**The Green Road: A Novel** Anne Enright,2015-05-11 One of the Guardian's 100 Best Books of the 21st Century With language so vibrant it practically has a pulse, Enright makes an exquisitely drawn case for the possibility of growth, love and transformation at any age. —People From internationally acclaimed author Anne Enright comes a shattering novel set in a small town on Ireland's Atlantic coast. The Green Road is a tale of family and fracture, compassion

and selfishness—a book about the gaps in the human heart and how we strive to fill them. Spanning thirty years, *The Green Road* tells the story of Rosaleen, matriarch of the Madigans, a family on the cusp of either coming together or falling irreparably apart. As they grow up, Rosaleen's four children leave the west of Ireland for lives they could have never imagined in Dublin, New York, and Mali, West Africa. In her early old age their difficult, wonderful mother announces that she's decided to sell the house and divide the proceeds. Her adult children come back for a last Christmas, with the feeling that their childhoods are being erased, their personal history bought and sold. A profoundly moving work about a family's desperate attempt to recover the relationships they've lost and forge the ones they never had, *The Green Road* is Enright's most mature, accomplished, and unforgettable novel to date.

Designated correspondents provide reports on international law developments in Ireland, Irish practice in international bodies, Ireland and the law of the sea, and the law of the European Union as relevant to developments in Ireland. In

addition, the Yearbook reproduces key documents that reflect Irish practice on contemporary issues of international law. This volume of the Yearbook includes a symposium issue on Brexit, Ireland and international law, bringing together leading academics exploring the international legal-political context of Brexit for Ireland.

**Revisiting the UK and Ireland's Transatlantic Economic Relationship with the United States in the 21st Century** Anne Groutel,Marie-Christine Pauwels,Valérie Peyronel,2016-10-25 This book revisits the economic relationship that ties the UK and Ireland to the United States in the aftermath of the greatest economic crisis of the past fifty years. When considering recent developments to these economic links, it appears that oppositional forces are at work. On one hand, globalization and the rise of new economic powers may undermine the ties. Besides, Ireland's and the UK's European Union membership could also loosen their economic ties with the US. Conversely, the future Transatlantic Trade and Investment Partnership agreement may well strengthen trade and investment links between the US and Europe. Are the economic bonds between the US, the UK and Ireland waning, as some pundits purport? Or are those claims overstated? Could their economic relationship simply be going through a process of change? Although there may

not be a single and straightforward answer to these questions, the authors seek to address these issues and provide insight into the changing dynamics of this historic economic relationship.

We Don't Know Ourselves: A Personal History of Modern Ireland Fintan O'Toole, 2022-03-15 “[L]ike reading a great tragicomic Irish novel.” –James Wood, *The New Yorker* “Masterful . . . astonishing.” –Cullen Murphy, *The Atlantic* A landmark history . . . Leavened by the brilliance of O'Toole's insights and wit.” –Claire Messud, *Harper's Winner* • 2021 An Post Irish Book Award – Nonfiction Book of the Year • from the judges: “The most remarkable Irish nonfiction book I've read in the last 10 years”; “[A] book for the ages.” A celebrated Irish writer's magisterial, brilliantly insightful chronicle of the wrenching transformations that dragged his homeland into the modern world. Fintan O'Toole was born in the year the revolution began. It was 1958, and the Irish government—in despair, because all the young people were leaving—opened the country to foreign investment and popular culture. So began a decades-long, ongoing experiment with Irish national identity. In *We Don't Know Ourselves*, O'Toole, one of the Anglophone world's most consummate stylists, weaves his own experiences into Irish social, cultural, and economic change, showing how Ireland, in just one lifetime, has gone from a reactionary “backwater” to an almost totally open society—perhaps the most astonishing national transformation in modern history. Born to a working-class family in the Dublin suburbs, O'Toole served as an altar boy and

attended a Christian Brothers school, much as his forebears did. He was enthralled by American Westerns suddenly appearing on Irish television, which were not that far from his own experience, given that Ireland's main export was beef and it was still not unknown for herds of cattle to clatter down Dublin's streets. Yet the Westerns were a sign of what was to come. O'Toole narrates the once unthinkable collapse of the all-powerful Catholic Church, brought down by scandal and by the activism of ordinary Irish, women in particular. He relates the horrific violence of the Troubles in Northern Ireland, which led most Irish to reject violent nationalism. In O'Toole's telling, America became a lodestar, from John F. Kennedy's 1963 visit, when the soon-to-be martyred American president was welcomed as a native son, to the emergence of the Irish technology sector in the late 1990s, driven by American corporations, which set Ireland on the path toward particular disaster during the 2008 financial crisis. A remarkably compassionate yet exacting observer, O'Toole in coruscating prose captures the peculiar Irish habit of "deliberate unknowing," which allowed myths of national greatness to persist even as the foundations were crumbling. Forty years in the making, *We Don't Know Ourselves* is a landmark work, a memoir and a national history that ultimately reveals how the two modes are entwined for all of us.

*Law in Northern Ireland* Brice Dickson, 2023-06-30 This textbook presents an engaging and thorough examination of the law in Northern Ireland. It guides students through the evolution of law-making, the legislative process,

courts, and case law and presents a clear overview of the fundamental rules and principles of international law, public law, criminal law, and private law. It contextualises the myriad legal institutions operating in the jurisdiction, sets out how criminal and civil proceedings work in practice, and provides useful information on how people become lawyers, what lawyers actually do once they become qualified, and how the legal system is funded. The appendices set out sample sources of law so that readers can familiarise themselves with what is involved in handling legal documents. This edition has been updated following recent legal developments in Northern Ireland including the 'New Decade, New Approach' agreement of 2020 and the different elements of the power-sharing government, such as the proposed Languages Bill and the Northern Ireland (Ministers, Elections and Petitions of Concern) Bill. It explains the effect of Brexit, in particular the new concept of 'retained EU law' and the effect of the Ireland / Northern Ireland Protocol to the EU-UK Withdrawal Agreement. Setting out the implications of the recent UK-wide reviews of administrative law and the Human Rights Act for Northern Ireland, the book examines the work of the shadow Civil Justice Council and Family Justice Board and looks at the latest developments in the reform of abortion law. It explores new Assembly legislation that addresses the use of committal proceedings in criminal cases, the protection afforded to victims of domestic violence, and the rights of other victims, for example in relation to compensation for victims and survivors of the troubles and the

appointment of an interim Victims of Crime Commissioner.

**Northern Ireland and the politics of boredom** George Legg, 2018-09-10 This book provides a new interpretation of the Northern Irish Troubles. From internment to urban planning, the hunger strikes to post-conflict tourism, it asserts that concepts of capitalism have been consistently deployed to alleviate and exacerbate violence in the North. Through a detailed analysis of the diverse cultural texts, Legg traces the affective energies produced by capitalism's persistent attempt to resolve Northern Ireland's ethnic-national divisions: a process he calls the politics of boredom. Such an approach warrants a reconceptualization of boredom as much as cultural production. In close readings of Derek Mahon's poetry, the photography of Willie Doherty and the female experience of incarceration, Legg argues that cultural texts can delineate a more democratic – less philosophical – conception of ennui. Critics of the Northern Irish Peace Process have begun to apprehend some of these tensions. But an analysis of the post-conflict condition cannot account for capitalism's protracted and enervating impact in Northern Ireland. Consequently, Legg returns to the origins of the Troubles and uses influential theories of capital accumulation to examine how a politicised sense of boredom persists throughout, and after, the years of conflict. Like Left critique, Legg's attention to the politics of boredom interrogates the depleted sense of humanity capitalism can create. What Legg's approach proposes is as unsettling as it is radically new. By attending to Northern

Ireland's long-standing experience of ennui, this book ultimately isolates boredom as a source of optimism as well as a means of oppression.

**Language Ethics** Yael Peled, Daniel M. Weinstock, 2020-08-12 Language is central to political philosophy, yet until now there has been little in the way of a common framework capable of bridging disciplines that share an interest in language, power, and ethics. Studies are predominantly carried out in isolated disciplinary silos - notably linguistics, philosophy, political science, public administration, and education. This volume proposes a new vision for understanding the political ethics of language, particularly in linguistically diverse societies, and it establishes the necessary common framework for this field of inquiry: language ethics. Through creative and constructive thinking, Language Ethics considers how to advance our understanding of the human commonalities of moral and linguistic capacities and the challenge of linguistic difference and societal interdependence. The book embraces the longstanding centrality of language to moral reasoning and reinterprets it in a manner that draws on the social and political life of real-world inter- and intralinguistic issues. Contributors to this collection are leading international experts from different disciplines and approaches whose voices add diverse insight to the discourse on ethics and language justice. Exploring social, political, and economic realities, Language Ethics illuminates the complex nexus between ethics and language and highlights the contemporary challenges facing multilingual societies, including the

uncertainties, ambiguities, anxieties, and hopes that accompany them.

*Diary of a Young Naturalist* Dara McAnulty, 2021-06-08 A BuzzFeed Best Book of June 2021 From sixteen-year-old Dara McAnulty, a globally renowned figure in the youth climate activist movement, comes a memoir about loving the natural world and fighting to save it. *Diary of a Young Naturalist* chronicles the turning of a year in Dara's Northern Ireland home patch. Beginning in spring?when "the sparrows dig the moss from the guttering and the air is as puffed out as the robin's chest?these diary entries about his connection to wildlife and the way he sees the world are vivid, evocative, and moving. As well as Dara's intense connection to the natural world, *Diary of a Young Naturalist* captures his perspective as a teenager juggling exams, friendships, and a life of campaigning. We see his close-knit family, the disruptions of moving and changing schools, and the complexities of living with autism. "In writing this book," writes Dara, "I have experienced challenges but also felt incredible joy, wonder, curiosity and excitement. In sharing this journey my hope is that people of all generations will not only understand autism a little more but also appreciate a child's eye view on our

delicate and changing biosphere.” Winner of the Wainwright Prize for UK nature writing and already sold into more than a dozen territories, *Diary of a Young Naturalist* is a triumphant debut from an important new voice.

Walking with Ghosts Gabriel Byrne, 2021-01-12 “Make no mistake about it: *Walking with Ghosts* is a masterpiece. A book that will wring out our tired hearts. It is by turns poetic, moving, and very funny. You will find it on the shelf alongside other great Irish memoirs including those by Frank McCourt, Nuala O’Faolain and Edna O’Brien.” –Colum McCann As a young boy growing up in the outskirts of Dublin, Gabriel Byrne sought refuge in a world of imagination among the fields and hills near his home, at the edge of a rapidly encroaching city. Born to working class parents and the eldest of six children, he harbored a childhood desire to become a priest. When he was eleven years old, Byrne found himself crossing the Irish Sea to join a seminary in England. Four years later, Byrne had been expelled and he quickly returned to his native city. There he took odd jobs as a messenger boy and a factory laborer to get by. In his spare time, he visited the cinema where he could be alone and yet part of a crowd. It was here that he could begin to imagine a life beyond the grey world of 60s Ireland. He reveled in the theatre and poetry of Dublin’s streets, populated by characters as eccentric and remarkable as any in fiction, those who spin a yarn with acuity and wit. It was a friend who suggested Byrne join an amateur drama group, a decision that would change his life forever and launch him on an extraordinary forty-

year career in film and theatre. Moving between sensual recollection of childhood in a now almost vanished Ireland and reflections on stardom in Hollywood and Broadway, Byrne also courageously recounts his battle with addiction and the ambivalence of fame. *Walking with Ghosts* is by turns hilarious and heartbreaking as well as a lyrical homage to the people and landscapes that ultimately shape our destinies.
