Hubert Harrison Jeffrey Babcock Perry,2009 This first full-length biography of Harrison offers a portrait of a man ahead of his time in synthesizing race and class struggles in the U.S. and a leading influence on better known activists from Marcus Garvey to A. Philip Randolph. Harrison emigrated from St. Croix in 1883 and went on to become a foremost organizer for the Socialist Party in New York, the editor of the Negro World, and founder and leader of the World War I-era New Negro movement. Harrison's enormous political and intellectual appetites were channeled into his work as an orator, writer, political activist, and critic. He was an avid bibliophile, reportedly the first regular black book reviewer, who helped to develop the public library in Harlem into an international center for research on black culture. But Harrison was a freelancer so candid in his criticism of the establishment-black and white-that he had few allies or people interested in protecting his legacy. Historian Perry's detailed research brings to life a transformative figure who has been little recognized for his contributions to progressive race and class politics. White Trash Nancy Isenberg,2017-04-04 The New York Times Bestseller, with a new preface from the author "This estimable book rides into the summer doldrums like rural electrification. . . . It deals in the truths that matter."—Dwight Garner, The New York Times "This eye-opening investigation into our country's entrenched social hierarchy is acutely relevant."—O, The Oprah Magazine "White Trash will change the way we think about our past and present." —T. J. Stiles, Pulitzer Prize-winning author of *Custer's Trials* In her groundbreaking bestselling history of the class system in America, Nancy Isenberg, co-author of *The Problem of Democracy*, takes on our comforting myths about equality, uncovering the crucial legacy of the ever-present, always embarrassing—if occasionally entertaining—poor white trash. "When you turn an election into a three-ring circus, there's always a chance that the dancing bear will win," says Isenberg of the political climate surrounding Sarah Palin. And we recognize how right she is today. Yet the voters that put Trump in the White House have been a permanent part of our American fabric, argues Isenberg. The wretched and landless poor have existed from the time of the earliest British colonial settlement to today's hillbillies. They were alternately known as "waste people," "offals," "rubbish," "lazy lubbers," and "crackers." By the 1850s, the downtrodden included so-called "clay eaters" and "sandhillers," known for prematurely aged children distinguished by their yellowish skin, ragged clothing, and listless minds. Surveying political rhetoric and policy, popular literature and scientific theories over four hundred years, Isenberg upends assumptions about America's supposedly class-free society—where liberty and hard work were meant to ensure real social mobility. Poor whites were central to the rise of the Republican Party in the early nineteenth century, and the Civil War itself was fought over class issues nearly as much as it was fought over slavery. Reconstruction pitted poor white trash against newly freed slaves, which factored in the rise of eugenics—a widely popular movement embraced by Theodore Roosevelt that targeted poor whites for sterilization. These poor were at the heart of New Deal reforms and LBJ's Great Society; they haunt us in reality TV shows like *Here Comes Honey Boo Boo* and *Duck Dynasty*. Marginalized as a class, white trash have always been at or near the center of major political debates over the character of the American identity. We acknowledge racial injustice as an ugly stain on our nation's history. With Isenberg's landmark book, we will have to face the truth about the enduring, malevolent nature of class as well.

An Unexpected Guest Anne Korkeakivi,2012-04-17 Clare Moorhouse, the American wife of a high-ranking diplomat in Paris, is arranging an official dinner crucial to her husband's career. As she shops for fresh stalks of asparagus and works out the menu and seating arrangements, her day is complicated by the unexpected arrival of her son and a random encounter with a Turkish man, whom she discovers is a suspected terrorist. Like Virginia Woolf did in *Mrs. Dalloway*, Anne Korkeakivi brilliantly weaves the complexities of an age into an act as deceptively simple as hosting a dinner party.

Mercenary Mum Neryl Joyce,2022-02-14 How does a supermarket cashier and single Mum become a fearless Baghdad bodyguard in the battlefields of Iraq? This is the true story of Neryl Joyce, a young Australian woman, struggling to pay the bills, who signed up to be a soldier. After a stint with the Australian Army's elite Close Personal Protection Unit, Neryl joined a private security firm inside Baghdad's heavily guarded Green Zone. Here, she defended high-risk foreign targets from opportunistic assassination inside Iraq. As a female bodyguard in the Middle East, Neryl had to be as good as—or even better than—any of her fellow soldiers. With courage and heart, she navigated

sexual discrimination and abuse, operations on the world's most dangerous road, and the unrelenting brutality of a man's world. But the longer she stayed, the more convinced she became that disaster was imminent. Somehow, Neryl survived to return home to her son and tell this heart-stopping and inspirational story.

A Gentleman of Color Julie Winch, 2003-06-05 Winch has written the first full-length biography of James Forten, a hero of African American history and one of the most remarkable men in 19th-century America. Born into a free black family in 1766, Forten served in the Revolutionary War as a teenager. By 1810 he had earned the distinction of being the leading sailmaker in Philadelphia. Soon after Forten emerged as a leader in Philadelphia's black community and was active in a wide range of reform activities. Especially prominent in national and international antislavery movements, he served as vice-president of the American Anti-Slavery Society and became close friends with William Lloyd Garrison to whom he lent money to start up the *Liberator*. His family were all active abolitionists and a granddaughter, Charlotte Forten, published a famous diary of her experiences teaching ex-slaves in South Carolina's Sea Islands during the Civil War. This is the first serious biography of Forten, who stands beside Harriet Tubman, Frederick Douglass, Booker T. Washington, and Martin Luther King, Jr., in the pantheon of African Americans who fundamentally shaped American history.

Black Feminist Politics from Kennedy to Clinton D. Harris, 2009-07-20 Taking an interdisciplinary approach, this book analyzes Black women's involvement in American political life, focusing on what they did to gain political power between 1961 and 2001, and why, in many cases, they did not succeed.
