The Age of Unreason Greg Keyes,2017-11-28 Ben Franklin must save the world when Isaac Newton unleashes dark magic in this “ambitious” alternate history series by a New York Times–bestselling author (Library Journal). Greg Keyes reimagines the eighteenth-century as an era of apocalyptic sorcery in which a young printer’s apprentice named Benjamin Franklin joins forces with a host of historical personages to prevent humankind’s annihilation by demons and black magic inadvertently released by the great British alchemist, Sir Isaac Newton. *Newton’s Cannon*: Isaac Newton’s discovery of philosopher’s mercury threatens to destroy all human life on Earth, unless he and his new American protégé, young Benjamin Franklin, can keep the substance out of the malevolent hands of France’s King Louis XIV. “An intricately crafted, elegantly delivered story filled with idealism and betrayal, adventure, and philosophy . . . fascinating” (Library Journal). *A Calculus of Angels*: A demonic conspiracy has destroyed England while unleashing chaos and terror upon the world. A possessed Peter the Great marches his conquering armies across a devastated Europe. And Newton and Franklin prepare for Armageddon. *Empire of Unreason*: As eternal winter descends upon Earth, Franklin returns to the American colonies to hone his alchemical skills and ready his secret cabal of scientists, Native Americans, and former slaves for the upcoming battle for humankind’s survival. “The most original fantasy I have read in years” (Kevin K. Anderson, New York Times–bestselling author). *The Shadows of God*: Angels and demons watch and wait as the last warriors of dead Europe invade the New World intent on defeating Ben

Franklin's American alliance and conquering the colonies. "Inventive and exciting, filled with clever details and high adventure" (Science Fiction Chronicle).

University of Massachusetts Occasional Papers in Linguistics ,1986

A Calculus of Angels Greg Keyes,2015-12-22 In an alternate eighteenth-century Europe devastated by alchemical disaster, Sir Isaac Newton and his able assistant, Benjamin Franklin, confront enemies who seek humankind's destruction Sir Isaac Newton's discovery of philosopher's mercury in 1681 gave rise to a remarkable new branch of alchemical science. Forty years later, the world stands poised on the brink of a new dark age . . . England is in ruins, crushed by an asteroid called to Earth by the very alchemy Newton unleashed. France is in chaos following the long-delayed death of Louis XIV. Cotton Mather, Blackbeard, and the Choctaw shaman Red Shoes set sail from the American colonies to investigate the silence lying over the Old World. And in Russia, Tsar Peter the Great, now host to the evil entity that kept the Sun King alive, seizes a golden opportunity for conquest as he marches his unstoppable army across a devastated continent. Meanwhile Newton and his young apprentice, Ben Franklin, hide out in Prague, awaiting the inevitable violent collision of all these disparate elements—human and demonic alike—while a fugitive Adrienne de Mornay de Montchevreuil pursues the secrets of the malakim and her own role in their conspiracy to obliterate humankind. The second volume of the Age of Unreason series, Greg Keyes's masterwork of alternate history, A Calculus of Angels brilliantly expands the scope of the world he introduced in Newton's Cannon as an unforgettable cast of historical heavyweights collide on a different Earth where magic and science coexist.

God's Thunder in the Sky Max Roytenberg,2011-11-28

God's Thunder in the Sky presents a collection of poems offering a wide-ranging exploration of the nature of faith in our contemporary environment from the point of view of octogenarian Max Roytenberg. They, in part, represent his struggle to better understand the world around him. He seeks to communicate his perceptions to his fellow man in the hope that they strike responsive chords and represent some truths about our world that others can identify with. Written over a period of fifty years, these verses sometimes challenge God, sometimes offer appeals to God for his attention, and sometimes offer warning about the cataclysm humanity faces through the absence of faith. Throughout the collection, the poetry seeks to command new ways of looking at life. It focuses on the conflict in thought between the undeniable beauties and wonders of human existence and the horrors of the same, as well as squaring this with the idea of the existence of a deity closely involved in human affairs. God's Thunder in the Sky offers challenge, humor, puzzles to solve, and rhymes to delight the ear as well as the mind.
