The History of the Boston Theatre, 1854-1901 Eugene Tompkins,1908

1854 Garrett Street Alfred R. Pierotti, Jr.,2002-04 A simple yet powerful story, 1854 Garrett Street chronicles the early years of a young boy whose family is uprooted from Boston to Dallas. Set against the colorful backdrop of this small-town city in the 1950s, this warm yet haunting novel depicts the many joys and agonies the family must face while it attempts to adapt to its new and sometimes hostile surroundings. Dust storms, polio, water shortages and floods are not the only dangers with which this family must cope. A larger, more ominous threat lurks eerily in the background, one that permanently alters their lives forever.

The Diary of Caroline Seabury, 1854-1863 Caroline Seabury,1991 In 1854 Caroline Seabury of Brooklyn, New York, set out for Columbus, Mississippi, to teach French at its Institute for Young Ladies. She lived in Columbus until 1863, through the years of mounting sectional bitterness that preceded the Civil War and through the turmoil and hardships of the war itself. During that time, her most intimate confidant was her diary. Discovered in the archives of the Minnesota State Historical Society, it is published here for the first time. The diary is an illuminating account of southern plantation society and the peculiar institution of slavery on the eve of its destruction. Seabury also records her uneasy attempts to come to terms with her position as an unmarried, white, Northern woman whose job was to educate wealthy, white, Southern girls in a setting seemingly oblivious to the horrors of slavery. The diary is not simply a chronicle of daily happenings; Seabury concentrates on remarkable events and the memorable feelings and ideas they generate, shaping them into entries that reveal her as an accomplished writer. She frames her narrative with her journey south in 1854 and the hazardous and exhausting return north through battle lines in 1863. Disapproving of slavery, yet deeply attached to friends and her life in Columbus and also painfully conscious of the fragility of her own economic and social position, Seabury condemned privately in her diary the evils that she endured silently in public. There are striking scenes of plantation life that depict the brutalities of slavery and benumbed responses to them. Seabury also successfully captures the mood of Mississippi as it changed from a fire-eating appetite to fight the Yankees to a grim apprehension of inexorable defeat. Most impressive of all is Seabury's poignantly honest presentation of herself, caught in the middle.

The Nebraska-Kansas Act of 1854 John R. Wunder,Joann M Ross,2008-07 The Nebraska-Kansas Act of 1854 turns upside down the traditional way of thinking about one of the most important laws ever passed in American history. The act that created Nebraska and Kansas also, in effect, abolished the Missouri Compromise, which had prohibited slavery in the region since 1820. This bow to local control outraged the nation and led to vicious confrontations, including Kansas' subsequent mini-civil war. At the 150th anniversary of the Kansas-Nebraska Act these scholars reexamine the political, social, and personal contexts of this act and its effect on the course of American history.

The Road to Disunion William W. Freehling,1991-12-05 Far from a monolithic block of diehard slave states, the South in the eight decades before the Civil War was, in William Freehling's words, a

world so lushly various as to be a storyteller's dream. It was a world where Deep South cotton planters clashed with South Carolina rice growers, where the egalitarian spirit sweeping the North seeped down through border states already uncertain about slavery, where even sections of the same state (for instance, coastal and mountain Virginia) divided bitterly on key issues. It was the world of Jefferson Davis, John C. Calhoun, Andrew Jackson, and Thomas Jefferson, and also of Gullah Jack, Nat Turner, and Frederick Douglass. Now, in the first volume of his long awaited, monumental study of the South's road to disunion, historian William Freehling offers a sweeping political and social history of the antebellum South from 1776 to 1854. All the dramatic events leading to secession are here: the Missouri Compromise, the Nullification Controversy, the Gag Rule (the Pearl Harbor of the slavery controversy), the Annexation of Texas, the Compromise of 1850, and the Kansas-Nebraska Act. Freehling vividly recounts each crisis, illuminating complex issues and sketching colorful portraits of major figures. Along the way, he reveals the surprising extent to which slavery influenced national politics before 1850, and he provides important reinterpretations of American republicanism, Jeffersonian states' rights, Jacksonian democracy, and the causes of the American Civil War. But for all Freehling's brilliant insight into American antebellum politics, *Secessionists at Bay* is at bottom the saga of the rich social tapestry of the pre-war South. He takes us to old Charleston, Natchez, and Nashville, to the big house of a typical plantation, and we feel anew the tensions between the slaveowner and his family, the poor whites and the planters, the established South and the newer South, and especially between the slave and his master, Cuffee and Massa. Freehling brings the Old South back to life in all its color, cruelty, and diversity. It is a memorable portrait, certain to be a key analysis of this crucial era in American history.

Nebraskans, 1854-1904 (Classic Reprint) Omaha Bee, 2018-05 Excerpt from *Nebraskans, 1854-1904* When we reflect that in 1854, Nebraska was a wilderness or prairie and plain, and that 50 years has seen it transformed into a great commonwealth, teeming with life and industry, and counted one of the foremost of the sisterhood of states, it seems fitting and in keeping with the occasion of this, its golden anniversary, to collect together the portraits of the men who have been so closely identified with the production of this glorious result.
