Vanishing Beauty Madhuvanti Ghose, 2016-01-01 This book commemorates the remarkable gift of over 400 works from the collection of Barbara and David Kipper to the Art Institute of Chicago. These outstanding pieces of jewelry and ritual objects offer a material record of vanishing ways of life. Used as portable forms of wealth, as personal adornment, and in religious practice, they represent a broad spectrum of cultures. The majority comes from the Himalayan region, including Tibet, Nepal, Bhutan, and Mongolia, and other pieces hail from Afghanistan, China, India, Indonesia, Kazakhstan, Pakistan, Turkmenistan, and Uzbekistan. The catalogue showcases stunning works--including delicate amulet boxes, other Tibetan Buddhist artifacts, and ornate Turkmen jewelry--through dramatic photography undertaken specifically for this publication. With five essays placing the objects in the contexts of their native regions, *Vanishing Beauty* offers a beautiful presentation of creativity and craftsmanship from across Asia.

Using Qualitative Research in Advertising Margaret A. Morrison, Eric Haley, Kim Bartel Sheehan, Ronald E. Taylor, 2011-10-31 This Second Edition remains the only book to discuss both theory and application of qualitative research techniques to inspire great advertising and build strong brands. Using a step-by-step approach created for students considering advertising careers and for those currently working in the advertising industry, this book explains what qualitative research techniques are designed to do. The text describes how these techniques aid in uncovering insights useful for advertising strategy development, creative development, and post-campaign evaluation. Practical information and discussions on interviewing, projective techniques, focus groups, and online/social media applications positioned within a theoretical context illustrate the value of qualitative research in the real world.

Indian Silversmithing Walter Ben Hunt, 1960 The projects presented in this book are: Concha Buttons, Money Clips, Tie Clasps and Hair Clips, Lapel Pins and Brooches, Rings without Settings, Tarnishing and Antiquing, Heating and Soldering Frames, Turquoise and much more.

The Jews of India Orpa Slapak, 1995 Jews of India, one of the lesser-known and perhaps most interesting of the Diaspora, comprise the three geographically and ethnographically distinct communities examined in The Israel Museum's unique and authoritative volume *The Jews of India*. The Bene Israel, the largest group at approximately 24,000 members, inhabited the Maharashtra State on India's western coast; its ties with mainstream Judaism were reestablished in the nineteenth century. The smallest and oldest of the Indian Jewish communities, the Jews of Cochin have been a presence on the Malabar Coast of southwestern India for at least a thousand years. They numbered about 2,500 in the mid-1950's, just prior to their immigration to Israel. The Baghdadi Jews migrated from Iraq and Syria to large commercial cities in western and eastern India in the late eighteenth century. Numbering about 5,000 at the population's peak, Baghdadi Jews were largely assimilated into British colonial society, did not develop a distinct material culture in India, and so are a relatively minor presence in this book. Esteemed editor Orpa Slapak spearheaded studies of all three Indian Jewish communities in Israel and in India, and has assembled a vivid and powerful portrait of these peoples. The text is profusely illustrated with striking color and black and white photographs of Indian Jews at home, work, prayer, and leisure, as well as a multitude of remarkable Indian Jewish artifacts, including illuminated manuscripts, lamps, clothing, jewelry, and household implements. Several maps, useful glossaries, and a selected bibliography complete the volume.

Know It All Fashion Rebecca Arnold, 2018-04-03 Most of us have some feeling for fashion and have a vague idea of what's in and what's out. Less familiar to most, however, is the way fashion works as a global business. *Know-It-All Fashion* looks beyond the surface of this billion-dollar industry. Each entry is summarized in under a minute--using nothing more than two pages, 300 words, and one picture. Leading fashion experts provide an engrossing crash course in how the style world works today, alongside an engaging look at the founding fathers (and mothers) of fashion who set it up that way. Every aspect of the modern fashion industry is explored, from haute couture to high street, from catwalk to street style, and from glossy

magazine to online blog. Some of the recurring themes behind fashion design are also explored, such as the influence of art, music and sport. Know-It-All Fashion includes everything you need to get style savvy. The Know It All series takes a revolutionary approach to learning about the subjects you really feel you should understand but have never gotten around to studying. Each book selects a popular topic and dissects it into the 50 most significant ideas at its heart. Each idea, no matter how complex, is explained in 300 words and one picture, all digestible in under a minute. Other titles in this series include: Know It All Anthropology, Know It All Chemistry, Know It All Classical Music, Know It All Energy, Know It All Great Inventions, Know It All Jazz, Know It All Medicine, Know It All Shakespeare, Know It All Whiskey, Know It All Wine, Space In 30 Seconds, Sports in 30 Seconds.

Jewelry Melanie Holcomb, Kim Benzel, James A. Doyle, Moira Gallagher, John Guy, Navina Najat Haidar, Hannah Korn, Soyoung Lee, Maia Nuku, Diana Craig Patch, Joanne Pillsbury, Courtney A. Stewart, Beth Carver Wees, 2018-11-02 p.p1 {margin: 0.0px 0.0px 0.0px 0.0px; font: 14.0px Verdana} As an art form, jewelry is defined primarily through its connection to and interaction with the body—extending it, amplifying it, accentuating it, distorting it, concealing it, or transforming it. Addressing six different modes of the body—Adorned, Divine, Regal, Transcendent, Alluring, and Resplendent—this artfully designed catalogue illustrates how these various definitions of the body give meaning to the jewelry that adorns and enhances it. Essays on topics spanning a wide range of times and cultures establish how jewelry was used as a symbol of power, status, and identity, from earflares of warrior heroes in Pre-Colombian Peru to bowknot earrings designed by Yves Saint-Laurent. These most intimate works of art provide insight into the wearers, but also into the cultures that produced them. More than 200 jewels and ornaments, alongside paintings and sculptures of bejeweled bodies, demonstrate the social, political, and aesthetic role of jewelry from ancient times to the present. Gorgeous new illustrations of Bronze Age spirals, Egyptian broad collars, Hellenistic gold armbands, Japanese courtesan hair adornments, jewels from Mughal India, and many, many more explore the various facets of jewelry and its relationship to the human body over 5,000 years of world history.
