It's not much use to him, but a bird flying by wants it for a nest. When he discovers a shell, Mole gives it to Snail for a cozy home. Happy to share, Mole keeps digging, and uncovers—another hole, with another little mole in it. A new friend—what a treasure indeed. Brightly colored illustrations enhance this simple story about friendship, sharing, and perseverance, created by husband and wife team Jane and Will Hillenbrand. Perfect for sharing with your own treasured friends, this is an ideal read-aloud for emerging readers.

📖 **A GENTLEMAN OF COLOR** JULIE WINCH, 2003-06-05 Winch has written the first full-length biography of James Forten, a hero of African American history and one of the most remarkable men in 19th-century America. Born into a free black family in 1766, Forten served in the Revolutionary War as a teenager. By 1810 he had earned the distinction of being the leading sailmaker in Philadelphia. Soon after Forten emerged as a leader in Philadelphia's black community and was active in a wide range of reform activities. Especially prominent in national and international antislavery movements, he served as vice-president of the American Anti-Slavery Society and became close friends with William Lloyd Garrison to whom he lent money to start up the Liberator. His family were all active abolitionists and a granddaughter, Charlotte Forten, published a famous diary of her experiences teaching ex-slaves in South Carolina's Sea Islands during the Civil War. This is the first serious biography of Forten, who stands beside Harriet Tubman, Frederick Douglass, Booker T. Washington, and Martin Luther King, Jr., in the pantheon of African Americans who fundamentally shaped American history.

📖 **LINQ IN ACTION** STEVE EICHERT, JAMES B. WOOLEY, FABRICE MARGUERIE, 2008-01-31 LINQ, Language Integrated Query, is a new extension to the Visual Basic and C# programming languages designed to simplify data queries and database interaction. It addresses O/R mapping issues by making query operations like SQL statements part of the programming language. It also offers built-in support for querying in-memory collections like arrays or lists, XML, data sets, and relational databases. LINQ in Action is a fast-paced, comprehensive tutorial for professional developers. This book explores what can be done with LINQ, shows how it works in an application, and addresses the emerging best practices. It presents the general purpose query facilities offered by LINQ in the upcoming C# 3.0 and VB.NET 9.0 languages. A running example introduces basic LINQ concepts. You'll then learn to query unstructured data using LINQ to XML and relational data with LINQ to SQL. Finally, you'll see how to extend LINQ for custom applications. LINQ in Action will guide you along as you explore this new world of lambda expressions, query operators, and expression trees. As well, you'll explore the new features of C# 3.0, VB.NET 9.0. The book is very practical, anchoring each new idea with running code. Whether you want to use LINQ to query objects, XML documents, or relational databases, you will find all the information you need to get started But LINQ in Action does not stop at the basic code. This book also shows you how LINQ can be used for advanced processing of data, including coverage of LINQ's extensibility, which allows querying more data sources than those supported by default. All code samples are built on a concrete business case. The running example, LINQBooks, is a personal book cataloging system that shows you how to create LINQ applications with Visual Studio 2008. Purchase of the print book comes with an offer of a free PDF, ePub, and Kindle eBook from Manning. Also available is all code from the book.

📖 **LAST GIRL BEFORE FREEWAY** LESLIE BENNETTS, 2016-11-15 Named one of 40 gifts for the book lover on your list, by Good Housekeeping: The definitive book about Joan Rivers' tumultuous, victorious, tragic, hilarious, and fascinating life. Joan Rivers was more than a legendary comedian; she was an icon and a role model to millions, a fearless pioneer who left a legacy of expanded opportunity when she died in 2014. Her life was a dramatic roller coaster of triumphant highs and devastating lows: the suicide of her husband, her feud with Johnny Carson, her estrangement from her daughter, her many plastic surgeries, her ferocious ambition and her massive insecurities. But Rivers' career was also hugely significant in American cultural history, breaking down barriers for her gender and pushing the boundaries of truth-telling for women in public life. A juicy, intimate biography of one of the greatest comedians ever -- a performer whose sixty year career was borne, simply, out of a desire to make people laugh so she could feel loved -- Last Girl Before Freeway delves into the inner workings of a woman who both reflected and redefined the world around her.
