Why We Serve NMAI,2023-10-03 Rare stories from more than 250 years of Native Americans' service in the military Why We Serve commemorates the 2020 opening of the National Native American Veterans Memorial at the Smithsonian National Museum of the American Indian, the first landmark in Washington, DC, to recognize the bravery and sacrifice of Native veterans. American Indians' history of military service dates to colonial times, and today, they serve at one of the highest rates of any ethnic group. Why We Serve explores the range of reasons why, from love of their home to an expression of their warrior traditions. The book brings fascinating history to life with historical photographs, sketches, paintings, and maps. Incredible contributions from important voices in the field offer a complex examination of the history of Native American service. Why We Serve celebrates the unsung legacy of Native military service and what it means to their community and country.

The Enzyme Reference Daniel L. Purich,R. Donald Allison,2003-01-04 The aim of this work is to provide a fuller spectrum of information in a single source on enzyme-catalyzed reactions than is currently available in any published reference work or as part of any Internet database. The Enzyme Reference: A Comprehensive Guidebook to Enzyme Nomenclature, Reactions, and Methods includes 20,000 review articles and seminal research papers.

Additionally, it provides a novel treatment of so-called ATPase and GTPase reactions to account for the noncovalent substratelike and productlike states

Includes a compendium of over 6,000 enzyme reactions (including enzyme commission numbers, alternative names, substrates, products, alternative substrates, and properties) Covers over 900 chemical structures of key metabolites and cofactors Index directs readers to the exact pages for over 9,500 enzyme names
