Empire's Nature Amy R. W. Meyers,Margaret Beck Pritchard,2012-12-01 Completed in 1747, Mark Catesby's Natural History of Carolina, Florida, and the Bahama Islands was the first major illustrated publication on the flora and fauna of Britain's American colonies. Together with his Hortus Britanno-Americanus (1763), which detailed plant species that might be transplanted successfully to British soil, Catesby's Natural History exerted an important, though often overlooked, influence on the development of art, natural history, and scientific observation in the eighteenth century. Inspired by a major traveling exhibition of Catesby's watercolor drawings from the Royal Library, Windsor Castle, this collection of interdisciplinary essays considers Catesby's endeavors as a naturalist-artist, scientific explorer, experimental horticulturist, ornamental gardener, and early environmental thinker in terms of the interests held by the various, overlapping communities in which he functioned--particularly as those interests related to the British colonial enterprise. The contributors are David R. Brigham, Joyce E. Chaplin, Mark Laird, Amy R. W. Meyers, Therese O'Malley, and Margaret Beck Pritchard.

The Art of Not Being Governed James C. Scott,2009-01-01 From the acclaimed author and scholar James C. Scott, the compelling tale of Asian peoples who until recently have stemmed the vast tide of state-making to live at arm's length from any organized state society For two thousand years the disparate groups that now reside in Zomia (a mountainous region the size of Europe that consists of portions of seven Asian countries) have fled the projects of the organized state societies that surround them—slavery, conscription, taxes, corvée labor, epidemics, and warfare. This book, essentially an “anarchist history,” is the first-ever examination of the huge literature on state-making whose author evaluates why people would deliberately and reactively remain stateless. Among the strategies employed by the people of Zomia to remain stateless are physical dispersion in rugged terrain; agricultural practices that enhance mobility; pliable ethnic identities; devotion to prophetic, millenarian leaders; and maintenance of a largely oral culture that allows them to reinvent their histories and genealogies as they move between and around states. In accessible language, James Scott, recognized worldwide as an eminent authority in Southeast Asian, peasant, and agrarian studies, tells the story of the peoples of Zomia and their unlikely odyssey in search of self-determination. He redefines our views on Asian politics, history, demographics, and even our fundamental ideas about what constitutes civilization, and challenges us with a radically different approach to history that presents events from the perspective of stateless peoples and redefines state-making as a form of “internal colonialism.” This new perspective requires a radical reevaluation of the civilizational narratives of the lowland states. Scott's work on Zomia represents a new way to think of area studies that will be applicable to other runaway, fugitive, and marooned communities, be they Gypsies, Cossacks, tribes fleeing slave raiders, Marsh Arabs, or San-Bushmen.

Edgar's Worst Sunday Brad Oates,2018-10-31 In life, Edgar Vincent always maintained one great passion -- himself. A semi-successful composer, his rock star lifestyle suited him well, and his narcissistic outlook ensured he was a man with few concerns. Callous comments, thoughtless promiscuity, binge drinking, and excess sufficient to shame Caligula were standard Saturday night fare. Sundays for Edgar had always been a painful haze of sickness and regret. So when Edgar finds himself in the cloudy planes of the afterlife on one particularly bleak Sunday morning, he determines that to find peace, he must put aside his ever-present hangover and try to figure out how he got to this point and where hes meant to be going now. But as Edgar makes his way through this surreal spiritual realm, he realizes that facing his death is hardly as difficult as facing himself. Heaven, however, presents Edgar with an unending smorgasbord of hedonistic delights, so hes in no particular hurry to change his self-serving ways. After all, considering hes already dead, what more could he possibly stand to lose?
