The Business of iPhone and iPad App Development

Dave Wooldridge, Michael Schneider, 2011-08-18 The phenomenal success of the iPhone, iPad and the iPod touch has ushered in a “gold rush” for developers, but with well over 300,000 apps in the highly competitive App Store, it has become increasingly difficult for new apps to stand out in the crowd. Achieving consumer awareness and sales longevity for your iOS app requires a lot of organization and some strategic planning. Updated and expanded for iOS 4, this bestselling book will show you how to incorporate marketing and business savvy into every aspect of the design and development process, giving your app the best possible chance of succeeding in the App Store. The Business of iPhone and iPad App Development was written by experienced developers with business backgrounds, taking you step-by-step through cost effective marketing techniques that have proven successful for professional iOS app creators—perfect for independent developers on shoestring budgets. No prior business knowledge is required. This is the book you wish you had read before you launched your first app!

Learn Design for iOS Development Sian

Morson, 2014-02-28 Learn Design for iOS Development is for you if you're an iOS developer and you want to design your own apps to look great and be in tune with the latest Apple guidelines. You'll learn how to design your apps to work with the exciting new iOS 7 look and feel, which your users expect within their latest apps. Learn Design for iOS Development guides you through the design processes that you can apply to design your own apps brilliantly. We'll start at the idea stages of your apps, and you'll see how you can analyze and apply the right design patterns for every app you are coding, use wireframing tools to take your ideas

forward, and use Photoshop to create the visual assets you want to look great in your app. You'll understand why Apple have made the decisions they've made with the new iOS 7 interface and new HIG guidelines, and from that insight you'll be able to vision and create your own apps, on iPhones and iPads, that work perfectly within the new iOS 7 interface.
