Rendering in Pen and Ink Arthur L. Guptill, 2014-07-01 Arthur L. Guptill's classic *Rendering in Pen and Ink* has long been regarded as the most comprehensive book ever published on the subject of ink drawing. This is a book designed to delight and instruct anyone who draws with pen and ink, from the professional artist to the amateur and hobbyist. It is of particular interest to architects, interior designers, landscape architects, industrial designers, illustrators, and renderers. Contents include a review of materials and tools of rendering; handling the pen and building tones; value studies; kinds of outline and their uses; drawing objects in light and shade; handling groups of objects; basic principles of composition; using photographs, study of the work of well-known artists; on-the-spot sketching; representing trees and other landscape features; drawing architectural details; methods of architectural rendering; examination of outstanding examples of architectural rendering; solving perspective and other rendering problems; handling interiors and their accessories; and finally, special methods of working with pen including its use in combination with other media. The book is profusely illustrated with over 300 drawings that include the work of famous illustrators and renderers of architectural subjects such as Rockwell Kent, Charles Dana

Gibson, James Montgomery Flagg, Willy Pogany, Reginald Birch, Harry Clarke, Edward Penfield, Joseph Clement Coll, F.L. Griggs, Samuel V. Chamberlain, Louis C. Rosenberg, John Floyd Yewell, Chester B. Price, Robert Lockwood, Ernest C. Peixotto, Harry C. Wilkinson, Bertram Grosvenor Goodhue, and Birch Burdette Long. Best of all, Arthur Guphill enriches the text with drawings of his own.

Symbolism in Korean Ink Brush Painting Francis Mullany, 2022-09-12 With more than 200 colour plates, and for the first time available as a study in English, this volume explores the vast heritage of Korean ink brush painting, providing a rich panorama of information that stretches across the entire spectrum of Korean art – including painting, pottery, calligraphy and literature, which will have wide

appeal, not least to art lovers and students of Korean Studies. Part I presents the material in essay form; Part II, which uses a dictionary format, summarizes the information in Part I and highlights the hidden messages and symbolism inherent in literati ink brush painting in Korea. When China and Japan opened up to outside influence in the nineteenth century, Korea maintained a closed-door policy, becoming known as the 'hermit kingdom', only to be swallowed up in the struggle for hegemony between the Great Powers. Annexation by Japan in 1910 threatened Korea's language and culture with extinction. Liberation in 1945 was followed by the tragedy of the Korean War in 1950. In the period of reconstruction after the Korean War, artists and scholars faced the task of retrieving Korea's endangered cultural tradition. Ink brush painting is a unique part of this tradition; its history stretches back through the Choson dynasty when Chinese influences were assimilated and absorbed and made into Korea's distinctive tradition.

The Other End of the Needle David C. Lane, 2020-11-13 The Other End of the Needle demonstrates that tattooing is more complex than simply the tattoos that people wear. Using qualitative data and an accessible writing style, sociologist Dave Lane explains the complexity of tattoo work as a type of social activity. His central argument is that tattooing is a social world, where people must be socialized, manage a system of stratification, create spaces conducive for labor, develop sets of beliefs and values, struggle to retain control over their tools, and contend with changes that in turn affect their labor. Earlier research has examined tattoos and their meanings. Yet, Lane notes, prior research has focused almost exclusively on the tattoos—the outcome of an intricate social process—and have ignored the significance of tattoo workers themselves. Tattooists,

as Lane dubs them, make decisions, but they work within a social world that constrains and shapes the outcome of their labor—the tattoo. The goal of this book is to help readers understand the world of tattoo work as an intricate and nuanced form of work. Lane ultimately asks new questions about the social processes occurring prior to the tattoo’s existence.
