*Words from the Window Seat* Taylor Tippet,2021-10-12 Flight attendant Taylor Tippet had just finished beverage service and was sitting in the back of a Boeing 737 when she had a revelation: How can I show kindness to these passengers if I can't show it to myself? She grabbed a tiny notepad and a Sharpie and wrote a simple message that would change her life: Be kind to yourself. Before she had time to think about it, Taylor taped the note to a window, posted a picture, and then left the slip of paper in a seat-back pocket for someone on the next flight to find. What started as a personal project to encourage herself and others soon became a viral sensation. In *Words from the Window Seat*, Taylor shares stories of her travels, daily life, and interactions with people of all kinds, anchoring each chapter around a note she's left for a stranger to find. As she takes you from Chicago to Paris to Barcelona on planes, trains, and even a skateboard, you'll: Learn how to embody love through little acts of kindness Discover the small moments of magic in the everyday Find ways to embrace your authentic self With charm, inspiration, and plenty of whimsy, Taylor reminds us that even in a weary world, it's possible to celebrate the beauty in each person's unique story-- and make an impact that goes deeper than you'll ever know. Praise for *Words from the Window Seat*: These pages will empower you to explore the many opportunities we have each day to encounter light and share love with others while traveling. Whether traveling by air or traveling through life. This book is an encouragement to be present in the everyday, no matter what comes your way. --Morgan Harper Nichols, bestselling author of *All Along You Were Blooming*

*The Shooting Star* Shivya Nath,2018-09-14 Shivya Nath quit her corporate job at age twenty-three to travel the world. She gave up her home and the need for a permanent address, sold most of her possessions and embarked on a nomadic journey that has taken her everywhere from remote Himalayan villages to the Amazon rainforests of Ecuador. Along the way, she lived with an indigenous Mayan community in Guatemala, hiked alone in the Ecuadorian Andes, got mugged in Costa Rica, swam across the border from Costa Rica to Panama, slept under a meteor shower in the cracked salt desert of Gujarat and learnt to conquer her deepest fears. With its vivid descriptions, cinematic landscapes, moving encounters and uplifting adventures, *The Shooting Star* is a travel memoir that maps not just the world but the human spirit.

**Dame Traveler** Nastasia Yakoub,2020-03-03 A breathtaking celebration of Instagram's premier solo female travel community, featuring 200 striking photographs--most of them all-new--plus empowering messages and practical tips for solo travelers. "For those with passports full of stories, this book carries you away to every dreamy corner of the earth. I can't stop flipping through these visually incandescent pages to see where I'm capable of

traveling to next!”—Caila Quinn, The Bachelor contestant and lifestyle and travel influencer From backpackers in Peru to artists in Berlin to storytellers in Morocco, Dame Traveler celebrates the diversity and bravery of women from around the world who are not afraid to think (and live) outside the box. The revolutionary Dame Traveler Instagram account was founded by Nastasia Yakoub, who was born into a strict Chaldean-Middle Eastern community where women are expected to marry young and put aside other personal ambitions. But at the age of twenty, Nastasia embarked on a solo trip to South Africa to volunteer at an orphanage in Cape Town, which sparked a love of world travel. Recognizing a void in the travel industry, she founded Dame Traveler, the first female travel community on Instagram, now more than half a million strong. Nastasia herself has traveled to sixty-three countries on solo adventures, sharing colorful photos of her tantalizing travels along the way. Dame Traveler celebrates these women with a photographic collection of 200 stunning images paired with inspiring captions, 80% of which have never been seen on the Instagram account. Organized into sections on architecture, culture, nature, and water, each entry features travel information, plus tips, advice, unique solo-travel experiences, and wisdom from contributing globe-trotters to embolden the next generation of Dame Travelers.

Subpar Parks Amber Share,2021-07-13 **\*\*A New York Times Bestseller!\*\*** Based on the wildly popular Instagram account, Subpar Parks features both the greatest hits and brand-new content, all celebrating the incredible beauty and variety of America's national parks juxtaposed with the clueless and hilarious one-star reviews posted by visitors. Subpar Parks, both on the popular Instagram page and in this humorous, informative, and collectible book, combines two things that seem like they might not work together yet somehow harmonize perfectly: beautiful illustrations and informative, amusing text celebrating each national park paired with the one-star reviews disappointed tourists have left online. Millions of visitors each year enjoy Glacier National Park, but for one visitor, it was simply Too cold for me! Another saw the mind-boggling vistas of Bryce Canyon as Too spiky! Never mind the person who visited the thermal pools at Yellowstone National Park and left thinking, "Save yourself some money, boil some water at home." Featuring more than 50 percent new material, the book will include more depth and insight into the most popular parks, such as Yosemite, Yellowstone, the Grand Canyon, and Acadia National Parks; anecdotes and tips from rangers; and much more about author Amber Share's personal love and connection to the outdoors. Equal parts humor and love for the national parks and the great outdoors, it's the perfect gift for anyone who loves to spend time outside as well as have a good read (and laugh) once they come indoors.

*In Praise of Slowness* Carl Honore, 2009-04-14 We live in the age of speed. We strain to be more efficient, to cram more into each minute, each hour, each day. Since the Industrial Revolution shifted the world into high gear, the cult of speed has pushed us to a breaking point. Consider these facts: Americans on average spend seventy-two minutes of every day behind the wheel of a car, a typical business executive now loses sixty-eight hours a year to being put on hold, and American adults currently devote on average a mere half hour per week to making love. Living on the edge of exhaustion, we are constantly reminded by our bodies and minds that the pace of life is spinning out of control. In *Praise of Slowness* traces the history of our increasingly breathless relationship with time and tackles the consequences of living in this accelerated culture of our own creation. Why are we always in such a rush? What is the cure for time sickness? Is it possible, or even desirable, to slow down? Realizing the price we pay for unrelenting speed, people all over the world are reclaiming their time and slowing down the pace -- and living happier, healthier, and more productive lives as a result. A Slow revolution is taking place. Here you will find no Luddite calls to overthrow technology and seek a preindustrial utopia. This is a modern revolution, championed by cell-phone using, e-mailing lovers of sanity. The Slow philosophy can be summed up in a single word -- balance. People are discovering energy and efficiency where they may have been least expected -- in slowing down. In this engaging and entertaining exploration, award-winning journalist and rehabilitated speedaholic Carl Honoré details our perennial love affair with efficiency and speed in a perfect blend of anecdotal reportage, history, and intellectual inquiry. In *Praise of Slowness* is the first comprehensive look at the worldwide Slow movements making their way into the mainstream -- in offices, factories, neighborhoods, kitchens, hospitals, concert halls, bedrooms, gyms, and schools. Defining a movement that is here to stay, this spirited manifesto will make you completely rethink your relationship with time.

*"All the Real Indians Died Off"* Roxanne Dunbar-Ortiz,Dina Gilio-Whitaker,2016-10-04 Unpacks the twenty-one most common myths and misconceptions about Native Americans In this enlightening book, scholars and activists Roxanne Dunbar-Ortiz and Dina Gilio-Whitaker tackle a wide range of myths about Native American culture and history that have misinformed generations. Tracing how these ideas evolved, and drawing from history, the authors disrupt long-held and enduring myths such as: "Columbus Discovered America" "Thanksgiving Proves the Indians Welcomed Pilgrims" "Indians Were Savage and Warlike" "Europeans Brought Civilization to Backward Indians" "The United States Did Not Have a Policy of Genocide" "Sports Mascots Honor Native Americans" "Most Indians Are on Government Welfare" "Indian Casinos Make Them All Rich" "Indians Are Naturally Predisposed to Alcohol" Each chapter deftly shows how these myths are rooted in the fears and prejudice of European settlers and in the larger political agendas of a settler state aimed at acquiring Indigenous land and tied to narratives of erasure and disappearance. Accessibly written and revelatory, "All the Real Indians Died Off" challenges readers to rethink what they have been taught about Native Americans and history.

**Bombay Hustle** Debashree Mukherjee,2020-09-22 From starry-eyed fans with dreams of fame to cotton entrepreneurs turned movie moguls, the Bombay film industry has historically energized a range of practices and practitioners, playing a crucial and compelling role in the life of modern India. Bombay Hustle presents an ambitious history of Indian cinema as a history of material practice, bringing new insights to studies of media, modernity, and the late colonial city. Drawing on original archival research and an innovative transdisciplinary approach, Debashree Mukherjee offers a panoramic portrait of the consolidation of the Bombay film industry during the talkie transition of the 1920s–1940s. In the decades leading up to independence in 1947, Bombay became synonymous with marketplace thrills, industrial strikes, and modernist experimentation. Its burgeoning film industry embodied Bombay's spirit of "hustle," gathering together and spewing out the many different energies and emotions that characterized the city. Bombay Hustle examines diverse sites of film production—finance, pre-production paperwork, casting, screenwriting, acting, stunts—to show how speculative excitement jostled

against desires for scientific management in an industry premised on the struggle between contingency and control. Mukherjee develops the concept of a "cine-ecology" in order to examine the bodies, technologies, and environments that collectively shaped the production and circulation of cinematic meaning in this time. The book thus brings into view a range of marginalized film workers, their labor and experiences; forgotten film studios, their technical practices and aesthetic visions; and overlooked connections among media practices, geographical particularities, and historical exigencies.

**Happy Money** Elizabeth Dunn,Michael Norton,2013-05-14 If you think money can't buy happiness, you're not spending it right. Two rising stars in behavioral science explain how money can buy happiness—if you follow five core principles of smarter spending. If you think money can't buy happiness, you're not spending it right. Two rising stars in behavioral science explain how money can buy happiness—if you follow five core principles of smarter spending. Happy Money offers a tour of new research on the science of spending. Most people recognize that they need professional advice on how to earn, save, and invest their money. When it comes to spending that money, most people just follow their intuitions. But scientific research shows that those intuitions are often wrong. Happy Money explains why you can get more happiness for your money by following five principles, from choosing experiences over stuff to spending money on others. And the five principles can be used not only by individuals but by companies seeking to create happier employees and provide "happier products" to their customers. Elizabeth Dunn and Michael Norton show how companies from Google to Pepsi to Crate & Barrel have put these ideas into action. Along the way, the authors describe new research that reveals that luxury cars often provide no more pleasure than economy models, that commercials can actually enhance the enjoyment of watching television, and that residents of many cities

frequently miss out on inexpensive pleasures in their hometowns. By the end of this book, readers will ask themselves one simple question whenever they reach for their wallets: Am I getting the biggest happiness bang for my buck?
