Recycling Strategy and Challenges Associated with Waste Management Towards Sustaining the World

Hosam M. Saleh, Amal I. Hassan, 2023-02-22 Recycling is an act of collecting and processing items that would otherwise be discarded as waste in order to create a new product. Recycled material is being used in an increasing number of today's products. Waste management is primarily concerned with a wide range of wastes, including industrial, biological, household, municipal, organic, biomedical, and radioactive wastes. Human activity, such as the mining and processing of basic resources, generates waste and poses health problems that can emerge both indirectly and directly. Waste mismanagement is a serious problem on an individual and a governmental level. Nowadays, the waste disposal business is struggling to adapt to globalized consumerism, a system in which things are manufactured on one continent, purchased and used on another, and disposed of on yet another. Therefore, remediation is often subject to a variety of legal criteria, but it can also be based on evaluations of human health and environmental concerns in cases where no statutory standards exist or when standards are advisory. This book discusses recycling strategies and technologies to find solutions to waste management. Chapters address such topics as biodegradable waste, the circular economy, managing industrial and nuclear waste, and much more.

Ghost Plane Stephen Grey, 2006-10-17 For the first time, Stephen Grey tells the inside story of international prisons sanctioned by the U.S. Government and used by the CIA to hold and torture people suspected of terrorism. Using contacts deep inside the U.S. Government, Grey reveals how deeply the Bush administration is involved in the program and questions the truth of statements made by Secretary of State Condoleezza Rice. He also shines a spotlight on the heads of European nations who turned a blind eye to the program when it showed up in their back yards. Grey takes an unflinching look at a horrendous practice that scorns Geneva Convention rules and is powered by corruption at the highest levels of governments worldwide. Through his unprecedented access to CIA flight records and dozens of sources at the senior levels of the current administration, Grey has produced a story of flight plans, extreme torture, and the clash of religions and governmental posturing that goes on today. *Ghost Plane* tells the stories of individuals abducted at airports around the world and transported for interrogation and torture on a fleet of leased planes manned by CIA operatives. Grey paints a disturbing ethical picture of the war on terror and lays the responsibility for abduction and torture at the doorstep of Washington, D.C.

Americans have built an empire on the idea of "race," a falsehood that damages us all but falls most heavily on the bodies of black women and men—bodies exploited through slavery and segregation, and, today, threatened, locked up, and murdered out of all proportion. What is it like to inhabit a black body and find a way to live within it? And how can we all honestly reckon with this fraught history and free ourselves from its burden? *Between the World and Me* is Ta-Nehisi Coates's attempt to answer these questions in a letter to his adolescent son. Coates shares with his son—and readers—the story of his awakening to the truth about his place in the world through a series of revelatory experiences, from Howard University to Civil War battlefields, from the South Side of Chicago to Paris, from his childhood home to the living rooms of mothers whose children's lives were taken as American plunder. Beautifully woven from personal narrative, reimagined history, and fresh, emotionally charged reportage, *Between the World and Me* clearly illuminates the past, bracingly confronts our present, and offers a transcendent vision for a way forward.

Taught everywhere—from high school classrooms to graduate seminars in creative writing—it has become required reading for any American and continues to challenge readers in their perceptions of fact and fiction, war and peace, courage and fear and longing. *The Things They Carried* won France's prestigious Prix du Meilleur Livre Etranger and the Chicago Tribune Heartland Prize; it was also a finalist for the Pulitzer Prize and the National Book Critics Circle Award.
