[Global Mobile Satellite Communications Applications](#) Stojce Dimov Ilcev,2017-11-11 This book discusses global mobile satellite communications (GMSC) for maritime, land (road and rail), and aeronautical applications. It covers how these enable connections between moving objects such as ships, road and rail vehicles and aircrafts on one hand, and ground telecommunications subscribers through the medium of communications satellites, ground earth stations, Terrestrial Telecommunication Networks (TTN), Internet Service Providers (ISP) and other wireless and landline telecommunications providers. The new edition covers new developments and initiatives that have resulted in land and aeronautical applications and the introduction of new satellite constellations in non-geostationary orbits and projects of new hybrid satellite constellations. The book presents current GMSC trends, mobile system concepts and network architecture using a simple mode of style with understandable technical information, characteristics, graphics, illustrations and mathematics equations. It represents telecommunications technique and technology, which can be useful for all technical staff on vessels at sea and rivers, on all types of land vehicles, on planes, on off shore constructions and for everyone possessing satellite communications handset phones. The first edition of Global Mobile Satellite Communications (Springer, 2005) was split into two books for the second edition – one on applications and one on theory. This book presents global mobile satellite communications applications.

[**Take Control of Scrivener 3**](#) Kirk McElhearn,2021-06-04 Create and organize writing projects with ease using Scrivener 3! Version 1.1.1, updated June 4, 2021 Compose a masterpiece with Literature & Latte's Scrivener. Whether you're writing science fiction, a historical novel, or a zombie travelogue, learn how Scrivener's powerful tools can take your work to the next level. Kirk McElhearn shows you how to collect notes, organize your work, arrange and rearrange sections, and more. Covers Mac, Windows, and iOS/iPadOS versions! Scrivener is a powerful tool for managing long-form writing projects—like novels and screenplays—and *Take Control of Scrivener 3* gives you all the details you need to know to harness its potential. In this book, best-selling author Kirk McElhearn walks you through setting up, organizing, writing, formatting, revising, and compiling a Scrivener project, whether you're working on a Mac, a Windows PC, or in iOS/iPadOS. Using this extensive guide, you'll be able to:

- Meet Scrivener: Learn about the Scrivener philosophy and its basic layout
- Start your project: Pick a template and add existing materials to your project
- Brainstorm and organize: Discover three different ways to work with your material using the Binder, Corkboard, and Outliner.
- Set up your writing environment and avoid distractions: Choose default fonts and colors, opt for Script Mode if you're writing a script or screenplay, and simplify your workspace by hiding interface elements or by using Composition Mode or Full Screen Mode.
- Make the most of key features: Learn how to work with styles; use annotations and comments; add footnotes and endnotes; view more than one file at once; use collections to view selected items from the Binder; store bookmarks and project notes; and share and synchronize your project with others.
- Go further with Scrivener: Get the details on special features like Scrivenings View (write in sections, but view as a single document) and Snapshots (allows you to make and view periodic backups of your text).
- Revise and edit your work: Learn how to find and replace text, and work with revisions.
- Use Scrivener in iOS and iPadOS: Sync your projects to iOS/iPadOS and work on an iPhone or iPad.
- Print and export: Understand the process of preparing your project to be printed, and what's involved in compiling it so that it can be exported in a different format. Kirk also highlights the many changes to Scrivener since the last version (see the What's New section below), including updates to the interface, styles, outlining and metadata capabilities, and improved searching and writing features. In addition,

he explains brand-new features in Scrivener 3, including Bookmarks (lets you store references to other sections of your project), Linguistic Focus (Mac only—highlights specific elements such as dialog, adverbs, or adjectives), Section types (such as Chapter Text and Scene), and Copyholders (allows you to view three or four documents at once).

Going Fro Hephzibah Maquedda Shalom, 2011-09-01 Going Fro is culture inclusive and not limited to people of the African Diaspora. You will be empowered to love your natural hair and to cultivate internal beauty. It provides a spiritual contemplation on hair, beauty, identity, faith, love, marriage, and parenting. I expressed my deepest thoughts and questions about aesthetics, grooming, and keeping up appearances and made it synonymous with the scripture and spiritual messages. Beauty mores that progressed throughout time may be challenged and common notions about beauty dismantled. You will learn to truly keep house. I hope to introduce new beauty sapphires of old. Consider my thoughts.

Introduction to Information Retrieval Christopher D. Manning, Prabhakar Raghavan, Hinrich Schütze, 2008-07-07 Class-tested and coherent, this textbook teaches classical and web information retrieval, including web search and the related areas of text classification and text clustering from basic concepts. It gives an up-to-date treatment of all aspects of the design and implementation of systems for gathering, indexing, and searching documents; methods for evaluating systems; and an introduction to the use of machine learning methods on text collections. All the important ideas are explained using examples and figures, making it perfect for introductory courses in information retrieval for advanced undergraduates and graduate students in computer science. Based on feedback from extensive classroom experience, the book has been carefully structured in order to make teaching more natural and effective. Slides and additional exercises (with solutions for lecturers) are also available through the book's supporting website to help course instructors prepare their lectures.
