Apple Pro Training Series Martin Sitter, Adrian Ramseier, Robbie Carman, 2009-09-04 Updated for DVD Studio Pro 4.2.2, this best-selling, Apple certified guide uses striking real-world footage to build four complete DVDs and share a Blu-ray disc. It covers how to use DVD Studio Pro on its own, as well as how to integrate it into your workflow with Final Cut Pro 7, Motion 4, and Compressor 3.5. Each lesson takes you step-by-step through an aspect of DVD creation and finishing, with hands-on projects for you to complete as you go. You'll learn to storyboard your DVD and plan its interactions, set chapter markers, build still and motion menus, and add overlays and subtitles. You'll also work with multiple audio tracks and camera angles, create smart buttons and custom transitions, professionally encode audio and video files, and build useful scripts. All of Peachpit's eBooks contain the same content as the print edition. You will find a link in the last few pages of your eBook that directs you to the media files. Helpful tips: If you are able to search the book, search for Where are the lesson files? Go to the very last page of the book and scroll backwards. You will need a web-enabled device or computer in order to access the media files that accompany this ebook. Entering the URL supplied into a computer with web access will allow you to get to the files. Depending on your device, it is possible that your display settings will cut off part of the URL. To make sure this is not the case, try reducing your font size and turning your device to a landscape view. This should cause the full URL to appear.

Sports Cardiology Casebook Antonio Pelliccia, 2009-07-21 Comparatively little is known about the risk of sudden death associated with exercise in young competitive athletes, and whether the benefits of sports activity outweigh the hazards of exercise-related fatal events is a clinical dilemma. This is only a small part of the story, however, as there are considerable effects of exercise whether it be at a competitive level or on a 'leisure' level on patients of all ages. This in itself is of massive importance to the cardiac patient population as exercise is a key component of effective recovery and recommended as central in the prevention of much cardiac disease.

**Environmental Justice and Sustainability in the Former Soviet Union** Julian Agyeman, Yelena Ogneva-Himmelberger, 2009 An examination of the awareness of environmental and social justice issues in the former Soviet republics—from the Western-style democracies of the Baltic region to the totalitarian regimes of Central Asia—and the resulting activism in those states. The legacy of environmental catastrophe in the states of the former Soviet Union includes desertification, pollution, and the toxic aftermath of industrial accidents, the most notorious of which was the Chernobyl disaster of 1986. This book examines the development of environmental activism in Russia and

the former Soviet republics in response to these problems and its effect on policy and planning. It also shows that because of increasing economic, ethnic, and social inequality in the former Soviet states, debates over environmental justice are beginning to come to the fore. The book explores the varying environmental, social, political, and economic circumstances of these countries--which range from the Western-style democracies of the Baltic states to the totalitarian regimes of Central Asia--and how they affect the ecological, environmental, and public health. Among the topics covered are environmentalism in Russia (including the progressive nature of its laws on environmental protection, which are undermined by overburdened and underpaid law enforcement); the effect of oil wealth on Azerbaijan and Kazakhstan; the role of nationalism in Latvian environmentalism; the struggle of Russia's indigenous peoples for environmental justice; public participation in Estonia's environmental movement; and lack of access to natural capital in Tajikistan. *Environmental Justice and Sustainability in the Former Soviet Union* makes clear that although fragile transition economies, varying degrees of democratization, and a focus on national security can stymie progress toward just sustainability, the diverse states of the former Soviet Union are making some progress toward green and environmental justice issues separately.

**Extreme Skydiving** Rob Waring, 2010 Most people enjoy the sport of sky diving because they get to fall at extremely high speeds, but some people want to go even faster. One man is even experimenting with various methods of increasing his speed. What is he doing to go faster? Is it working?

*The Convent of Hell* Ignacio Noe, Barreiro, 1998-03 A convent in Spain. Nuns going about their routine in the name of God. But all is not quite as it seems. There are cracks on the surface. Some nuns seem to harbor secret lusts for each other. Then there's an accident in the cellar revealing a very old condemned door found on no plan. One of the less holy nuns has a satanic nightmare about it. She decides to find out. What she unleashes is an unholy bedlam of depravity and lust! Beautifully painted and full of very raw sexual energy!

**A Winter's Rose** Tanya Anne Crosby, 2019-03-21 Facing the grim prospect of a forced marriage to a feckless minion of King Stephen's, Rosalynde, the defiant youngest daughter of Morwen Pendragon takes matters into her own hands. With the help of her mother's spell book and a stolen wimple, she disguises herself as a plain, matronly nun and flees her loveless fate... Giles de Vere, lord of Warkworth, is facing his own arranged marriage--to Rose's sister, the reclusive Seren, reputed to be the loveliest woman in all of Wales. But destiny has its own wayward plans, and when the bold knight finds himself a reluctant champion to a runaway nun, he hasn't any clue of the lady's true identity. All he knows is that while Rose is far from beautiful, there's something magical about her that speaks to his heart...

**The Wilful Princess and the Piebald Prince** Robin Hobb, 2017-11 Internationally-bestselling, critically-acclaimed author Robin Hobb takes readers deep into the history behind the Farseer series in this exclusive, new novella. Long before the time of Chivalry Farseer, there was another indiscreet member of the royal line. Princess Caution Farseer, in defiance of her name, was headstrong and willful, destined to fall dangerously in love

where she ought not. The child she bore, a Witted boy known as the Piebald Prince, rose to favour despite his questionable bloodlines. But the dukes of the Six Duchies backed Canny Farseer for the throne. And so both young men competed for power... But this was not their only struggle: for they both fell in love with the same lady. Such rivalry could end only in bloodshed... A tale of love and secrets, magic and manipulation, heartbreak and murder most foul: only a true-tongued minstrel can reveal the real story of the Wilful Princess and the Piebald Prince.
