User Privacy Matthew Connolly, 2018-01-19

Personal data in the online world has become a commodity. Coveted by criminals, demanded by governments, and used for unsavory purposes by marketers and advertisers, your private information is at risk everywhere. For libraries and librarians, this poses a professional threat as well as a personal one. How can we protect the privacy of library patrons and users who browse our online catalogs, borrow sensitive materials, and use our public computers and networks? User Privacy: A Practical Guide for Librarians answers that question. Through simple explanations and detailed, step-by-step guides, library professionals will learn how to strengthen privacy protections for: Library policies Wired and wireless networks Public computers Web browsers Mobile devices Apps Cloud computing Each chapter begins with a threat assessment that provides an overview of the biggest security risks – and the steps that can be taken to deal with them. Also covered are techniques for preserving online anonymity, protecting activists and at-risk groups, and the current state of data encryption.

Arabesque Claudia Roden, 2008-12-18 Morocco, Turkey, and Lebanon offer some of the world's most exciting cuisines. In this delectable cookbook, the award-winning, bestselling author of *The Book of Jewish Cooking* and Claudia Roden's Mediterranean translates the subtle play of flavors and cooking techniques to our own home kitchens. Interweaving history, stories, and her own observations, she gives us 150 of the most delicious recipes: some of them new discoveries, some reworkings of classic dishes—all of them made even more accessible and delicious for today's home cook. From Morocco, the most exquisite and refined cuisine of North Africa: couscous dishes; multilayered pies; delicately flavored tagines; ways of marrying meat, poultry, or fish with fruit to create extraordinary combinations of spicy, savory, and sweet. From Turkey, a highly sophisticated cuisine that dates back to the Ottoman Empire yet reflects many new influences today: a delicious array of kebabs, fillo pies, eggplant dishes in many guises, bulgur and chickpea salads, stuffed grape leaves and peppers, and sweet puddings. From Lebanon, a cuisine of great diversity: a wide variety of mezze (those tempting appetizers that can make a meal all on their own); dishes featuring sun-drenched Middle Eastern vegetables and dried legumes; and national specialties such as kibbeh, meatballs with pine nuts, and lamb shanks with yogurt.

Hubert Harrison Jeffrey Babcock Perry, 2009 This first full-length biography of Harrison offers a portrait of a man ahead of his time in synthesizing race and class struggles in the U.S. and a leading influence on better known activists from Marcus Garvey to A. Philip Randolph. Harrison emigrated from St. Croix in 1883 and went on to become a foremost organizer for the Socialist Party in New York, the editor of the *Negro World*, and founder and leader of the World War I-era New Negro movement. Harrison's enormous political and intellectual appetites were channeled into his work as an orator, writer, political activist, and critic. He was an avid bibliophile, reportedly the first regular black book reviewer, who helped to develop the public library in Harlem into an international center for research on black culture. But Harrison was a freelancer so candid in his criticism of the establishment-black and white-that he had few allies or people interested in protecting his legacy. Historian Perry's detailed research brings to life a transformative figure who has been little recognized for his contributions to progressive race and class politics. The Discerning of Spirits Frank Hammond, 2014-11-17 The gift of discerning of spirits is a powerful weapon in the Christian's arsenal! When God calls us into ministry, He

equips us. God has called all of us into spiritual warfare and spiritual battle. His Church will be a militant Church, and the gates of hell shall not prevail against her. The weapons God supplies us with are not carnal or fleshly weapons, but spiritual ones, they are mighty through God to the pulling down of strong holds. We are equipped by God for spiritual warfare through the gifts of the Holy Spirit mentioned in 1 Corinthians 12. God has said that these are the channels through which His power will flow, the avenues through which His Holy Spirit will operate. Chief among these gifts for the ministry of deliverance is the gift of discerning of spirits. We must rely upon the Holy Spirit for the ministry of deliverance and nothing else, not the arm of the flesh or the voice of demons. Frank Hammond explains the application of this gift to the believer, and provides examples of how it has worked in his own ministry. He concludes with a prayer of impartation for the reader to receive this gift and the gifts of knowledge, wisdom and faith.
