in their advertisements? In this groundbreaking book, Nancy Leong coins the term identity capitalist to label the powerful insiders who eke out social and economic value from people of color, women, LGBTQ people, the poor, and other outgroups. Leong deftly uncovers the rules that govern a system in which all Americans must survive: the identity marketplace. She contends that the national preoccupation with diversity has, counterintuitively, allowed identity capitalists to infiltrate the legal system, educational institutions, the workplace, and the media. Using examples from law to literature, from politics to pop culture, Leong takes readers on a journey through the hidden agendas and surprising incentives of various ingroup actors. She also uncovers a dire dilemma for outgroup members: do they play along and let their identity be used by others, or do they protest and risk the wrath of the powerful? Arming readers with the tools to recognize and mitigate the harms of exploitation, *Identity Capitalists* reveals what happens when we prioritize diversity over equality.

Dostoevsky as Suicidologist Amy D. Ronner, 2021-01-12 In *Dostoevsky as Suicidologist*, Amy D. Ronner illustrates how self-homicide in Fyodor Dostoevsky's fiction prefigures Emile Durkheim's etiology in *Suicide* as well as theories of other prominent suicidologists. This book not only fills a lacuna in Dostoevsky scholarship, but provides fresh readings of Dostoevsky's major works, including *Notes from the House of the Dead*, *Crime and Punishment*, *The Idiot*, *Demons*, and *The Brothers Karamazov*. Ronner provides an exegesis of how Dostoevsky's implicit awareness of fatalistic, altruistic, egoistic, and anomic modes of self-destruction helped shape not only his philosophy, but also his craft as a writer. In this study, Ronner contributes to the field of suicidology by anatomizing both self-destructive behavior and suicidal ideation while offering ways to think about prevention. But most expansively, Ronner tackles the formidable task of forging a ligature between artistic creation and the pluripresent social fact of self-annihilation.

Studies in Medieval French Language and Literature Sally Burch North, 1988

Song, Landscape, and Identity in Medieval Northern France Jennifer Saltzstein, 2023-06-13 *Song, Landscape, and Identity in Medieval Northern France* offers a new perspective on how medieval song expressed relationships between people and their environments. Informed by environmental history and harnessing musicological and ecocritical approaches, author Jennifer Saltzstein draws connections between the nature imagery that pervades songs written by the trouvères of northern France to the physical terrain and climate of the lands on which their authors lived. In doing so, she analyzes the different ways in which composers' lived environments related to their songs and categorizes their use of nature imagery as realistic, aspirational, or nostalgic. Demonstrating a cycle of mutual impact between nature and culture, Saltzstein argues that trouvère songs influenced the ways particular groups of medieval people defined their identities, encouraging them to view themselves as belonging to specific landscapes. The book offers close readings of love songs, pastourelles, motets, and rondets from the likes of Gace Brulé, Adam de la Halle, Guillaume de Machaut, and many others. Saltzstein shows how their music-text relationships illuminate the ways in which song helped to foster identities tied to specific landscapes among the knightly classes, the clergy, aristocratic women, and peasants. By connecting social types to topographies, trouvère songs and the manuscripts in which they were preserved presented models of identity for later generations of songwriters, performers, listeners, patrons, and readers to emulate, thereby projecting into the future specific ways of being on the land. Written in the long thirteenth century during the last major era of climate change, trouvère songs, as Saltzstein demonstrates, shape our understanding of how identity formation has rested on relationships between nature, culture, and change.
