GIMP 2.8 for Photographers Klaus Goelker,2013-05-15 Image editing is a crucial element in the photographic workflow. Image editing tools, most notably Photoshop, are usually sophisticated and deep applications, and are fairly expensive. The only open source tool in this market is the GIMP, which has developed into a powerful, multiplatform system running on Linux, Mac OS X, and Microsoft Windows. GIMP 2.8 for Photographers is a beginner's guide to the only open source image editing tool that provides a no-cost alternative to expensive programs such as Photoshop. Topics include the new user interface and tools, the basics of image editing and simple adjustments, advanced techniques using layers and masks, developing RAW images, working with the improved text tool, and preparing high-quality black-and-white images. The most important editing functions are presented in individual, easy-to-follow workshops. A bonus section on the included DVD describes special techniques for web graphics. GIMP 2.8 for Photographers has evolved from classroom materials that the author developed and taught in courses and workshops on image editing with the GIMP.

**Essential Affinity Photo** Robin Whalley, Quickly learn Affinity Photo image editing Affinity Photo is the hot photo editing package from Serif. It can compete head on with the latest version of Photoshop. It's also affordable, incredibly powerful and exceptionally flexible. But all this power and flexibility brings its own challenges. Just like Photoshop, Affinity Photo can be confusing and tricky to learn. Even with a background in Photoshop image editing it's likely you will miss a lot of its features. And unlike Photoshop you won't have an endless choice of books to learn from. Which is where "Essential Affinity Photo" comes to the rescue. In this comprehensive yet easy to follow book, Landscape Photographer Robin Whalley explains the core features of Affinity Photo Desktop. Written in his unique, easy to understand style, Robin explains logically the essential techniques you need to know to learn Affinity Photo. Follow this book and its examples and you will soon be editing images as though you have been using the software for years. The book is arranged into a series of lessons that focus in on the essential image editing skills. Each lesson builds on the previous one, minimising repetition and saving you valuable time. You will learn about: - Different Affinity Photo Personas, what these do and how to navigate them. - The Develop Persona, using it to convert a Raw photo file into a high-quality image. - How layers form the backbone of the Photo Persona and how to use them to improve your editing. - Different Adjustment layers, filters and live filters you can apply, to fine tune and improve your photography. - How to convert your images to black and white as well as important techniques such as Dodging and Burning. - Creating and using layer masks to precisely target your adjustments to specific areas of an image. - Harnessing the power of the Export Persona. - And lots more. Throughout the book there are examples and exercises for you to follow. The author provides the images for these on his website, allowing you to follow along on your own computer. You won't need to wade through hundreds of pages to find answers. This is a comprehensive and concise guide to help you learn Affinity Photo. It doesn't matter if you are a complete novice or have some experience of Affinity Photo, this book could help improve your Affinity Photo editing.

*Photoshop Elements 15 Tips, Tricks & Shortcuts in easy steps* Nick Vandome, 2017-03-24 Photoshop Elements is well established as the premier consumer photo-editing software, and the latest release is Photoshop Elements 15. This enhances the software's reputation as a powerful and easy-to-use option for photo-editing, with a range of features for editing and creating photo effects and also a powerful Organizer for managing your photos. Photoshop Elements 15 Tips, Tricks and Shortcuts in easy steps not only offers a comprehensive guide to getting up and running with the software, but goes further: providing a wealth of detail in ways to progress to more advanced photo-editing and also find some of the hidden secrets of the software. Although the book looks at some of the ways you can expand your photo-editing exploits, it does not forget new users or anyone who wants to brush up on the basics, including: Navigating around Elements: including using the Expert Edit mode, the Expert Toolbox, Panels, Menu Bar, Preferences and the Organizer workspace. Organizing images: downloading images, viewing and organizing them using the People, Places and Events views, and using albums and folders. Standard image editing techniques: color enhancements, cropping, cloning, using the healing brush, rotating, transforming, magnification and using the eraser tools. Using "Quick Wins" for removing unwanted objects, removing red-eye, changing photos to black and white, enhancing images and Photomerge options. Using "Guided Edits" to create special effects such as Zoom Burst and Depth of Field. Using Text and Drawing tools, to add, format, edit and customize text. Sharing your photos in a range of formats and styles, such as photo books or cards. Printing your images in a variety of formats. In addition, the book covers some more advanced areas, including making selections, layers, handling RAW images, curves and using the histogram. It also looks at some of the new features in Elements 15: Editing and enhancing facial expressions. Creating breathtaking text from a photo. Producing eye-catching collages, complete with a range of effects. Adding motion blur to the background of photos. Creating works of art with paint effects, textures and themes. Using Smart Tags to find photos. Reducing camera shake or haze in a photo. Photoshop Elements 15 Tips, Tricks and Shortcuts in easy steps covers versions for both PC and Mac users, and has something for everyone: an in depth introduction for new users, and a range of options for those who want to take their photo-editing to the next level. Throughout, there are hundreds of tips and handy hints so that you will feel like an Elements expert in no time.
